Florida Medicaid Nursing Home Direct and Indirect Care Costs

BACKGROUND

Since 2001, Florida law has required the Agency for Health Care Administration (Agency) to structure its long-term care plan and cost reporting system to reflect both direct and indirect components of patient care costs used in setting nursing home payment rates. Per Section 409.908(2)(b)4, Florida Statutes:

On July 1 of each year, the agency shall report to the Legislature direct and indirect care costs, including average direct and indirect care costs per resident per facility and direct care and indirect care salaries and benefits per category of staff member per facility.

Each Medicaid participating nursing home is required to submit cost reports to the Agency. Medicaid historically reimbursed nursing homes using facility-specific, cost-based per diem rates. Effective October 1, 2018 nursing homes are reimbursed under a prospective payment system. This new system rewards facilities for efficiency and a higher quality of care. It also eliminates the need for retroactive rate adjustments, allowing for predictability of rates for nursing facilities and the state for budgetary purposes. Legislative authority directed the Agency to include four components in the prospective payment system: Patient Care, Quality Incentives, Fair Rental Value, and Supplemental Add-Ons.

The Patient Care component consists of Direct Care, Indirect Care, and Operating Costs. Patient Care uses standardized rates across facilities with similar characteristics. Facilities are placed in two peer groups to determine the standard rates. The South peer group consists of Okeechobee, Broward, Miami-Dade, and Monroe Counties. The North peer group consists of all other counties. Per Diem floors are put into place to limit the amount of profit a facility can achieve through cost reductions. A facility's per diem rate is reduced when costs fall below the per diem floor. If a provider's costs are above the floor, they are reimbursed at the standard rate.

Pediatric, Florida Department of Veterans Affairs, and Government providers are exempt from the prospective payment system. They are reimbursed using a cost-based reimbursement system with no retroactive rate adjustments. The cost-based reimbursement methodology includes limitations (limited by provider specific targets and class or statewide ceilings) to ensure costs do not exceed a rate of inflation per year or an amount above other providers within the peer group. Exempt providers are eligible to receive a Medicaid Adjustment Rate (MAR). The MAR is an add-on to the direct care and indirect care cost components of providers with greater than 50 percent Florida Medicaid utilization to encourage high quality care while containing costs.

The Agency requires providers to submit direct patient care information in their cost reports. The box below shows what is included and excluded from direct care costs for purposes of this information set.

Included	Excluded
<ul style="list-style-type: none"> • Nurses who deliver direct care to residents • Certified nursing assistants who deliver direct care to residents 	<ul style="list-style-type: none"> • Nursing administration • Minimum data set (MDS) coordinators • Care plan coordinators • Staff development • Staffing coordinator

Florida Medicaid Nursing Home Direct and Indirect Care Costs

New nurse staffing ratios went into effect January 1, 2002. The box below shows staffing level requirements since 2002 on an hours per day basis.

	Nurses	Certified Nurse Assistants	Combined Licensed & Certified Nurse Assistants
January 2002	1.0	2.3	N/A
January 2003	1.0	2.6	N/A
January 2007	1.0	2.7 minimum with a 2.9 weekly average	N/A
July 2010	1.0	2.7	3.9 weekly average
July 2011	1.0	2.5	3.6 weekly average
July 2022	1.0	2.0	3.6 weekly average

A requirement of 2.9 hours per day was to have gone into effect July 1, 2006; however, the requirement was modified to a minimum of 2.7 hours of direct care per resident per day effective January 1, 2007, with a weekly average requirement of 2.9 hours. Effective July 1, 2010, a combined minimum weekly average of 3.9 hours of direct care per resident per day of licensed nursing staff and certified nursing assistants was required. Effective July 1, 2011, a combined minimum weekly average of 3.6 hours of direct care per resident per day of licensed nursing staff and certified nursing assistants is required. Effective July 1, 2022, a combined minimum weekly average of 3.6 hours of direct care per resident per day of licensed nursing staff and certified nursing assistants is required. A week is defined as Sunday through Saturday.

REPORT SUMMARY

The 2023 report is based on cost report data submitted to the Agency for the October 1, 2022 rate setting period.

Tables 1 and 3 on the following pages reflect the averages of the direct and indirect cost components of the per diem patient care for the providers who are exempt from the prospective payment system and reimbursed on a cost basis. Tables 2 and 4 reflect the averages of the direct and indirect cost components of the per diem patient care for providers reimbursed on the prospective payment system. The direct and indirect patient care data in the tables is based on the cost report used in the rate semester listed in the table.

Appendix I shows a breakdown of total staffing salaries, hours, and benefits by provider. Appendix II shows a breakdown of salaries and hours by provider for staff supplied by employment agencies. The direct and indirect patient care data in the appendixes is based on the most recent cost report received by the annual due date for each provider. These cost reports are subject to change based on future audits. These cost reports may not be the same as are used to calculate the patient care per diems in the Tables portion of the report.
