

# Premium Assistance Demonstration Project

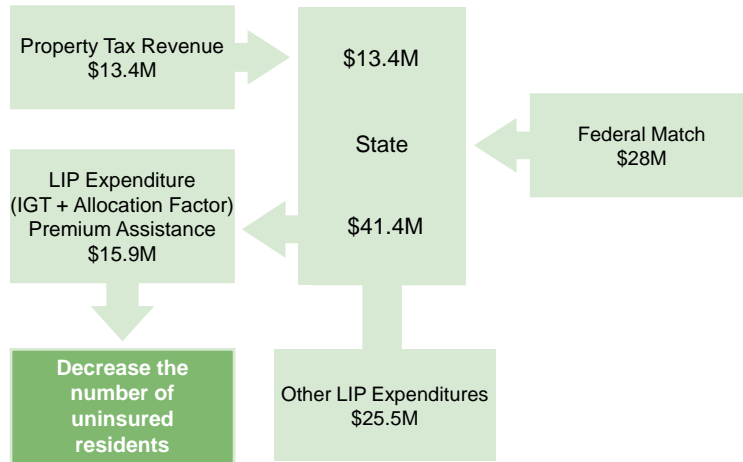

January 2010

## Original Proposal to LIP

**To create a demonstration project whereby local financial resources can be leveraged to establish premium assistance under existing state health coverage programs that leads to fewer uninsured residents and provides greater access to health care services.**

## Funding Model Adopted for 2009/2010

3 | Premium Assistance Demonstration Project

## How Demonstration Funding is Used

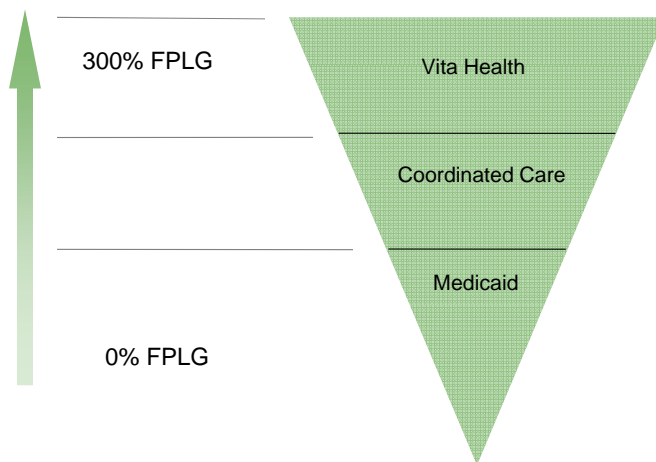

- Offer no cost coverage for individuals with income below \$16,245 (FPL<150%) and assets below \$5,000 with one-third of cost paid through demonstration project, balance paid locally
- Offer low cost coverage with two-thirds paid under the demonstration project and the balance paid by an individual with income below \$32,490 (FPL<300%) under Health Flex

# Our Primary Care Network Locations

6 | Premium Assistance Demonstration Project

## Our Hospital Network

Created by: Michael B. Greene, Health Care District

Effective: June 2008

7 | Premium Assistance Demonstration Project

## Year to Date Accomplishments

- Enrollment as of December 2009
- Primary Care Office Visits (July – September 2009)
- Total Inpatient Days (July – September 2009)
- Total Healthcare Services (July – September 2009)
- Top Diagnoses (July – September 2009)

8 | Premium Assistance Demonstration Project

## Request for 2010/2011

- Expand the allowable IGTs in the Palm Beach County project to \$26M
- Demonstration project would receive \$30M (\$4M net of IGT) and contribute \$50M to support other LIP Expenditures
- Additional expenditures will support growth in enrollment based on economy
- Investment will reduce uncompensated care for hospitals, doctors and clinics as well as promoting a medical home
- Demonstration project serves as an Emergency Room diversion by establishing a medical home for enrollees
