

## **HILLSBOROUGH COUNTY AVIATION AUTHORITY BOARD ROOM DIRECTIONS**

Those traveling by air will, upon arrival, take a short shuttle ride from the airside to the main terminal.

The Aviation Authority Board Room is located on the 3<sup>rd</sup> Floor of the main terminal, directly behind the Barber Shop near the shuttle to Airside "A." Another landmark would be to look for the blue elevators bearing the name Earhart Elevators. The hallway to the Board Room is between the Earhart Elevators and the Barber Shop.

The airport is located off of I-275. If traveling west from the downtown Tampa area, exit at Exit 39. If traveling east on I-275, exit at Exit 39B. As you enter the airport property, please check the overhead variable message signs for notification of parking lot closures. If no messages are observed, all lots are open and available. To park in the Short Term or Long Term parking, you will exit from the left lane, while the right will take you to arrivals and departures.

You have two options for parking near the main terminal. The Short Term Garage is located directly above the main terminal. In the main terminal, there are four main banks of elevators. Two are red (left side) and two are blue (right side). If you will park near the second set of blue elevators (Earhart) and take them to the 3<sup>rd</sup> Floor, you should be in the correct area to access the Board Room.

During times of heightened security, vehicles parking in the Short Term Garage could be subject to a quick search of the interior of the vehicle and the trunk prior to entering the garage. This only takes about 10-15 seconds, but want everyone to be aware of this possible search.

The hourly fee to park in the Short Term and Long Term garages is \$1.25/ each 30 minutes. The Short Term has a cap at \$18.00 with the Long Term cap at \$14.00. There are no vehicle inspections to Long Term Garage. The first hour in each lot is free.

If the above lots are filled and closed, the variable message signs will direct you to the Economy Garage, which will exit immediately to the right upon entering

the airport property. Follow the signs for the Economy Garage, park your vehicle and take a brief shuttle ride to the main terminal.
