## **Introduction**

The Agency for Health Care Administration receives and processes data from several sources in order to produce need projections in accordance with need methodologies and other legal requirements. This publication contains data related to pediatric open heart surgery programs, pediatric cardiac catheterization services, and adult and pediatric organ transplantation programs. For further information supporting service need projections, please refer to the following documents:

Statutory Authority  
Rules  
Facility Location Maps

*Chapter 408, Florida Statutes*  
*Chapter 59C, Florida Administrative Code*  
<http://www.floridahealthfinder.gov>

Corrections to the data should be reported to James McLemore at (850) 412-4346. For additional information, please contact the following persons:

## April 2011 Batching Cycle

---

### **Batching Cycle**

Letters of intent and applications subject to comparative review are accepted in two batching cycles annually each for hospital beds and facilities and for other beds and programs. The category "other beds and programs" includes proposals for pediatric open heart surgery, pediatric cardiac catheterization, and organ transplantation. The schedule for the first batching cycle of 2011 for the category "other beds and programs" is outlined below.

#### **Pediatric Open Heart Surgery, Pediatric Cardiac Catheterization and Organ Transplantation Certificate of Need Batching Cycle**

<b>Activity</b>	<b>Current Batching Cycle</b>
Summary Need Projections Published in the F.A.W.	April 1, 2011
Letter of Intent Deadline	April 18, 2011
Application Deadline	May 18, 2011
Completeness Review Deadline	May 25, 2011
Applicant Omissions Deadline	June 22, 2011
Agency Initial Decision Deadline	August 19, 2011

## Data Sources

### **Resident Live Births**

Resident live birth data

Source: 2009 Data, Florida Vital Statistics, Department of Health, Office of Vital Statistics at <http://www.flpublichealth.com/VSBOOK/VSBOOK.aspx>

### **Pediatric Open Heart Surgery Program Admissions**

The most current 12 months open heart surgery program admissions (January 2010 through December 2010) reported by facilities three months prior to the beginning date of the quarter of the publication of the fixed need pool (April 1, 2011).

Source: Reported by local health councils

### **Operational Pediatric Open Heart Surgery Programs**

Pediatric open heart surgery programs approved by the agency that have performed at least one open heart surgery operation as of October 1, 2010, six months prior to the beginning date of the quarter of the publication of the fixed need pool (April 1, 2011).

Source: Agency for Health Care Administration

### **Approved Pediatric Open Heart Surgery Programs**

Pediatric open heart surgery programs with an approved certificate of need, a statement of intent to award a certificate of need, or a final order granting a certificate of need, but not operational, on or before the most recent published deadline for agency decisions (February 18, 2011) prior to publication of the fixed need pool (April 1, 2011).

### Service Areas for Pediatric Open Heart Surgery Programs Established Pursuant to Rule 59C-1.033, Florida Administrative Code

SERVICE AREA	DISTRICTS	COUNTIES
1	1 & 2	Escambia, Okaloosa, Santa Rosa, Walton, Bay, Calhoun, Franklin, Gadsden, Gulf, Holmes, Jackson, Jefferson, Leon, Liberty, Madison, Taylor, Wakulla, Washington
2	3 & 4	Alachua, Bradford, Citrus, Columbia, Dixie, Gilchrist, Hamilton, Hernando, Lafayette, Lake, Levy, Marion, Putnam, Sumter, Suwannee, Union, Baker, Clay, Duval, Flagler, Nassau, St. Johns, Volusia
3	5, 6 & 8	Pasco, Pinellas, Hardee, Highlands, Hillsborough, Manatee, Polk, Charlotte, Collier, Desoto, Glades, Hendry, Lee, Sarasota
4	7 & 9	Brevard, Orange, Osceola, Seminole, Indian River, Martin, Okeechobee, Palm Beach, St. Lucie
5	10 & 11	Broward, Miami-Dade, Monroe

# July 2013 Pediatric Open Heart Surgery Program Projections

## Pediatric Open Heart Surgery Program Need Methodology

$$NN = (LB / 30,000) - (OP + AP) > 1$$

NN is the number of additional pediatric open heart surgery programs in the service planning area projected two years into the future.

LB is the number of live births in the service planning area.

OP is the number of operating programs in the service planning area.

AP is the number of approved programs in the service planning area.

Special Note: The need for pediatric open heart surgery programs is determined solely by the number of live births in a service area. (See Rule 59C-1.033, Florida Administrative Code).

## Pediatric Open Heart Surgery Program Need Projections for July 2013

Service Area	Vital Statistics 2009 Resident Live Births	Total Programs Needed (1 per 30,000 live births)	Pediatric Open Heart Surgery Programs		Net Programs Needed
			Operating	Approved	
1	17,985	0	0	0	0
2	41,000	1	2	0	0
3	58,597	1	2	0	0
4	49,222	1	1	2	0
5	54,442	1	3	0	0
<b>State</b>	221,246	4	8	2	0

There were an additional 145 live births in CY 2009 whose county of residence was unknown.
