<b>SYMBOL</b>	<b>INTERPRETATION</b>
I.D. #	This is a 4 digit identification number which was assigned by the CON office to hospitals opened prior to January 1, 1997. This number will stay with the facility through name changes, mergers, etc., for history tracking purposes. Satellite hospitals were given the same number as the parent hospital. If two hospitals merged and received approval from licensure to be considered one hospital (i.e., both facilities are located on contiguous acreage), then the 4-digit number of the main hospital has survived and the other 4-digit number has been retired. Effective January 1, 1997, all existing and newly licensed facilities are tracked using the unique AHCA facility number assigned by the licensure office.
AHCA #	This is a 6 or 8 digit unique AHCA facility number assigned by the licensure office.
T	Denotes a statutory teaching hospital.
R	Denotes a statutory rural hospital.
( )	Bed totals in parenthesis ( ) refer to state operated beds.
0.5	This refers to a shared health service which is operated by on behalf of two health care facilities.
APVD	This refers to an approved regulated service that is not yet operational and therefore is not included in the operational services count.

Editor's Note: Five non-CON regulated services are included for informational purposes. These are: Burn Units, Level I Adult Cardiovascular Services, Level II Adult Cardiovascular Services, Primary Stroke Centers, and Comprehensive Stroke Centers. For more information on these programs, please see the Agency's Hospital & Outpatient Services Website at [http://ahca.myflorida.com/MCHQ/Health\\_Facility\\_Regulation/Hospital\\_Outpatient/hospital.shtml](http://ahca.myflorida.com/MCHQ/Health_Facility_Regulation/Hospital_Outpatient/hospital.shtml).
