

# Exemption Request

Ambulatory Surgical Centers (ASC) and Cardiac Catheterization laboratories receiving fewer than 200 patient visits during the reporting quarter periods outlined in Rule 59B-9.033, F.A.C may request an exemption from a quarter reporting requirement

This is not a one-time request, must be submitted for each quarter with fewer than 200 visits.

For Hospitals, exemptions can only be made in certain circumstances. Please contact your Analyst.

## Exemption Overview

On your Dashboard, choose the facility you would like to exempt. Click the open button.

- Exemption**
- Activity History

For Ambulatory Surgery Centers, fill in the discharge records less than 200, name and title. Check the box and click on the Exempt this Quarterly submission button.

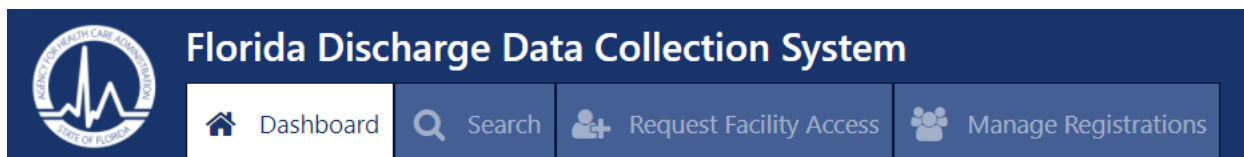

### Request Exemption

|  |   |
|--|---|
| Discharge Count                            | Reason Text   |
| <input type="text" value="125"/>           | <input type="text" value="ASC with &lt;= 200 Records"/> |
| Name                                       | Title   |
| <input type="text" value="Susan Slappey"/> | <input type="text" value="CEO"/>                        |

I have examined the discharge data report and, to the best of my knowledge and belief, the information contained in this report is true, accurate, and complete, and has been prepared from the books and records of this facility.
