

**SMMC Managed Care Plan Report Guide  
Chronic Disease Management Program Annual Report**

**02/01/2025**

**BENEFIT TYPE(S)**

The following Managed Care Plans must submit this report:

- LTC
- MMA
- Specialty Product

**REPORT PURPOSE:**

The purpose of this report is to provide the Agency annual updates for each required and optional chronic disease management program provided by the Managed Care Plan.

**FREQUENCY & DUE DATES:**

Report Year Type	Report Year Period
C = Calendar	01/01 – 12/31

Report Frequency	Reporting Data Period
A = Annually	A = Annually

This report is due annually by the fifteenth (15th) calendar day of the month of January following the year being reported.

**REPORT CODE & SUBMISSION:**

Report Code	0213
-------------	------

Using the file naming convention described in Chapter 2, the managed care plan must submit the required documentation to the applicable SFTP site, as specified in Chapter 2:

- Chronic Disease Management Program Annual Report using the template provided.
- A report attestation as described in Chapter 2.

**INSTRUCTIONS:**

The Managed Care Plan must use the Chronic Disease Management Program Annual Report Template as provided below.

**VARIATIONS BY MANAGED CARE PLAN TYPE:**

The Managed Care Plan must offer Chronic Disease Management program interventions for these four chronic conditions: (1) Cancer and cancer prevention (2) Depression and depression prevention (including suicide prevention) (3) Diabetes and diabetes prevention (4) Human immunodeficiency virus (HIV), acquired immunodeficiency syndrome (AIDS), and HIV prevention.

MMA Plus Plan or Comprehensive LTC Plus Plan offering a Specialty Product shall substitute a CDM program targeted to their entire specialty population in place of Human immunodeficiency virus (HIV), acquired immunodeficiency syndrome (AIDS), and HIV prevention

The Managed Care Plan shall offer a minimum of two (2) additional Chronic Disease Management interventions to be selected from the list below. The conditions chosen by the Managed Care Plan for its CDM interventions shall match the needs of its enrollee population and shall be tied to the target population. (1) Anxiety disorders (2) Asthma (3) Attention deficit hyperactivity disorder
