

Jonathan M. Ellen, MD President/Vice Dean All Children's Hospital 501 6th Ave South St. Petersburg, Florida 33701

RE: State Fiscal Year 2015 - 2016

**Fourth Regular Disproportionate Share Payment** 

Medicaid Number: 0101516-00 HCCCB Number: 103300

Dear Mr. Ellen:

Your hospital has been determined eligible to receive the associated payment under the Medicaid disproportionate share (DSH) program. This determination is made based on the formula found in section 409.911, Florida Statutes, as enacted by the 1993 Legislature (subsequently amended), and in compliance with the requirements of federal law, including your certification that you are a provider of obstetrical services or that you meet the exceptions provided by federal law.

Payments are proportional to a hospital's relative effort compared to all other eligible hospitals for providing indigent and Medicaid care. Payments are made from a fixed sum of money. Thus, any adjustments to the amount received by one hospital affects the amounts received by all other hospitals.

The total of your scheduled fourth quarter payment (enclosed, if not electronically transferred) plus any previous payments for this fiscal year represents 100% of your annual amount for the 2015 - 2016 fiscal year, based upon an annual appropriation of \$142,723,153. The procedure used to determine the amount of your payment is shown on the enclosed calculation sheet.

Jonathan M. Ellen May 24, 2016 Page Two

If you have any questions regarding the above, please call Nicole Linn or Ryan Perry of my staff at (850) 412-4287.

Sincerely,

Tom Wallace, Bureau Chief, Medicaid Program Finance

Dear Mr. Glidewell:

Your hospital has been determined eligible to receive the associated payment under the Medicaid disproportionate share (DSH) program. This determination is made based on the formula found in section 409.911, Florida Statutes, as enacted by the 1993 Legislature (subsequently amended), and in compliance with the requirements of federal law, including your certification that you are a provider of obstetrical services or that you meet the exceptions provided by federal law.

Payments are proportional to a hospital's relative effort compared to all other eligible hospitals for providing indigent and Medicaid care. Payments are made from a fixed sum of money. Thus, any adjustments to the amount received by one hospital affects the amounts received by all other hospitals.

The total of your scheduled fourth quarter payment (enclosed, if not electronically transferred) plus any previous payments for this fiscal year represents 100% of your annual amount for the 2015 - 2016 fiscal year, based upon an annual appropriation of \$142,723,153. The procedure used to determine the amount of your payment is shown on the enclosed calculation sheet.

Mr. Calvin E. Glidewell Jr. May 24, 2016 Page Two

If you have any questions regarding the above, please call Nicole Linn or Ryan Perry of my staff at (850) 412-4287.

Sincerely,

Tom Wallace, Bureau Chief, Medicaid Program Finance

RE: State Fiscal Year 2015 - 2016

Fourth Regular Disproportionate Share Payment

Medicaid Number: 0100048-00 HCCCB Number: 100134

Dear Mr. Dudley:

Your hospital has been determined eligible to receive the associated payment under the Medicaid disproportionate share (DSH) program. This determination is made based on the formula found in section 409.911, Florida Statutes, as enacted by the 1993 Legislature (subsequently amended), and in compliance with the requirements of federal law, including your certification that you are a provider of obstetrical services or that you meet the exceptions provided by federal law.

Payments are proportional to a hospital's relative effort compared to all other eligible hospitals for providing indigent and Medicaid care. Payments are made from a fixed sum of money. Thus, any adjustments to the amount received by one hospital affects the amounts received by all other hospitals.

The total of your scheduled fourth quarter payment (enclosed, if not electronically transferred) plus any previous payments for this fiscal year represents 100% of your annual amount for the 2015 - 2016 fiscal year, based upon an annual appropriation of \$142,723,153. The procedure used to determine the amount of your payment is shown on the enclosed calculation sheet.

- [3] If this value is 25% or greater, you may qualify for payments under the Federal Minimum formula.
- [4] If you qualify for payments as a non-state public hospital, you will not also receive payments under the Federal Minimum Formula.
- [5] Non-state public hospitals with 3200 or more medicaid days are considered to be High Medicaid Utilization hospitals.
- [6] Calculations and amounts appear only for payment categories where your hospital is eligible to receive such payments.
- 7] This amount may have required adjustment to compensate for cumulative effects of rounding.
- [8] This payment may be made by check or transferred electronically.

Mr. Lynn W Beasley CEO Hendry Regional Medical Center 500 W. Sugarland Highway Clewiston, Florida 33440

RE: State Fiscal Year 2015 - 2016

Fourth Regular Disproportionate Share Payment

Medicaid Number: 0100862-00 HCCCB Number: 101309

Dear Mr. Beasley:

Your hospital has been determined eligible to receive the associated payment under the Medicaid disproportionate share (DSH) program. This determination is made based on the formula found in section 409.911, Florida Statutes, as enacted by the 1993 Legislature (subsequently amended), and in compliance with the requirements of federal law, including your certification that you are a provider of obstetrical services or that you meet the exceptions provided by federal law.

Payments are proportional to a hospital's relative effort compared to all other eligible hospitals for providing indigent and Medicaid care. Payments are made from a fixed sum of money. Thus, any adjustments to the amount received by one hospital affects the amounts received by all other hospitals.

The total of your scheduled fourth quarter payment (enclosed, if not electronically transferred) plus any previous payments for this fiscal year represents 100% of your annual amount for the 2015 - 2016 fiscal year, based upon an annual appropriation of \$142,723,153. The procedure used to determine the amount of your payment is shown on the enclosed calculation sheet.

Mr. Lynn W Beasley May 24, 2016 Page Two

If you have any questions regarding the above, please call Nicole Linn or Ryan Perry of my staff at (850) 412-4287.

Sincerely,

Tom Wallace, Bureau Chief, Medicaid Program Finance

RE: State Fiscal Year 2015 - 2016

Fourth Regular Disproportionate Share Payment

Medicaid Number: 0103454-00 HCCCB Number: 100285

Dear Mr. Sacco:

Your hospital has been determined eligible to receive the associated payment under the Medicaid disproportionate share (DSH) program. This determination is made based on the formula found in section 409.911, Florida Statutes, as enacted by the 1993 Legislature (subsequently amended), and in compliance with the requirements of federal law, including your certification that you are a provider of obstetrical services or that you meet the exceptions provided by federal law.

Payments are proportional to a hospital's relative effort compared to all other eligible hospitals for providing indigent and Medicaid care. Payments are made from a fixed sum of money. Thus, any adjustments to the amount received by one hospital affects the amounts received by all other hospitals.

The total of your scheduled fourth quarter payment (enclosed, if not electronically transferred) plus any previous payments for this fiscal year represents 100% of your annual amount for the 2015 - 2016 fiscal year, based upon an annual appropriation of \$142,723,153. The procedure used to determine the amount of your payment is shown on the enclosed calculation sheet.

Mr. Frank V Sacco May 24, 2016 Page Two

If you have any questions regarding the above, please call Nicole Linn or Ryan Perry of my staff at (850) 412-4287.

Sincerely,

Tom Wallace, Bureau Chief, Medicaid Program Finance

RE: State Fiscal Year 2015 - 2016

Fourth Regular Disproportionate Share Payment

Medicaid Number: 0100609-00 HCCCB Number: 103301

Dear Mr. Birkenstock:

Your hospital has been determined eligible to receive the associated payment under the Medicaid disproportionate share (DSH) program. This determination is made based on the formula found in section 409.911, Florida Statutes, as enacted by the 1993 Legislature (subsequently amended), and in compliance with the requirements of federal law, including your certification that you are a provider of obstetrical services or that you meet the exceptions provided by federal law.

Payments are proportional to a hospital's relative effort compared to all other eligible hospitals for providing indigent and Medicaid care. Payments are made from a fixed sum of money. Thus, any adjustments to the amount received by one hospital affects the amounts received by all other hospitals.

The total of your scheduled fourth quarter payment (enclosed, if not electronically transferred) plus any previous payments for this fiscal year represents 100% of your annual amount for the 2015 - 2016 fiscal year, based upon an annual appropriation of \$142,723,153. The procedure used to determine the amount of your payment is shown on the enclosed calculation sheet.

Mr. Timothy Birkenstock May 24, 2016 Page Two

If you have any questions regarding the above, please call Nicole Linn or Ryan Perry of my staff at (850) 412-4287.

RE: State Fiscal Year 2015 - 2016

**Fourth Regular Disproportionate Share Payment** 

Medicaid Number: 0120006-00 HCCCB Number: 100167

Dear Mr. Mirza:

Your hospital has been determined eligible to receive the associated payment under the Medicaid disproportionate share (DSH) program. This determination is made based on the formula found in section 409.911, Florida Statutes, as enacted by the 1993 Legislature (subsequently amended), and in compliance with the requirements of federal law, including your certification that you are a provider of obstetrical services or that you meet the exceptions provided by federal law.

Payments are proportional to a hospital's relative effort compared to all other eligible hospitals for providing indigent and Medicaid care. Payments are made from a fixed sum of money. Thus, any adjustments to the amount received by one hospital affects the amounts received by all other hospitals.

The total of your scheduled fourth quarter payment (enclosed, if not electronically transferred) plus any previous payments for this fiscal year represents 100% of your annual amount for the 2015 - 2016 fiscal year, based upon an annual appropriation of \$142,723,153. The procedure used to determine the amount of your payment is shown on the enclosed calculation sheet.

If you have any questions regarding the above, please call Nicole Linn or Ryan Perry of my staff at (850) 412-4287.

Sincerely,

Tom Wallace, Bureau Chief, Medicaid Program Finance

Mr. Tom Schlemmer CFO St. Mary's Medical Center 901 45th St. West Palm Beach, Florida 33407

RE: State Fiscal Year 2015 - 2016

Fourth Regular Disproportionate Share Payment

Medicaid Number: 0101486-00 HCCCB Number: 100288

Dear Mr. Schlemmer:

Your hospital has been determined eligible to receive the associated payment under the Medicaid disproportionate share (DSH) program. This determination is made based on the formula found in section 409.911, Florida Statutes, as enacted by the 1993 Legislature (subsequently amended), and in compliance with the requirements of federal law, including your certification that you are a provider of obstetrical services or that you meet the exceptions provided by federal law.

Payments are proportional to a hospital's relative effort compared to all other eligible hospitals for providing indigent and Medicaid care. Payments are made from a fixed sum of money. Thus, any adjustments to the amount received by one hospital affects the amounts received by all other hospitals.

The total of your scheduled fourth quarter payment (enclosed, if not electronically transferred) plus any previous payments for this fiscal year represents 100% of your annual amount for the 2015 - 2016 fiscal year, based upon an annual appropriation of \$142,723,153. The procedure used to determine the amount of your payment is shown on the enclosed calculation sheet.

Mr. Tom Schlemmer May 24, 2016 Page Two

If you have any questions regarding the above, please call Nicole Linn or Ryan Perry of my staff at (850) 412-4287.

Sincerely,

Tom Wallace, Bureau Chief, Medicaid Program Finance

Total Allocation for High Medicaid Utilization Hospitals	(AB)	\$
Calculated Share of High Medicaid Utilization Allocation [5, 6]	$((\mathbf{Y} + \mathbf{A}\mathbf{A}) \times \mathbf{A}\mathbf{B}) = (\mathbf{A}\mathbf{C})$	\$
Projected Net Annual Amount [7]	$(\mathbf{L} + \mathbf{T} + \mathbf{W} + \mathbf{AC}) = (\mathbf{AD})$	\$33,951
Total Public Hospital DSH amount previously paid in this fiscal year	(AE)	\$25,273
Fourth Public Hospital DSH Payment [8]	(AD - AE)=(AF)	\$8,424

- The above calculations are based on the average of your audited data for the years 07 08 09.
- $[2] \hspace{0.5cm} \hbox{ If this value is 21.61\% or greater, you may qualify for payments under the Federal Minimum formula.} \\$
- [3] If this value is 25% or greater, you may qualify for payments under the Federal Minimum formula.
- [4] If you qualify for payments as a non-state public hospital, you will not also receive payments under the Federal Minimum Formula.
- [5] Non-state public hospitals with 3200 or more medicaid days are considered to be High Medicaid Utilization hospitals.
- [6] Calculations and amounts appear only for payment categories where your hospital is eligible to receive such payments.
- 7] This amount may have required adjustment to compensate for cumulative effects of rounding.
- [8] This payment may be made by check or transferred electronically.
