3rd PMT			583	11	27
4th PMT					
In review			13		92

Participation Years and Payments

- Eligible Professionals (EPs) can receive up to 6 Medicaid payments, Eligible Hospitals for 3 Medicaid payments
- EPs can attest with Medicare or Medicaid and then switch programs once by 12/31/14.
- Medicare EHR Incentive Program ends 2016.
- Medicaid EHR Incentive Program ends 2021.
The last year providers can begin is 2016.

Final Rule on CEHRT flexibility

- Released August 29, 2014
- Effective October 1, 2014
- Rule provisions:
 - Allows some providers to meet meaningful use with EHRs certified to the 2011 or the 2014 Edition criteria, or a combination of both Editions for an EHR Reporting Period in 2014
 - Requires providers to report using 2014 Edition certified EHR technology (CEHRT) for EHR Reporting Period in 2015
 - Extends Stage 2 through 2016

2014 CEHRT flexibility

- Flexibility only available to providers who are **unable to fully implement** 2014 Edition CEHRT for an EHR reporting period in 2014 due to delays in 2014 Edition CEHRT availability
- First-year Medicaid participants must use 2014 Edition CEHRT in order to receive a payment for adopt, implement, or upgrade for 2014 participation

Unable to Fully Implement due to delays in 2014 CEHRT availability

- The delay must be attributable to the issues related to software development, certification, implementation, testing, or release of the product by the EHR vendor which affected 2014 CEHRT availability
 - Examples that do **not** count as delays in availability:
 - Financial Issues
 - Difficulty Meeting Measures
 - Staffing Issues
 - Provider Delays

Attestations

- Florida's attestation system upgrades are expected to be completed in the Spring of 2015.
- Providers who can attest to the 2014 measure for which they were scheduled are encouraged to attest as soon as their reporting period ends.
- Providers who wish to attest to a flexibility option will need to wait until our upgrade is completed.
- The grace period will be extended to June 30, 2015.

2015 Program Year

- All providers will have to have 2014 CEHRT.
- Providers attesting to their first year of Meaningful Use (MU) will have a continuous 90 day reporting period.
- Providers attesting to their second year of MU must report for the full year.
- Hospital Program Year 2015 began 10/1/14.
- Eligible Professional Program Year 2015 begins 1/1/15.
- Our attestation system is ready for Program Year 2015 attestations.

2015 Program Year

- Providers who are attesting for the 2014 program year during the grace period will not be able to attest for the 2015 program year until the 2014 application is paid.
- We don't know how many providers may wait to attest for the 2014 program year until June 2015.

Medicare Payment Adjustment

- EPs and hospitals avoid the 2016 payment adjustment by
 - Successfully attesting to MU with Medicaid or Medicare for 2014 program year;
 - Attest to MU for first time for 2015 program year by 7/1/15 for hospitals and 10/1/15 for EP; or
 - Apply for and be granted an exception by CMS.
