*The utilization data provided in this publication is being provided for informational purposes only. Pursuant to 408.0436, F.S., the Agency may not approve a certificate of need application for new community nursing home beds following the batching cycle in which the cumulative number of new community nursing home beds equals or exceeds 3,750 beginning from July 1, 2014. The Agency achieved this volume during the October 2015 batch. As a result, the Agency is not currently publishing a fixed need pool for additional community nursing home beds.

408.0436 Limitation on nursing home certificates of need.—Notwithstanding the establishment of need as provided in this chapter, the agency may not approve a certificate-of-need application for new community nursing home beds following the batching cycle in which the cumulative number of new community nursing home beds approved from July 1, 2014, to June 30, 2017, equals or exceeds 3,750. As used in this section, the term “batching cycle” means the grouping for comparative review of certificate-of-need applications submitted for beds, services, or programs having a like certificate-of-need methodology or licensing category in the same planning horizon and the same applicable district or subdistrict. This section is repealed July 1, 2017.
