

Application for a §1915(c) Home and Community-Based Services Waiver

PURPOSE OF THE HCBS WAIVER PROGRAM

The Medicaid Home and Community-Based Services (HCBS) waiver program is authorized in section 1915(c) of the Social Security Act. The program permits a state to furnish an array of home and community-based services that assist Medicaid beneficiaries to live in the community and avoid institutionalization. The state has broad discretion to design its waiver program to address the needs of the waiver's target population. Waiver services complement and/or supplement the services that are available to participants through the Medicaid state plan and other federal, state and local public programs as well as the supports that families and communities provide.

The Centers for Medicare & Medicaid Services (CMS) recognizes that the design and operational features of a waiver program will vary depending on the specific needs of the target population, the resources available to the state, service delivery system structure, state goals and objectives, and other factors. A state has the latitude to design a waiver program that is cost-effective and employs a variety of service delivery approaches, including participant direction of services.

Request for a Renewal to a §1915(c) Home and Community-Based Services Waiver

1. Major Changes

Describe any significant changes to the approved waiver that are being made in this renewal application:

This renewal request does not propose any significant changes. This renewal will make the following changes to the waiver.

- Renewing the waiver period for an additional five years.
- Updating agency representative contact information.
- Updating the waiver frequency of services. Monthly monitoring of individuals when services are furnished on a less than monthly basis.
- Addition of the State plan program monitoring processes & remediation activities that are in compliance with the HCBS Settings Rule.
- Revising the methodology for determining the G factor.
- Cost Neutrality Demonstration updated within appendix J.

Application for a §1915(c) Home and Community-Based Services Waiver

1. Request Information (1 of 3)

A. The State of Florida requests approval for a Medicaid home and community-based services (HCBS) waiver under the authority of section 1915(c) of the Social Security Act (the Act).

B. Program Title (*optional - this title will be used to locate this waiver in the finder*):

Model Waiver

C. Type of Request: renewal

Requested Approval Period: (*For new waivers requesting five year approval periods, the waiver must serve individuals who are dually eligible for Medicaid and Medicare.*)

3 years **5 years**

Original Base Waiver Number: FL.40166

Draft ID: FL.018.07.00

D. Type of Waiver (*select only one*):

Model Waiver

E. Proposed Effective Date: (mm/dd/yy)

07/01/25

PRA Disclosure Statement

The purpose of this application is for states to request a Medicaid Section 1915(c) home and community-based services (HCBS) waiver. Section 1915(c) of the Social Security Act authorizes the Secretary of Health and Human Services to waive certain specific Medicaid statutory requirements so that a state may voluntarily offer HCBS to state-specified target group(s) of Medicaid beneficiaries who need a level of institutional care that is provided under the Medicaid state plan. Under the Privacy Act of 1974 any personally identifying information obtained will be kept private to the extent of the law.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-0449 (Expires: July 31, 2027). The time required to complete this information collection is estimated to average 163 hours per response for a new waiver application and 78 hours per response for a renewal application, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

1. Request Information (2 of 3)

F. Level(s) of Care. This waiver is requested in order to provide home and community-based waiver services to individuals who, but for the provision of such services, would require the following level(s) of care, the costs of which would be reimbursed under the approved Medicaid state plan (*check each that applies*):

Hospital

Select applicable level of care

Hospital as defined in 42 CFR § 440.10

If applicable, specify whether the state additionally limits the waiver to subcategories of the hospital level of care:

[Empty text box for hospital subcategories]

Inpatient psychiatric facility for individuals age 21 and under as provided in 42 CFR § 440.160

Nursing Facility

Select applicable level of care

Nursing Facility as defined in 42 CFR § 440.40 and 42 CFR § 440.155

If applicable, specify whether the state additionally limits the waiver to subcategories of the nursing facility level of care:

[Empty text box for nursing facility subcategories]

Institution for Mental Disease for persons with mental illnesses aged 65 and older as provided in 42 CFR § 440.140

Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) (as defined in 42 CFR § 440.150)

If applicable, specify whether the state additionally limits the waiver to subcategories of the ICF/IID level of care:

[Empty text box for ICF/IID subcategories]

1. Request Information (3 of 3)

G. Concurrent Operation with Other Programs. This waiver operates concurrently with another program (or programs) approved under the following authorities

Select one:

Not applicable

Applicable

Check the applicable authority or authorities:

Services furnished under the provisions of section 1915(a)(1)(a) of the Act and described in Appendix I Waiver(s) authorized under section 1915(b) of the Act.

Specify the section 1915(b) waiver program and indicate whether a section 1915(b) waiver application has been submitted or previously approved:

Specify the section 1915(b) authorities under which this program operates (check each that applies):

section 1915(b)(1) (mandated enrollment to managed care)

section 1915(b)(2) (central broker)

section 1915(b)(3) (employ cost savings to furnish additional services)

section 1915(b)(4) (selective contracting/limit number of providers)

A program operated under section 1932(a) of the Act.

Specify the nature of the state plan benefit and indicate whether the state plan amendment has been submitted or previously approved:

A program authorized under section 1915(i) of the Act.

A program authorized under section 1915(j) of the Act.

A program authorized under section 1115 of the Act.

Specify the program:

H. Dual Eligibility for Medicaid and Medicare.

Check if applicable:

This waiver provides services for individuals who are eligible for both Medicare and Medicaid.

2. Brief Waiver Description

Brief Waiver Description. *In one page or less,* briefly describe the purpose of the waiver, including its goals, objectives, organizational structure (e.g., the roles of state, local and other entities), and service delivery methods.

The Model Waiver is an existing waiver designed to delay or prevent institutionalization and allow recipients to maintain stable health while living at home or in their community. The waiver's purpose is to provide medically necessary services to eligible children under 21 years of age who have degenerative spinocerebellar disease and are living at home or in their community. Spinocerebellar degenerations are disorders in which the cerebellar and spinal motor and sensory systems undergo progressive deterioration or impairment.

Services are also intended to permit eligible children to voluntarily transition from the nursing home into a less restrictive and more integrated community setting when appropriate. As such, this waiver also serves eligible children under 21 years of age that are medically fragile, and have resided in a skilled nursing facility for at least 60 consecutive days prior to entrance on the waiver. Medically Fragile is defined as an individual who is medically complex and technologically dependent on medical apparatus or procedures to sustain life, or are dependent on a heightened level of medical supervision to sustain life, and without such services are likely to expire without warning.

The Model Waiver is a deeming waiver in which parental income is disregarded and the child is considered to be a family of one. This type of waiver allows children who are otherwise ineligible for Medicaid to become Medicaid eligible for the waiver. Once eligible for the waiver the child is eligible for all Medicaid State Plan services.

Model Waiver provides the following services to eligible recipients:

1. Respite care;
2. Environmental accessibility adaptations; and
3. Transition Case Management.

Model Waiver recipients are enrolled with Florida's Children's Medical Services (CMS) for their level of care determination. Care coordination of Medicaid State Plan and Model Waiver services is conducted by a contracted vendor. The Model Waiver does not reimburse for services available to recipients under Medicaid State Plan.

The Model Waiver has a maximum capacity of twenty recipients and a reserved capacity for fifteen children transitioning into the community from a skilled nursing facility. The Model Waiver program is monitored by the Agency for Health Care Administration (AHCA).

Florida Medicaid is responsible for assuring compliance with federal program requirements, developing Medicaid policy and for reimbursing Medicaid providers. Medicaid also has operational responsibilities for the Model Waiver. Operational responsibilities are coordinated with CMS.

Level of care recommendations for the Model Wavier and placement in a skilled nursing facility for children under the age of 21 is determined the Children's Multidisciplinary Assessment Team (CMAT). The CMAT team is an inter-agency coordinated effort that includes AHCA, the Office of Family Safety in the Department of Children and Families (DCF), the Agency for Persons with Disabilities (APD), and Children's Medical Services (CMS) in the Department of Health (DOH) as well as other principal recipients named in the CMAT Statewide Operational Plan.

The DCF is responsible for determining Medicaid recipient financial eligibility, including Model waiver recipients. No dual eligible are served in this waiver, as the waiver enables recipients who are not currently Medicaid eligible to access Medicaid benefits as a family of one.

3. Components of the Waiver Request

The waiver application consists of the following components. Note: *Item 3-E must be completed.*

- A. Waiver Administration and Operation.** Appendix A specifies the administrative and operational structure of this waiver.
- B. Participant Access and Eligibility.** Appendix B specifies the target group(s) of individuals who are served in this waiver, the number of participants that the state expects to serve during each year that the waiver is in effect, applicable Medicaid eligibility and post-eligibility (if applicable) requirements, and procedures for the evaluation and reevaluation of level of care.
- C. Participant Services.** Appendix C specifies the home and community-based waiver services that are furnished through the waiver, including applicable limitations on such services.

D. Participant-Centered Service Planning and Delivery. Appendix D specifies the procedures and methods that the state uses to develop, implement and monitor the participant-centered service plan (of care).

E. Participant-Direction of Services. When the state provides for participant direction of services, Appendix E specifies the participant direction opportunities that are offered in the waiver and the supports that are available to participants who direct their services. (*Select one*):

Yes. This waiver provides participant direction opportunities. Appendix E is required.

No. This waiver does not provide participant direction opportunities. Appendix E is not required.

F. Participant Rights. Appendix F specifies how the state informs participants of their Medicaid Fair Hearing rights and other procedures to address participant grievances and complaints.

G. Participant Safeguards. Appendix G describes the safeguards that the state has established to assure the health and welfare of waiver participants in specified areas.

H. Quality Improvement Strategy. Appendix H contains the quality improvement strategy for this waiver.

I. Financial Accountability. Appendix I describes the methods by which the state makes payments for waiver services, ensures the integrity of these payments, and complies with applicable federal requirements concerning payments and federal financial participation.

J. Cost-Neutrality Demonstration. Appendix J contains the state's demonstration that the waiver is cost-neutral.

4. Waiver(s) Requested

A. Comparability. The state requests a waiver of the requirements contained in section 1902(a)(10)(B) of the Act in order to provide the services specified in Appendix C that are not otherwise available under the approved Medicaid state plan to individuals who: (a) require the level(s) of care specified in Item 1.F and (b) meet the target group criteria specified in Appendix B.

B. Income and Resources for the Medically Needy. Indicate whether the state requests a waiver of section 1902(a)(10)(C)(i)(III) of the Act in order to use institutional income and resource rules for the medically needy (*select one*):

Not Applicable

No

Yes

C. Statewide. Indicate whether the state requests a waiver of the statewide requirements in section 1902(a)(1) of the Act (*select one*):

No

Yes

If yes, specify the waiver of statewide that is requested (*check each that applies*):

Geographic Limitation. A waiver of statewide is requested in order to furnish services under this waiver only to individuals who reside in the following geographic areas or political subdivisions of the state. *Specify the areas to which this waiver applies and, as applicable, the phase-in schedule of the waiver by geographic area:*

Limited Implementation of Participant-Direction. A waiver of statewide is requested in order to make *participant-direction of services* as specified in Appendix E available only to individuals who reside in the following geographic areas or political subdivisions of the state. Participants who reside in these areas may elect to direct their services as provided by the state or receive comparable services through the service delivery methods that are in effect elsewhere in the state. *Specify the areas of the state affected by this waiver and, as applicable, the phase-in schedule of the waiver by geographic area:*

5. Assurances

In accordance with 42 CFR § 441.302, the state provides the following assurances to CMS:

- A. Health & Welfare:** The state assures that necessary safeguards have been taken to protect the health and welfare of persons receiving services under this waiver. These safeguards include:
1. As specified in **Appendix C**, adequate standards for all types of providers that provide services under this waiver;
 2. Assurance that the standards of any state licensure or certification requirements specified in **Appendix C** are met for services or for individuals furnishing services that are provided under the waiver. The state assures that these requirements are met on the date that the services are furnished; and,
 3. Assurance that all facilities subject to section 1616(e) of the Act where home and community-based waiver services are provided comply with the applicable state standards for board and care facilities as specified in **Appendix C**.
- B. Financial Accountability.** The state assures financial accountability for funds expended for home and community-based services and maintains and makes available to the Department of Health and Human Services (including the Office of the Inspector General), the Comptroller General, or other designees, appropriate financial records documenting the cost of services provided under the waiver. Methods of financial accountability are specified in **Appendix I**.
- C. Evaluation of Need:** The state assures that it provides for an initial evaluation (and periodic reevaluations, at least annually) of the need for a level of care specified for this waiver, when there is a reasonable indication that an individual might need such services in the near future (one month or less) but for the receipt of home and community-based services under this waiver. The procedures for evaluation and reevaluation of level of care are specified in **Appendix B**.
- D. Choice of Alternatives:** The state assures that when an individual is determined to be likely to require the level of care specified for this waiver and is in a target group specified in **Appendix B**, the individual (or, legal representative, if applicable) is:
1. Informed of any feasible alternatives under the waiver; and,
 2. Given the choice of either institutional or home and community-based waiver services. **Appendix B** specifies the procedures that the state employs to ensure that individuals are informed of feasible alternatives under the waiver and given the choice of institutional or home and community-based waiver services.
- E. Average Per Capita Expenditures:** The state assures that, for any year that the waiver is in effect, the average per capita expenditures under the waiver will not exceed 100 percent of the average per capita expenditures that would have been made under the Medicaid state plan for the level(s) of care specified for this waiver had the waiver not been granted. Cost-neutrality is demonstrated in **Appendix J**.
- F. Actual Total Expenditures:** The state assures that the actual total expenditures for home and community-based waiver and other Medicaid services and its claim for FFP in expenditures for the services provided to individuals under the waiver will not, in any year of the waiver period, exceed 100 percent of the amount that would be incurred in the absence of the waiver by the state's Medicaid program for these individuals in the institutional setting(s) specified for this waiver.
- G. Institutionalization Absent Waiver:** The state assures that, absent the waiver, individuals served in the waiver would receive the appropriate type of Medicaid-funded institutional care for the level of care specified for this waiver.
- H. Reporting:** The state assures that annually it will provide CMS with information concerning the impact of the waiver on the type, amount and cost of services provided under the Medicaid state plan and on the health and welfare of waiver participants. This information will be consistent with a data collection plan designed by CMS.
- I. Habilitation Services.** The state assures that prevocational, educational, or supported employment services, or a combination of these services, if provided as habilitation services under the waiver are: (1) not otherwise available to the

individual through a local educational agency under the Individuals with Disabilities Education Act (IDEA) or the Rehabilitation Act of 1973; and, (2) furnished as part of expanded habilitation services.

J. Services for Individuals with Chronic Mental Illness. The state assures that federal financial participation (FFP) will not be claimed in expenditures for waiver services including, but not limited to, day treatment or partial hospitalization, psychosocial rehabilitation services, and clinic services provided as home and community-based services to individuals with chronic mental illnesses if these individuals, in the absence of a waiver, would be placed in an IMD and are: (1) age 22 to 64; (2) age 65 and older and the state has not included the optional Medicaid benefit cited in 42 CFR § 440.140; or (3) age 21 and under and the state has not included the optional Medicaid benefit cited in 42 CFR § 440.160.

6. Additional Requirements

Note: Item 6-I must be completed.

- A. Service Plan.** In accordance with 42 CFR § 441.301(b)(1)(i), a participant-centered service plan (of care) is developed for each participant employing the procedures specified in **Appendix D**. All waiver services are furnished pursuant to the service plan. The service plan describes: (a) the waiver services that are furnished to the participant, their projected frequency and the type of provider that furnishes each service and (b) the other services (regardless of funding source, including state plan services) and informal supports that complement waiver services in meeting the needs of the participant. The service plan is subject to the approval of the Medicaid agency. Federal financial participation (FFP) is not claimed for waiver services furnished prior to the development of the service plan or for services that are not included in the service plan.
- B. Inpatients.** In accordance with 42 CFR § 441.301(b)(1)(ii), waiver services are not furnished to individuals who are inpatients of a hospital, nursing facility or ICF/IID.
- C. Room and Board.** In accordance with 42 CFR § 441.310(a)(2), FFP is not claimed for the cost of room and board except when: (a) provided as part of respite services in a facility approved by the state that is not a private residence or (b) claimed as a portion of the rent and food that may be reasonably attributed to an unrelated caregiver who resides in the same household as the participant, as provided in **Appendix I**.
- D. Access to Services.** The state does not limit or restrict participant access to waiver services except as provided in **Appendix C**.
- E. Free Choice of Provider.** In accordance with 42 CFR § 431.151, a participant may select any willing and qualified provider to furnish waiver services included in the service plan unless the state has received approval to limit the number of providers under the provisions of section 1915(b) or another provision of the Act.
- F. FFP Limitation.** In accordance with 42 CFR Part 433 Subpart D, FFP is not claimed for services when another third-party (e.g., another third party health insurer or other federal or state program) is legally liable and responsible for the provision and payment of the service. If a provider certifies that a particular legally liable third-party insurer does not pay for the service(s), the provider may not generate further bills for that insurer for that annual period.
- G. Fair Hearing:** The state provides the opportunity to request a Fair Hearing under 42 CFR Part 431 Subpart E, to individuals: (a) who are not given the choice of home and community-based waiver services as an alternative to institutional level of care specified for this waiver; (b) who are denied the service(s) of their choice or the provider(s) of their choice; or (c) whose services are denied, suspended, reduced or terminated. **Appendix F** specifies the state's procedures to provide individuals the opportunity to request a Fair Hearing, including providing notice of action as required in 42 CFR § 431.210.
- H. Quality Improvement.** The state operates a formal, comprehensive system to ensure that the waiver meets the assurances and other requirements contained in this application. Through an ongoing process of discovery, remediation and improvement, the state assures the health and welfare of participants by monitoring: (a) level of care determinations; (b) individual plans and services delivery; (c) provider qualifications; (d) participant health and welfare; (e) financial oversight and (f) administrative oversight of the waiver. The state further assures that all problems identified through its discovery processes are addressed in an appropriate and timely manner, consistent with the severity and nature of the problem. During the period that the waiver is in effect, the state will implement the quality improvement strategy specified in **Appendix H**.
- I. Public Input.** Describe how the state secures public input into the development of the waiver:

This is a request to renew a waiver that was previously approved. During the period of the original application the State maintained ongoing communication with stakeholders, beneficiaries, and their families. Additional input was solicited from the Department of Health (DOH), Children's Medical Services (CMS) to determine and establish medically appropriate services for the target population. The State conducted a 30-day public comment period from February 24, 2020 to March 24, 2020 to solicit feedback and input from stakeholders. The State received public comments related to expanding waiver eligibility. No actions were taken based on these public comments, as expanding eligibility would require legislative authority. No tribal comments were received.

J. Notice to Tribal Governments. The state assures that it has notified in writing all federally-recognized Tribal Governments that maintain a primary office and/or majority population within the state of the state's intent to submit a Medicaid waiver request or renewal request to CMS at least 60 days before the anticipated submission date is provided by Presidential Executive Order 13175 of November 6, 2000. Evidence of the applicable notice is available through the Medicaid Agency.

K. Limited English Proficient Persons. The state assures that it provides meaningful access to waiver services by Limited English Proficient persons in accordance with: (a) Presidential Executive Order 13166 of August 11, 2000 (65 FR 50121) and (b) Department of Health and Human Services "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (68 FR 47311 - August 8, 2003). **Appendix B** describes how the state assures meaningful access to waiver services by Limited English Proficient persons.

7. Contact Person(s)

A. The Medicaid agency representative with whom CMS should communicate regarding the waiver is:

8. Authorizing Signature

This document, together with Appendices A through J, constitutes the state's request for a waiver under section 1915(c) of the Social Security Act. The state assures that all materials referenced in this waiver application (including standards, licensure and certification requirements) are *readily* available in print or electronic form upon request to CMS through the Medicaid agency or, if applicable, from the operating agency specified in Appendix A. Any proposed changes to the waiver will be submitted by the Medicaid agency to CMS in the form of waiver amendments.

Upon approval by CMS, the waiver application serves as the state's authority to provide home and community-based waiver services to the specified target groups. The state attests that it will abide by all provisions of the approved waiver and will continuously operate the waiver in accordance with the assurances specified in Section 5 and the additional requirements specified in Section 6 of the request.

Attachment #1: Transition Plan

Check the box next to any of the following changes from the current approved waiver. Check all boxes that apply.

Replacing an approved waiver with this waiver.

Combining waivers.

Splitting one waiver into two waivers.

Eliminating a service.

Adding or decreasing an individual cost limit pertaining to eligibility.

Adding or decreasing limits to a service or a set of services, as specified in Appendix C.

Reducing the unduplicated count of participants (Factor C).

Adding new, or decreasing, a limitation on the number of participants served at any point in time.

Making any changes that could result in some participants losing eligibility or being transferred to another waiver under 1915(c) or another Medicaid authority.

Making any changes that could result in reduced services to participants.

Specify the transition plan for the waiver:

Additional Needed Information (Optional)

Provide additional needed information for the waiver (optional):

Appendix A: Waiver Administration and Operation

1. State Line of Authority for Waiver Operation. Specify the state line of authority for the operation of the waiver (*select one*):

The waiver is operated by the state Medicaid agency.

Specify the Medicaid agency division/unit that has line authority for the operation of the waiver program (*select one*):

The Medical Assistance Unit.

Specify the unit name:

(Do not complete item A-2)

Another division/unit within the state Medicaid agency that is separate from the Medical Assistance Unit.

Specify the division/unit name. This includes administrations/divisions under the umbrella agency that has been identified as the Single State Medicaid Agency.

(Complete item A-2-a).

The waiver is operated by a separate agency of the state that is not a division/unit of the Medicaid agency.

Specify the division/unit name:

In accordance with 42 CFR § 431.10, the Medicaid agency exercises administrative discretion in the administration and supervision of the waiver and issues policies, rules and regulations related to the waiver. The interagency agreement or memorandum of understanding that sets forth the authority and arrangements for this policy is available through the Medicaid agency to CMS upon request. (Complete item A-2-b).

Appendix A: Waiver Administration and Operation

2. Oversight of Performance.

a. Medicaid Director Oversight of Performance When the Waiver is Operated by another Division/Unit within the State Medicaid Agency. When the waiver is operated by another division/administration within the umbrella agency designated as the Single State Medicaid Agency. Specify (a) the functions performed by that division/administration (i.e., the Developmental Disabilities Administration within the Single State Medicaid Agency), (b) the document utilized to outline the roles and responsibilities related to waiver operation, and (c) the methods that are employed by the designated State Medicaid Director (in some instances, the head of umbrella agency) in the oversight of these activities:

As indicated in section 1 of this appendix, the waiver is not operated by another division/unit within the state Medicaid agency. Thus this section does not need to be completed.

b. Medicaid Agency Oversight of Operating Agency Performance. When the waiver is not operated by the Medicaid agency, specify the functions that are expressly delegated through a memorandum of understanding (MOU) or other written document, and indicate the frequency of review and update for that document. Specify the methods that the Medicaid agency uses to ensure that the operating agency performs its assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify the frequency of Medicaid agency assessment of operating agency performance:

As indicated in section 1 of this appendix, the waiver is not operated by a separate agency of the state. Thus, this section does not need to be completed.

Appendix A: Waiver Administration and Operation

3. Use of Contracted Entities. Specify whether contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable) (*select one*):

Yes. Contracted entities perform waiver operational and administrative functions on behalf of the Medicaid agency and/or operating agency (if applicable).

Specify the types of contracted entities and briefly describe the functions that they perform. *Complete Items A-5 and A-6.:*

The State Medicaid Agency utilizes a Contracted Vendor (CV) for statewide care coordination for the Model Waiver. Care coordination, another term for case management, includes such services as provider procurement, care plan development, which serves as prior authorization of services, as well as the overall facilitation and management of recipient care.

No. Contracted entities do not perform waiver operational and administrative functions on behalf of the Medicaid agency and/or the operating agency (if applicable).

Appendix A: Waiver Administration and Operation

4. Role of Local/Regional Non-State Entities. Indicate whether local or regional non-state entities perform waiver operational and administrative functions and, if so, specify the type of entity (*Select One*):

Not applicable

Applicable - Local/regional non-state agencies perform waiver operational and administrative functions.

Check each that applies:

Local/Regional non-state public agencies perform waiver operational and administrative functions at the local or regional level. There is an **interagency agreement or memorandum of understanding** between the state and these agencies that sets forth responsibilities and performance requirements for these agencies that is available through the Medicaid agency.

Specify the nature of these agencies and complete items A-5 and A-6:

Local/Regional non-governmental non-state entities conduct waiver operational and administrative functions at the local or regional level. There is a contract between the Medicaid agency and/or the operating agency (when authorized by the Medicaid agency) and each local/regional non-state entity that sets forth the responsibilities and performance requirements of the local/regional entity. The **contract(s)** under which private entities conduct waiver operational functions are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Specify the nature of these entities and complete items A-5 and A-6:

Appendix A: Waiver Administration and Operation

5. Responsibility for Assessment of Performance of Contracted and/or Local/Regional Non-State Entities. Specify the state agency or agencies responsible for assessing the performance of contracted and/or local/regional non-state entities in conducting waiver operational and administrative functions:

Agency for Health Care Administration Bureau of Medicaid Quality

Appendix A: Waiver Administration and Operation

6. Assessment Methods and Frequency. Describe the methods that are used to assess the performance of contracted and/or local/regional non-state entities to ensure that they perform assigned waiver operational and administrative functions in accordance with waiver requirements. Also specify how frequently the performance of contracted and/or local/regional non-state entities is assessed:

During each contract period, the Agency will provide monitoring and evaluation of the Vendor’s compliance with the requirements of their contract.

1. The Agency will perform a monthly desk audits, reviews of all submitted reports from the Vendor, conduct telephonic interviews and examine any data maintained by the Vendor.
2. The Contract Manager will perform an annual on-site monitoring and desk review monitoring.

Appendix A: Waiver Administration and Operation

7. Distribution of Waiver Operational and Administrative Functions. In the following table, specify the entity or entities that have responsibility for conducting each of the waiver operational and administrative functions listed (*check each that applies*):

In accordance with 42 CFR § 431.10, when the Medicaid agency does not directly conduct a function, it supervises the performance of the function and establishes and/or approves policies that affect the function. All functions not performed directly by the Medicaid agency must be delegated in writing and monitored by the Medicaid Agency. *Note: More than one box may be checked per item. Ensure that Medicaid is checked when the Single State Medicaid Agency (1) conducts the function directly; (2) supervises the delegated function; and/or (3) establishes and/or approves policies related to the function.* Note: Medicaid eligibility determinations can only be performed by the State Medicaid Agency (SMA) or a government agency delegated by the SMA in accordance with 42 CFR § 431.10. Thus, eligibility determinations for the group described in 42 CFR § 435.217 (which includes a level-of-care evaluation, because meeting a 1915(c) level of care is a factor of determining Medicaid eligibility for the group) must comply with 42 CFR § 431.10. Non-governmental entities can support administrative functions of the eligibility determination process that do not require discretion including, for example, data entry functions, IT support, and implementation of a standardized level-of-care evaluation tool. States should ensure that any use of an evaluation tool by a non-governmental entity to evaluate/determine an individual's required level-of-care involves no discretion by the non-governmental entity and that the development of the requirements, rules, and policies operationalized by the tool are overseen by the state agency.

Function	Medicaid Agency	Contracted Entity
Participant waiver enrollment		
Waiver enrollment managed against approved limits		
Waiver expenditures managed against approved levels		
Level of care waiver eligibility evaluation		

Function	Medicaid Agency	Contracted Entity
Review of Participant service plans		
Prior authorization of waiver services		
Utilization management		
Qualified provider enrollment		
Execution of Medicaid provider agreements		
Establishment of a statewide rate methodology		
Rules, policies, procedures and information development governing the waiver program		
Quality assurance and quality improvement activities		

Appendix A: Waiver Administration and Operation

Quality Improvement: Administrative Authority of the Single State Medicaid Agency

As a distinct component of the state's quality improvement strategy, provide information in the following fields to detail the state's methods for discovery and remediation.

a. Methods for Discovery: Administrative Authority

The Medicaid Agency retains ultimate administrative authority and responsibility for the operation of the waiver program by exercising oversight of the performance of waiver functions by other state and local/regional non-state agencies (if appropriate) and contracted entities.

i. Performance Measures

For each performance measure the state will use to assess compliance with the statutory assurance, complete the following. Performance measures for administrative authority should not duplicate measures found in other appendices of the waiver application. As necessary and applicable, performance measures should focus on:

- Uniformity of development/execution of provider agreements throughout all geographic areas covered by the waiver
- Equitable distribution of waiver openings in all geographic areas covered by the waiver
- Compliance with HCB settings requirements and other new regulatory components (for waiver actions submitted on or after March 17, 2014)

Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Percentage of case file reviews completed by the Medicaid Agency on an annual basis that comply with state requirements. Numerator: Number of case file reviews completed by the Medicaid Agency on an annual basis that comply with state requirements Denominator: Number of case files reviewed

Data Source (Select one):

Record reviews, on-site

If 'Other' is selected, specify:

Responsible Party for data	Frequency of data	Sampling Approach (check
-----------------------------------	--------------------------	---------------------------------

collection/generation (<i>check each that applies</i>):	collection/generation (<i>check each that applies</i>):	<i>each that applies</i> :
State Medicaid Agency	Weekly	100% Review
Operating Agency	Monthly	Less than 100% Review
Sub-State Entity	Quarterly	Representative Sample Confidence Interval = <input type="text"/>
Other Specify: <input type="text"/>	Annually	Stratified Describe Group: <input type="text"/>
	Continuously and Ongoing	Other Specify: <input type="text"/>
	Other Specify: <input type="text"/>	

Data Aggregation and Analysis:

Responsible Party for data aggregation and analysis (<i>check each that applies</i>):	Frequency of data aggregation and analysis (<i>check each that applies</i>):
State Medicaid Agency	Weekly
Operating Agency	Monthly
Sub-State Entity	Quarterly
Other Specify: <input type="text"/>	Annually
	Continuously and Ongoing

Responsible Party for data aggregation and analysis <i>(check each that applies):</i>	Frequency of data aggregation and analysis <i>(check each that applies):</i>
	<p>Other Specify:</p> <div style="border: 1px solid black; height: 30px; width: 100%; margin-top: 5px;"></div>

ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the state to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

When reviewing case files, the Medicaid Agency reviews the following elements:

Hospitalization Frequency Measure- Collection of data of the number of overnight stays at hospitals and number of emergency room visits per year for each recipient.

Plans of Care (POC) - POCs should be developed by the care coordinator within 30 days of the recipient’s enrollment in the Model Waiver and 90 days prior to the activation of the annual renewal of the plan. The 90 days will allow time for the development of and submission to the Medicaid Agency for approval. The POC is updated at least annually during a scheduled review of the recipient’s needs, preferences, goals, and health status. Completed annually.

Beneficiary Surveys- Conducted by care coordinators and completed annually.

Interviews with waiver recipients/their families- Care Coordinators conduct these exploratory interviews. They are designed to gather feedback and input. Information gained will be used to improve system performance and quality of care. The information will also be used to identify, address, and prevent discrepancies between the services that the Cost Plan and POC specify and services that the waiver recipients are receiving. During these interviews, the Medicaid Agency also educates recipients and guardians on how to report concerns or incidences of abuse, neglect, and exploitation. Due to the small total enrollment, the Medicaid Agency is interviewing 100% of Model Waiver recipients annually.

Fiscal Review- Prior to yearly reviews of Model Waiver case files, all recipient Model Waiver billing data shall be pulled to review usage patterns for recipients and providers. If unusual patterns are uncovered, providers are referred to the Office of the Inspector General or the Bureau of Medicaid Program Integrity for review of possible fraud and abuse. Completed annually.

Physician Referral & Diagnosis Confirmation Form- This is submitted upon application.

Application Form- This is submitted upon application.

The DCF Certification of Enrollment Status Form- This is submitted upon application.

Informed Consent Form - This is submitted upon application.

Periodic care coordinator conference call meetings- These conference call meetings serve various functions of quality management. Training is always provided as part of the meeting. Topics such as expectation for client contact and POC procedures have been reviewed. These meetings also serve as an opportunity for care coordinators to obtain technical assistance from The Medicaid Agency as necessary. The calls also serve as a course for identifying, addressing, and preventing problems with participant access to waiver services.

b. Methods for Remediation/Fixing Individual Problems

i. Describe the state's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction and the state's method for analyzing

information from individual problems, identifying systemic deficiencies, and implementing remediation actions. In addition, provide information on the methods used by the state to document these items.

Multiple methods will be utilized to address and remediate individual problems. Interviews with Model Waiver recipients and families will be conducted annually. These interviews are exploratory in nature, designed to gather feedback and input. Information gained will be used to improve system performance and quality of care. The information will also be used to identify, address, and prevent discrepancies between the services that the Cost Plan and the POC specify and services that the waiver recipients are receiving. During these interviews, the Medicaid Agency also educates recipients and guardians how to report concerns or incidence of abuse, neglect, and exploitation. Due to the small total enrollment, the Medicaid Agency is interviewing 100% of Model Waiver recipients annually.

ii. Remediation Data Aggregation

Remediation-related Data Aggregation and Analysis (including trend identification)

Responsible Party <i>(check each that applies):</i>	Frequency of data aggregation and analysis <i>(check each that applies):</i>
State Medicaid Agency	Weekly
Operating Agency	Monthly
Sub-State Entity	Quarterly
Other Specify: <div style="border: 1px solid black; height: 20px; width: 100%; margin-top: 5px;"></div>	Annually
	Continuously and Ongoing
	Other Specify: <div style="border: 1px solid black; height: 20px; width: 100%; margin-top: 5px;"></div>

c. Timelines

When the state does not have all elements of the quality improvement strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Administrative Authority that are currently non-operational.

No

Yes

Please provide a detailed strategy for assuring Administrative Authority, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix B: Participant Access and Eligibility

B-1: Specification of the Waiver Target Group(s)

a. Target Group(s). Under the waiver of Section 1902(a)(10)(B) of the Act, the state limits waiver services to one or more groups or subgroups of individuals. Please see the instruction manual for specifics regarding age limits. *In accordance with 42 CFR § 441.301(b)(6), select one or more waiver target groups, check each of the subgroups in the selected target group(s) that may receive services under the waiver, and specify the minimum and maximum (if any) age of individuals*

served in each subgroup:

Target Group	Included	Target Sub Group	Minimum Age	Maximum Age	
				Maximum Age Limit	No Maximum Age Limit
Aged or Disabled, or Both - General					
		Aged			
		Disabled (Physical)			
		Disabled (Other)			
Aged or Disabled, or Both - Specific Recognized Subgroups					
		Brain Injury			
		HIV/AIDS			
		Medically Fragile	0	20	
		Technology Dependent			
Intellectual Disability or Developmental Disability, or Both					
		Autism			
		Developmental Disability			
		Intellectual Disability			
Mental Illness					
		Mental Illness			
		Serious Emotional Disturbance			

b. **Additional Criteria.** The state further specifies its target group(s) as follows:

The individual must be diagnosed as having a degenerative spinocerebellar disease, or deemed medically fragile and have resided in a skilled nursing facility for at least 60 consecutive days prior to enrollment.

Through the use of these services the goal is to delay or prevent hospitalization and allow these recipients to maintain stable health while living at home in their community. Services are also intended to permit eligible children to voluntarily transition from the nursing home into a less restrictive and more integrated community setting when appropriate.

The individual must be 20 years of age or younger;

The individual must be determined disabled using criteria established by the Social Security Administration (SSA);

The individual must meet an "at risk for hospitalization" level of care as determined by the Childrens Multidisciplinary Assessment Team (CMAT);

The individual must be able to remain safely in the home with Home and Community Based Services provided through Medicaid; or

The individual must meet the criteria to be deemed medically fragile.

c. **Transition of Individuals Affected by Maximum Age Limitation.** When there is a maximum age limit that applies to individuals who may be served in the waiver, describe the transition planning procedures that are undertaken on behalf of participants affected by the age limit (*select one*):

Not applicable. There is no maximum age limit

The following transition planning procedures are employed for participants who will reach the waiver's maximum age limit.

Specify:

Services authorized through the Model Waiver end on the recipient’s 21st birthday. The year prior to expiration of eligibility the CMAT nurse will convene a transition meeting with the family, recipient, and eQ Health Solutions care coordinator. During the transition meeting the recipient and the family will be apprised of services specific to the needs identified.

Appendix B: Participant Access and Eligibility

B-2: Individual Cost Limit (1 of 2)

a. Individual Cost Limit. The following individual cost limit applies when determining whether to deny home and community-based services or entrance to the waiver to an otherwise eligible individual (*select one*). Please note that a state may have only ONE individual cost limit for the purposes of determining eligibility for the waiver:

No Cost Limit. The state does not apply an individual cost limit. *Do not complete Item B-2-b or item B-2-c.*

Cost Limit in Excess of Institutional Costs. The state refuses entrance to the waiver to any otherwise eligible individual when the state reasonably expects that the cost of the home and community-based services furnished to that individual would exceed the cost of a level of care specified for the waiver up to an amount specified by the state. *Complete Items B-2-b and B-2-c.*

The limit specified by the state is (*select one*)

A level higher than 100% of the institutional average.

Specify the percentage:

Other

Specify:

Institutional Cost Limit. Pursuant to 42 CFR § 441.301(a)(3), the state refuses entrance to the waiver to any otherwise eligible individual when the state reasonably expects that the cost of the home and community-based services furnished to that individual would exceed 100% of the cost of the level of care specified for the waiver. *Complete Items B-2-b and B-2-c.*

Cost Limit Lower Than Institutional Costs. The state refuses entrance to the waiver to any otherwise qualified individual when the state reasonably expects that the cost of home and community-based services furnished to that individual would exceed the following amount specified by the state that is less than the cost of a level of care specified for the waiver.

Specify the basis of the limit, including evidence that the limit is sufficient to assure the health and welfare of waiver participants. Complete Items B-2-b and B-2-c.

The cost limit specified by the state is (*select one*):

The following dollar amount:

Specify dollar amount:

The dollar amount (*select one*)

Is adjusted each year that the waiver is in effect by applying the following formula:

Specify the formula:

May be adjusted during the period the waiver is in effect. The state will submit a waiver amendment to CMS to adjust the dollar amount.

The following percentage that is less than 100% of the institutional average:

Specify percent:

Other:

Specify:

Appendix B: Participant Access and Eligibility

B-2: Individual Cost Limit (2 of 2)

Answers provided in Appendix B-2-a indicate that you do not need to complete this section.

b. Method of Implementation of the Individual Cost Limit. When an individual cost limit is specified in Item B-2-a, specify the procedures that are followed to determine in advance of waiver entrance that the individual's health and welfare can be assured within the cost limit:

c. Participant Safeguards. When the state specifies an individual cost limit in Item B-2-a and there is a change in the participant's condition or circumstances post-entrance to the waiver that requires the provision of services in an amount that exceeds the cost limit in order to assure the participant's health and welfare, the state has established the following safeguards to avoid an adverse impact on the participant (*check each that applies*):

The participant is referred to another waiver that can accommodate the individual's needs.

Additional services in excess of the individual cost limit may be authorized.

Specify the procedures for authorizing additional services, including the amount that may be authorized:

Other safeguard(s)

Specify:

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (1 of 4)

a. Unduplicated Number of Participants. The following table specifies the maximum number of unduplicated participants who are served in each year that the waiver is in effect. The state will submit a waiver amendment to CMS to modify the number of participants specified for any year(s), including when a modification is necessary due to legislative appropriation or another reason. The number of unduplicated participants specified in this table is basis for the cost-neutrality calculations in Appendix J:

Table: B-3-a

Waiver Year	Unduplicated Number of Participants
Year 1	20
Year 2	20
Year 3	20
Year 4	20
Year 5	20

b. Limitation on the Number of Participants Served at Any Point in Time. Consistent with the unduplicated number of participants specified in Item B-3-a, the state may limit to a lesser number the number of participants who will be served at any point in time during a waiver year. Indicate whether the state limits the number of participants in this way: *(select one)* :

The state does not limit the number of participants that it serves at any point in time during a waiver year.

The state limits the number of participants that it serves at any point in time during a waiver year.

The limit that applies to each year of the waiver period is specified in the following table:

Table: B-3-b

Waiver Year	Maximum Number of Participants Served At Any Point During the Year
Year 1	0
Year 2	0
Year 3	0
Year 4	0
Year 5	0

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (2 of 4)

c. Reserved Waiver Capacity. The state may reserve a portion of the participant capacity of the waiver for specified purposes (e.g., provide for the community transition of institutionalized persons or furnish waiver services to individuals experiencing a crisis) subject to CMS review and approval. The state *(select one)*:

Not applicable. The state does not reserve capacity.

The state reserves capacity for the following purpose(s).

Purpose(s) the state reserves capacity for:

Purposes	
Model Waiver	

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (2 of 4)

Purpose (provide a title or short description to use for lookup):

Model Waiver

Purpose (describe):

The purpose of the reserved capacity is to aid in the successful transition of eligible children from skilled nursing facilities to the community. Nursing Home Transition is the voluntary transfer of an eligible Medicaid recipient who has been residing in a nursing home for a minimum of sixty (60) consecutive days, into a less restrictive and more integrated community setting. The intent is to ensure that vacant slots are available in the waiver when nursing home residents desire to transition in the community. Waiver services minimize the barriers to transition and insure that the health and safety of the recipient is maintained following transition.

Entrance to the waiver is based upon the date the application is submitted.

Describe how the amount of reserved capacity was determined:

The amount of reserved capacity was established by the State after assessing several factors. The State examined current and historical nursing home utilization data for the 0 to 20 population. Interviews conducted in September 2012 of parents of children who reside in a skilled nursing facility provide useful data regarding the number of parents who are interested in transitioning their child into the home and community. The determination for the amount of reserved capacity is reflective of the present need identified.

The capacity that the state reserves in each waiver year is specified in the following table:

Waiver Year	Capacity Reserved
Year 1	15
Year 2	15
Year 3	15
Year 4	15
Year 5	15

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served (3 of 4)

d. Scheduled Phase-In or Phase-Out. Within a waiver year, the state may make the number of participants who are served subject to a phase-in or phase-out schedule (*select one*):

The waiver is not subject to a phase-in or a phase-out schedule.

The waiver is subject to a phase-in or phase-out schedule that is included in Attachment #1 to Appendix B-3. This schedule constitutes an intra-year limitation on the number of participants who are served in the waiver.

e. Allocation of Waiver Capacity.

Select one:

Waiver capacity is allocated/managed on a statewide basis.

Waiver capacity is allocated to local/regional non-state entities.

Specify: (a) the entities to which waiver capacity is allocated; (b) the methodology that is used to allocate capacity and how often the methodology is reevaluated; and, (c) policies for the reallocation of unused capacity among local/regional non-state entities:

f. Selection of Entrants to the Waiver. Specify the policies that apply to the selection of individuals for entrance to the waiver:

Entrants must meet the following qualifications to eligible for the Model Waiver:

- The individual must be 20 years of age or younger;
- The individual must be determined disabled using criteria established by the Social Security Administration (SSA);
- The individual must meet an "at risk for hospitalization" level of care as determined by the Children’s Multidisciplinary Assessment Team (CMAT);
- The individual must be able to remain safely in the home with Home and Community Based Services provided through Medicaid; or
- The individual must meet the criteria to be deemed medically fragile and reside 60 consecutive days in a skilled nursing facility.

Parents, Caregivers, or Guardians can make an informed choice to receive home and community based care in lieu of nursing facility care.

Appendix B: Participant Access and Eligibility

B-3: Number of Individuals Served - Attachment #1 (4 of 4)

Answers provided in Appendix B-3-d indicate that you do not need to complete this section.

Appendix B: Participant Access and Eligibility

B-4: Eligibility Groups Served in the Waiver

a. **1. State Classification.** The state is a (*select one*):

- Section 1634 State**
- SSI Criteria State**
- 209(b) State**

2. Miller Trust State.

Indicate whether the state is a Miller Trust State (*select one*):

- No**
- Yes**

b. Medicaid Eligibility Groups Served in the Waiver. Individuals who receive services under this waiver are eligible under the following eligibility groups contained in the state plan. The state applies all applicable federal financial participation limits under the plan. *Check all that apply:*

Eligibility Groups Served in the Waiver (excluding the special home and community-based waiver group under 42 CFR § 435.217)

Parents and Other Caretaker Relatives (42 CFR § 435.110)

Pregnant Women (42 CFR § 435.116)

Infants and Children under Age 19 (42 CFR § 435.118)

SSI recipients

Aged, blind or disabled in 209(b) states who are eligible under 42 CFR § 435.121

Optional state supplement recipients

Optional categorically needy aged and/or disabled individuals who have income at:

Select one:

100% of the Federal poverty level (FPL)

% of FPL, which is lower than 100% of FPL.

Specify percentage:

Working individuals with disabilities who buy into Medicaid (BBA working disabled group as provided in section 1902(a)(10)(A)(ii)(XIII) of the Act)

Working individuals with disabilities who buy into Medicaid (TWWIA Basic Coverage Group as provided in section 1902(a)(10)(A)(ii)(XV) of the Act)

Working individuals with disabilities who buy into Medicaid (TWWIA Medical Improvement Coverage Group as provided in section 1902(a)(10)(A)(ii)(XVI) of the Act)

Disabled individuals age 18 or younger who would require an institutional level of care (TEFRA 134 eligibility group as provided in section 1902(e)(3) of the Act)

Medically needy in 209(b) States (42 CFR § 435.330)

Medically needy in 1634 States and SSI Criteria States (42 CFR § 435.320, § 435.322 and § 435.324)

Other specified groups (include only statutory/regulatory reference to reflect the additional groups in the state plan that may receive services under this waiver)

Specify:

Special home and community-based waiver group under 42 CFR § 435.217) Note: When the special home and community-based waiver group under 42 CFR § 435.217 is included, Appendix B-5 must be completed

No. The state does not furnish waiver services to individuals in the special home and community-based waiver group under 42 CFR § 435.217. Appendix B-5 is not submitted.

Yes. The state furnishes waiver services to individuals in the special home and community-based waiver group under 42 CFR § 435.217.

Select one and complete Appendix B-5.

All individuals in the special home and community-based waiver group under 42 CFR § 435.217

Only the following groups of individuals in the special home and community-based waiver group under 42 CFR § 435.217

Check each that applies:

A special income level equal to:

Select one:

300% of the SSI Federal Benefit Rate (FBR)

A percentage of FBR, which is lower than 300% (42 CFR § 435.236)

Specify percentage:

A dollar amount which is lower than 300%.

Specify dollar amount:

Aged, blind and disabled individuals who meet requirements that are more restrictive than the SSI program (42 CFR § 435.121)

Medically needy without spend down in states which also provide Medicaid to recipients of SSI (42 CFR § 435.320, § 435.322 and § 435.324)

Medically needy without spend down in 209(b) States (42 CFR § 435.330)

Aged and disabled individuals who have income at:

Select one:

100% of FPL

% of FPL, which is lower than 100%.

Specify percentage amount:

Other specified groups (include only statutory/regulatory reference to reflect the additional groups in the state plan that may receive services under this waiver)

Specify:

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (1 of 7)

In accordance with 42 CFR § 441.303(e), Appendix B-5 must be completed when the state furnishes waiver services to individuals in the special home and community-based waiver group under 42 CFR § 435.217, as indicated in Appendix B-4. Post-eligibility applies only to the 42 CFR § 435.217 group.

a. Use of Spousal Impoverishment Rules. Indicate whether spousal impoverishment rules are used to determine eligibility for the special home and community-based waiver group under 42 CFR § 435.217:

Note: For the period beginning January 1, 2014 and extending through September 30, 2027 (or other date as required by law), the following instructions are mandatory. The following box should be checked for all waivers that furnish waiver services to the 42 CFR § 435.217 group effective at any point during this time period.

Spousal impoverishment rules under section 1924 of the Act are used to determine the eligibility of individuals with a community spouse for the special home and community-based waiver group. In the case of a participant with a community spouse, the state uses spousal post-eligibility rules under section 1924 of the Act.

Complete Items B-5-e (if the selection for B-4-a-i is SSI State or section 1634) or B-5-f (if the selection for B-4-a-i is 209b State) and Item B-5-g unless the state indicates that it also uses spousal post-eligibility rules for the time period after September 30, 2027 (or other date as required by law).

Note: The following selections apply for the time period after September 30, 2027 (or other date as required by law) (select one).

Spousal impoverishment rules under section 1924 of the Act are used to determine the eligibility of individuals with a community spouse for the special home and community-based waiver group.

In the case of a participant with a community spouse, the state elects to (select one):

Use spousal post-eligibility rules under section 1924 of the Act.

(Complete Item B-5-b (SSI State) and Item B-5-d)

Use regular post-eligibility rules under 42 CFR § 435.726 (Section 1634 State/SSI Criteria State) or under § 435.735 (209b State)

(Complete Item B-5-b (SSI State). Do not complete Item B-5-d)

Spousal impoverishment rules under section 1924 of the Act are not used to determine eligibility of individuals with a community spouse for the special home and community-based waiver group. The state uses regular post-eligibility rules for individuals with a community spouse.

(Complete Item B-5-b (SSI State). Do not complete Item B-5-d)

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (2 of 7)

Note: The following selections apply for the time period after September 30, 2027 (or other date as required by law).

b. Regular Post-Eligibility Treatment of Income: Section 1634 State and SSI Criteria State after September 30, 2027 (or other date as required by law).

The state uses the post-eligibility rules at 42 CFR § 435.726 for individuals who do not have a spouse or have a spouse who is not a community spouse as specified in ?1924 of the Act. Payment for home and community-based waiver services is reduced by the amount remaining after deducting the following allowances and expenses from the waiver participant's income:

i. Allowance for the needs of the waiver participant (select one):

The following standard included under the state plan

Select one:

SSI standard

Optional state supplement standard

Medically needy income standard

The special income level for institutionalized persons

(select one):

300% of the SSI Federal Benefit Rate (FBR)

A percentage of the FBR, which is less than 300%

Specify the percentage:

A dollar amount which is less than 300%.

Specify dollar amount:

A percentage of the Federal poverty level

Specify percentage:

Other standard included under the state plan

Specify:

The following dollar amount

Specify dollar amount: If this amount changes, this item will be revised.

The following formula is used to determine the needs allowance:

Specify:

Other

Specify:

The maintenance needs allowance is equal to the individual's total income as determined under the post eligibility process which includes income that is placed in a Miller trust.

ii. Allowance for the spouse only (select one):

Not Applicable

The state provides an allowance for a spouse who does not meet the definition of a community spouse in section 1924 of the Act. Describe the circumstances under which this allowance is provided:

Specify:

Specify the amount of the allowance (select one):

SSI standard

Optional state supplement standard

Medically needy income standard

The following dollar amount:

Specify dollar amount: If this amount changes, this item will be revised.

The amount is determined using the following formula:

Specify:

iii. Allowance for the family (select one):

Not Applicable (see instructions)

AFDC need standard

Medically needy income standard

The following dollar amount:

Specify dollar amount: The amount specified cannot exceed the higher of the need standard for a family of the same size used to determine eligibility under the state's approved AFDC plan or the medically needy income standard established under 42 CFR § 435.811 for a family of the same size. If this amount changes, this item will be revised.

The amount is determined using the following formula:

Specify:

[Empty text box]

Other

Specify:

[Empty text box]

iv. Amounts for incurred medical or remedial care expenses not subject to payment by a third party, specified in 42 CFR § 435.726:

- a. Health insurance premiums, deductibles and co-insurance charges
- b. Necessary medical or remedial care expenses recognized under state law but not covered under the state's Medicaid plan, subject to reasonable limits that the state may establish on the amounts of these expenses.

Select one:

Not Applicable (see instructions) *Note: If the state protects the maximum amount for the waiver participant, not applicable must be selected.*

The state does not establish reasonable limits.

The state establishes the following reasonable limits

Specify:

[Empty text box]

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (3 of 7)

Note: The following selections apply for the time period after September 30, 2027 (or other date as required by law).

- c. Regular Post-Eligibility Treatment of Income: 209(b) State or after September 30, 2027 (or other date as required by law).**

Answers provided in Appendix B-4 indicate that you do not need to complete this section and therefore this section is not visible.

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (4 of 7)

Note: The following selections apply for the time period after September 30, 2027 (or other date as required by law).

- d. Post-Eligibility Treatment of Income Using Spousal Impoverishment Rules after September 30, 2027 (or other date as required by law)**

The state uses the post-eligibility rules of section 1924(d) of the Act (spousal impoverishment protection) to determine the contribution of a participant with a community spouse toward the cost of home and community-based care if it determines the individual's eligibility under section 1924 of the Act. There is deducted from the participant's monthly income a

personal needs allowance (as specified below), a community spouse's allowance and a family allowance as specified in the state Medicaid Plan. The state must also protect amounts for incurred expenses for medical or remedial care (as specified below).

i. Allowance for the personal needs of the waiver participant

(select one):

SSI standard

Optional state supplement standard

Medically needy income standard

The special income level for institutionalized persons

A percentage of the Federal poverty level

Specify percentage:

The following dollar amount:

Specify dollar amount: If this amount changes, this item will be revised

The following formula is used to determine the needs allowance:

Specify formula:

Other

Specify:

Personal needs allowance is defined as:

For enrollees living in an assisted living facility, the personal needs allowance is calculated according to the following formula: Three meals per day and the semi-private room rate (ALF Basic Room and Board Rate) + 20% of the Federal Poverty Level (FPL).

For community waiver participants not residing in the assisted living setting, the personal needs allowance will equal the participant's income up to the 300% SSI amount. In addition, excess income is defined as the recipient's income after deductions for personal needs allowance, spousal impoverishment allowance, and reasonable costs of incurred medical and remedial care as detailed in 42 CFR. For community waiver residents all income up to the 300% SSI income limit is protected.

As a Miller Income Trust state, Florida requires waiver applicants to place income over the 300% SSI income level into an approved income trust. Any income placed in the required income trust will be included in the excess income or patient responsibility calculation. Patient responsibility is collected by the LTC plan and applied against home and community-based service costs only. Plans are required to report patient responsibility collections to the state. The collections are reviewed during the annual plan reconciliation to verify the application of the patient responsibility funds to reduce home and community based services only.

ii. If the allowance for the personal needs of a waiver participant with a community spouse is different from the amount used for the individual's maintenance allowance under 42 CFR § 435.726 or 42 CFR § 435.735, explain why this amount is reasonable to meet the individual's maintenance needs in the community.

Select one:

Allowance is the same

Allowance is different.

Explanation of difference:

iii. Amounts for incurred medical or remedial care expenses not subject to payment by a third party, specified in 42 CFR § 435.726 or 42 CFR § 435.735:

- a. Health insurance premiums, deductibles and co-insurance charges
- b. Necessary medical or remedial care expenses recognized under state law but not covered under the state's Medicaid plan, subject to reasonable limits that the state may establish on the amounts of these expenses.

Select one:

Not Applicable (see instructions) *Note: If the state protects the maximum amount for the waiver participant, not applicable must be selected.*

The state does not establish reasonable limits.

The state uses the same reasonable limits as are used for regular (non-spousal) post-eligibility.

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (5 of 7)

Note: The following selections apply for the period beginning January 1, 2014 and extending through September 30, 2027 (or other date as required by law).

- e. Regular Post-Eligibility Treatment of Income: Section 1634 State or SSI Criteria State – January 1, 2014 through September 30, 2027 (or other date as required by law).**

Answers provided in Appendix B-5-a indicate the selections in B-5-b also apply to B-5-e.

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (6 of 7)

Note: The following selections apply for the period beginning January 1, 2014 and extending through September 30, 2027 (or other date as required by law).

- f. Regular Post-Eligibility Treatment of Income: 209(b) State ? January 1, 2014 through September 30, 2027 (or other date as required by law).**

Answers provided in Appendix B-4 indicate that you do not need to complete this section and therefore this section is not visible.

Appendix B: Participant Access and Eligibility

B-5: Post-Eligibility Treatment of Income (7 of 7)

Note: The following selections apply for the period beginning January 1, 2014 and extending through September 30, 2027 (or other date as required by law).

- g. Post-Eligibility Treatment of Income Using Spousal Impoverishment Rules – January 1, 2014 through September 30, 2027 (or other date as required by law).**

The state uses the post-eligibility rules of section 1924(d) of the Act (spousal impoverishment protection) to determine the contribution of a participant with a community spouse toward the cost of home and community-based care. There is deducted from the participant's monthly income a personal needs allowance (as specified below), a community spouse's

allowance and a family allowance as specified in the state Medicaid Plan. The state must also protect amounts for incurred expenses for medical or remedial care (as specified below).

Answers provided in Appendix B-5-a indicate the selections in B-5-d also apply to B-5-g.

Appendix B: Participant Access and Eligibility

B-6: Evaluation/Reevaluation of Level of Care

As specified in 42 CFR § 441.302(c), the state provides for an evaluation (and periodic reevaluations) of the need for the level(s) of care specified for this waiver, when there is a reasonable indication that an individual may need such services in the near future (one month or less), but for the availability of home and community-based waiver services.

a. Reasonable Indication of Need for Services. In order for an individual to be determined to need waiver services, an individual must require: (a) the provision of at least one waiver service, as documented in the service plan, and (b) the provision of waiver services at least monthly or, if the need for services is less than monthly, the participant requires regular monthly monitoring which must be documented in the service plan. Specify the state's policies concerning the reasonable indication of the need for services:

i. Minimum number of services.

The minimum number of waiver services (one or more) that an individual must require in order to be determined to need waiver services is:

ii. Frequency of services. The state requires (select one):

The provision of waiver services at least monthly

Monthly monitoring of the individual when services are furnished on a less than monthly basis

If the state also requires a minimum frequency for the provision of waiver services other than monthly (e.g., quarterly), specify the frequency:

b. Responsibility for Performing Evaluations and Reevaluations. Level of care evaluations and reevaluations are performed (*select one*):

Directly by the Medicaid agency

By the operating agency specified in Appendix A

By an entity under contract with the Medicaid agency.

Specify the entity:

Other

Specify:

The Model Waiver level of care evaluations and reevaluations are performed through the DOH's CMS, specifically by their Children's Multi-disciplinary Assessment Team (CMAT).

c. Qualifications of Individuals Performing Initial Evaluation: Per 42 CFR § 441.303(c)(1), specify the educational/professional qualifications of individuals who perform the initial evaluation of level of care for waiver applicants:

Initial evaluations will be completed by a medical physician (MD or DO), registered nurse (RN) or an advanced registered nurse practitioner (ARNP).

A medical physician must be licensed as one of the following:

Medical physician (MD) within the scope of the practice of medicine as defined in Chapter 458, Florida Statutes; Osteopathic physician (DO) within the scope of the practice of osteopathic medicine as defined in Chapter 459, Florida Statutes; or

Medical or osteopathic physician licensed in the state in which the service is provided.

A registered nurse is an individual who is licensed to practice professional nursing in accordance with Chapter 464, Florida Statutes.

An Advanced Registered Nurse Practitioner (ARNP) is a licensed advanced registered nurse practitioner who works in collaboration with a physician according to protocol to provide diagnostic and interventional patient care. An Advanced Registered Nurse Practitioner (ARNP) must be authorized to provide these services by Chapter 464, Florida Statutes, and protocols filed with the Board of Medicine.

- d. Level of Care Criteria.** Fully specify the level of care criteria that are used to evaluate and reevaluate whether an individual needs services through the waiver and that serve as the basis of the state's level of care instrument/tool. Specify the level of care instrument/tool that is employed. State laws, regulations, and policies concerning level of care criteria and the level of care instrument/tool are available to CMS upon request through the Medicaid agency or the operating agency (if applicable), including the instrument/tool utilized.

The following level of care (LOC) criteria are used to evaluate and reevaluate whether an individual needs services through the Model Waiver and is a component of the level of care instrument/tool.

Model Waiver recipients LOC criteria must meet the following:

1. "at risk of hospitalization" or skilled nursing facility by the CMAT
2. Able to live safely at home with the Medicaid Home and Community Based Services made available to the recipient.

Level of Care: The assessment interviews for waiver applicants are conducted by the CMAT team using the Level of Care AHCA Form 5000-28. The completed assessment forms are reviewed by CMAT to determine the level of care for waiver services. In order to qualify for the Model Waiver services, the applicant must qualify as "At Risk For Hospitalization" or must meet skilled nursing facility level of care. The completed AHCA Form 5000-28 is sent to the Medicaid Agency for review and approval.

- e. Level of Care Instrument(s).** Per 42 CFR § 441.303(c)(2), indicate whether the instrument/tool used to evaluate level of care for the waiver differs from the instrument/tool used to evaluate institutional level of care (*select one*):

The same instrument is used in determining the level of care for the waiver and for institutional care under the state plan.

A different instrument is used to determine the level of care for the waiver than for institutional care under the state plan.

Describe how and why this instrument differs from the form used to evaluate institutional level of care and explain how the outcome of the determination is reliable, valid, and fully comparable.

- f. Process for Level of Care Evaluation/Reevaluation:** Per 42 CFR § 441.303(c)(1), describe the process for evaluating waiver applicants for their need for the level of care under the waiver. If the reevaluation process differs from the evaluation process, describe the differences:

The assessment interviews for waiver applicants are conducted by Childrens Multi-disciplinary Assessment Team (CMAT) program staff using the Level of Care AHCA Form 5000-28. The completed assessment forms are reviewed by CMAT to determine level of care for waiver services. In order to qualify for the Model Waiver services the applicant must qualify as at risk for hospitalization or must meet skilled nursing facility level of care and reside in a skilled nursing facility for a minimum of 60 days. The completed AHCA Form 5000-28 is sent to the Model Waiver analyst for review and approval.

After a recipient as been placed on the Model Waiver their level of care will be reevaluated annually by the same instrument and process used for the initial Level of Care evaluation, the AHCA Form 5000-28. The completed form is then sent to Medicaid Headquarter Model Waiver analyst for notificaiton that the recipient continues to meet level of care at risk for hospitalization or skilled nursing facility level of care in order to remain on the Model Waiver.

g. Reevaluation Schedule. Per 42 CFR § 441.303(c)(4), reevaluations of the level of care required by a participant are conducted no less frequently than annually according to the following schedule (*select one*):

Every three months

Every six months

Every twelve months

Other schedule

Specify the other schedule:

h. Qualifications of Individuals Who Perform Reevaluations. Specify the qualifications of individuals who perform reevaluations (*select one*):

The qualifications of individuals who perform reevaluations are the same as individuals who perform initial evaluations.

The qualifications are different.

Specify the qualifications:

i. Procedures to Ensure Timely Reevaluations. Per 42 CFR § 441.303(c)(4), specify the procedures that the state employs to ensure timely reevaluations of level of care (*specify*):

The waiver recipients' care coordinator, through CMS will track the due date for reevaluation as a part of their case management responsibilities. The care coordinator will initiate activity to obtain the referral form from the reciepients' physician and will complete all other necessary requirements with sufficient time to complete a referral to the CMAT by the date which will permit a timely reevaluation.

j. Maintenance of Evaluation/Reevaluation Records. Per 42 CFR § 441.303(c)(3), the state assures that written and/or electronically retrievable documentation of all evaluations and reevaluations are maintained for a minimum period of 3 years as required in 45 CFR § 92.42. Specify the location(s) where records of evaluations and reevaluations of level of care are maintained:

1. The care coordinator is responsible for developing and maintaining a central case record for every Model Waiver recipient. The purpose of this central record is to assure that information regarding the recipient's condition and service provision is contained in a single location to promote continuity and quality of care. It is the basis for quality assurance monitoring.
2. The Medicaid office at the AHCA Headquarters must keep a working file of each Model Waiver recipient receiving services in their area. This working file will include current copies of each recipients Level of Care (LOC) evaluations and Plan of Care (POC).
3. The Model Waiver analyst at the Medicaid Agency will also receive copies of evaluations and reevaluations of LOC and POC from the area office contact.

Appendix B: Evaluation/Reevaluation of Level of Care

Quality Improvement: Level of Care

As a distinct component of the state's quality improvement strategy, provide information in the following fields to detail the state's methods for discovery and remediation.

a. Methods for Discovery: Level of Care Assurance/Sub-assurances

The state demonstrates that it implements the processes and instrument(s) specified in its approved waiver for evaluating/reevaluating an applicant's/waiver participant's level of care consistent with level of care provided in a hospital, NF or ICF/IID.

i. Sub-Assurances:

- a. *Sub-assurance: An evaluation for LOC is provided to all applicants for whom there is reasonable indication that services may be needed in the future.*

Performance Measures

For each performance measure the state will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Percentage of applicants receiving a level of care determination prior to enrollment.

Numerator: Number of applicants receiving a level of care determination prior to enrollment. Denominator: Number of applicants.

Data Source (Select one):

Record reviews, on-site

If 'Other' is selected, specify:

Responsible Party for data collection/generation <i>(check each that applies):</i>	Frequency of data collection/generation <i>(check each that applies):</i>	Sampling Approach <i>(check each that applies):</i>
State Medicaid Agency	Weekly	100% Review

Operating Agency	Monthly	Less than 100% Review
Sub-State Entity	Quarterly	Representative Sample Confidence Interval = <input type="text"/>
Other Specify: <input type="text"/>	Annually	Stratified Describe Group: <input type="text"/>
	Continuously and Ongoing	Other Specify: <input type="text"/>
	Other Specify: <input type="text"/>	

Data Aggregation and Analysis:

Responsible Party for data aggregation and analysis (check each that applies):	Frequency of data aggregation and analysis(check each that applies):
State Medicaid Agency	Weekly
Operating Agency	Monthly
Sub-State Entity	Quarterly
Other Specify: <input type="text"/>	Annually

	<div style="border: 1px solid black; height: 40px; width: 100%;"></div>

b. Sub-assurance: The levels of care of enrolled participants are reevaluated at least annually or as specified in the approved waiver.

Performance Measures

For each performance measure the state will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

c. Sub-assurance: The processes and instruments described in the approved waiver are applied appropriately and according to the approved description to determine participant level of care.

Performance Measures

For each performance measure the state will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Percentage of initial level of care determinations that are accurately completed in accordance with State policies and procedures. Numerator: Number of initial level of care determinations that were accurately completed in accordance with State policies and procedures. Denominator: Number of initial level of care determinations.

Data Source (Select one):

Record reviews, on-site

If 'Other' is selected, specify:

Responsible Party for data collection/generation <i>(check each that applies):</i>	Frequency of data collection/generation <i>(check each that applies):</i>	Sampling Approach <i>(check each that applies):</i>

	<input type="text"/>

ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the state to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

b. Methods for Remediation/Fixing Individual Problems

i. Describe the state's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction and the state's method for analyzing information from individual problems, identifying systemic deficiencies, and implementing remediation actions. In addition, provide information on the methods used by the state to document these items.

The recipient's CMAT Nurse and eQ Health Care Coordinator will participate in the LOC staffing. The CMAT Nurse serves as an advocate on behalf of the recipient to ensure that the LOC determination process was appropriate in assessing the recipient's risk level. The eQ Health Care Coordinator serves as an advocate for the recipient in making sure that he or she receives the services that are necessary. In addition, the recipient is informed of their right to request a fair hearing under the authority of 42 CFR Part 431, Subpart E, if they are not satisfied with the LOC determination process.

ii. Remediation Data Aggregation

Remediation-related Data Aggregation and Analysis (including trend identification)

Responsible Party (<i>check each that applies</i>):	Frequency of data aggregation and analysis (<i>check each that applies</i>):

Operating Agency	Monthly
Sub-State Entity	Quarterly
Other Specify: <input type="text"/>	Annually
	Continuously and Ongoing
	Other Specify: <input type="text"/>

c. Timelines

When the state does not have all elements of the quality improvement strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Level of Care that are currently non-operational.

No

Yes

Please provide a detailed strategy for assuring Level of Care, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix B: Participant Access and Eligibility

B-7: Freedom of Choice

Freedom of Choice. As provided in 42 CFR § 441.302(d), when an individual is determined to be likely to require a level of care for this waiver, the individual or his or her legal representative is:

- i. informed of any feasible alternatives under the waiver; and
- ii. given the choice of either institutional or home and community-based services.

a. Procedures. Specify the state's procedures for informing eligible individuals (or their legal representatives) of the feasible alternatives available under the waiver and allowing these individuals to choose either institutional or waiver services. Identify the form(s) that are employed to document freedom of choice. The form or forms are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

All waiver recipients receive information from their care coordinator who provides comprehensive information detailing the medical services package available to the participant in the home and community. The recipient is given the choice to receive services in the waiver or receive services in an institutional setting.

As part of the MW enrollment process the AHCA Form 5000-26 is read/explained and given to the participant and family to sign and date, if they chose to participate in this waiver.

MODEL WAIVER

PARTICIPANT RIGHTS AND RESPONSIBILITIES

Your child has been determined eligible to receive home and community based services under the Model Waiver program. Under this program you have certain rights and responsibilities on behalf of your child. These include:

I. Freedom of Choice

You have the right to choose care for your child through this Model Waiver program or admission to a hospital. You have the right to choose care for your child through the Model Waiver program or receive care from a skilled nursing facility. You have the right to choose the service providers from whom your child will receive Model Waiver services. You have the right to choose any care coordinator to the extent they are available and have chosen to participate in this program.

II. Right of Appeal

If your child is denied a service you believe he or she is eligible to receive, you have the right to appeal the decision. Pursuant to 42 CFR, Part 431, subpart E, the decision may be appealed by requesting a Fair Hearing by a State Hearings Office with the DCF.

III. Responsibilities

You are responsible for assisting your care coordinator in developing your child's Plan of Care and schedule of services. You are responsible for notifying your care coordinator when you have problems in obtaining services or when you are dissatisfied with the care.

You are responsible for following health care instructions to the best of your ability.

I certify that I have received and reviewed a copy of this Model Waiver, Participant Rights and Responsibilities. I agree to abide by and adhere to the responsibilities listed above.

Parent/Legal Guardian Signature Date

AHCA Form 5000-26

b. Maintenance of Forms. Per 45 CFR § 92.42, written copies or electronically retrievable facsimiles of Freedom of Choice forms are maintained for a minimum of three years. Specify the locations where copies of these forms are maintained.

Copies of forms documenting freedom of choice will be maintained by care coordinators, and the Medicaid Agency.

Appendix B: Participant Access and Eligibility

B-8: Access to Services by Limited English Proficiency Persons

Access to Services by Limited English Proficient Persons. Specify the methods that the state uses to provide meaningful access to the waiver by Limited English Proficient persons in accordance with the Department of Health and Human Services "Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons" (68 FR 47311 - August 8, 2003):

Waiver access to Limited English Proficient individuals will be provided through interpreters. Documents and communications that are translated in to the primary language of the recipient will also be used. In absence of CMS staff who are proficient in the language of the applicant, translators will be located through established registries maintained by other state and government agencies or through local educational institutions.

Appendix C: Participant Services

C-1: Summary of Services Covered (1 of 2)

a. Waiver Services Summary. List the services that are furnished under the waiver in the following table. If case management is not a service under the waiver, complete items C-1-b and C-1-c:

Service Type	Service		
Statutory Service	Respite		
Extended State Plan Service	Transition Case Management		
Other Service	Environmental Accessibility Adaptations

Service is included in approved waiver. There is no change in service specifications.

Service is included in approved waiver. The service specifications have been modified.

Service is not included in the approved waiver.

Service Definition (Scope):

Respite care services are provided on a short-term basis as a temporary support to the recipient's family. It may be provided in the absence of or for relief of the recipients family. Respite care may be used to meet a range of recipient needs. These include:

1. Family emergencies;
2. Planned absences, such as vacations, hospitalizations or business trips;
3. Relief from the stresses of caregiving; and
4. Giving the child respite from his family.

Respite care may be provided in the recipient's home, place of residence or a Medicaid certified hospital.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Respite care service providers are not reimbursed separately for transportation and travel cost. These costs are integral components of respite care services, and are included in the basic fee.

Respite care services that have been determined medically necessary are limited to the amount, duration, and scope of the service described on the recipients support plan and current approved cost plan to foster health, safety, and welfare of the recipient. Provider reimbursement guidelines are set by the Agency for Health Care Administration with input from CMS, these guidelines are incorporated by reference in Rule 59G-13.083 Florida Administrative Code. 1 unit is equal to 15 minutes and cost \$8.00 per unit. Total units of respite services allowed through the Model Waiver is 970. Total units of service are based on a state fiscal year. Respite care services can be used to provide temporary relief to primary caregivers when this function cannot be accommodated by other providers (e.g. homemaker, home health aide, companion, day care, etc.) in conjunction with their assigned responsibilities. Respite care services can be provided on a 24-hour basis, but are limited to a total of ten (10) 24-hour days per calendar year.

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one :

Service is included in approved waiver. There is no change in service specifications.

Service is included in approved waiver. The service specifications have been modified.

Service is not included in the approved waiver.

Service Definition *(Scope):*

Transition Case Management services are specialized case management services provided to Medicaid waiver eligible recipients who currently reside in a nursing home and wish to transition to a less restrictive and more integrated environment within the community. Nursing home transition case managers will work with an individual residing in a nursing home to facilitate that individual’s return to a safe and appropriate community setting. Case managers will include the individual’s caregivers or legal representatives in the planning for transition.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

There are no limits for this medically necessary service all candidates are 0 to 20 years of age. Transition case management may be furnished as a waiver service to Medicaid eligible individuals residing in nursing facilities for up 180 consecutive days (six months) prior to discharge from the nursing facility. The case management entity is not authorized to bill for the service provided until after the individual is discharged from the nursing facility and enrolled as a waiver participant.

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one :

Service is included in approved waiver. There is no change in service specifications.

Service is included in approved waiver. The service specifications have been modified.

Service is not included in the approved waiver.

Service Definition (Scope):

Environmental accessibility adaptations are physical modifications to the recipients home that:

Are necessary to ensure the health, welfare and safety of the recipient, or enable the recipient to function with greater independence in the home; and if not completed, the recipient would require institutionalization.

The following are examples of modifications reimbursed through the Model Waiver:

Installation of ramps and grab-bars;
Widening of doorways,
Changes to bathroom facilities; and
Installation of specialized electric and plumbing systems necessary to accommodate required medical equipment and supplies.

All modification services must be provided in accordance with applicable state and local building codes.

Excluded Modifications:

Those adaptations or improvements to the home that are general utility and not of direct medical or remedial benefit to the recipient are not reimbursed through the Modal Waiver.

Examples of excluded modifications are:

Carpeting;
Roof repair;
Central air conditioning; or
Changes that add to the total square footage of the home.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Service Requirements:
This service will only be reimbursed based on certification through an assistive technology service evaluation that such modifications are necessary to prevent institutionalization.
One occurrence per year and cannot exceed \$5,000.00

Service Limitations:
Environmental accessibility adaptation services are limited to the amount, duration and scope of services described in the recipients plan of care.

Service Delivery Method (check each that applies):

- Participant-directed as specified in Appendix E**
- Provider managed**
- Remote/via Telehealth**

Specify whether the service may be provided by (check each that applies):

Legally Responsible Person

Relative

Legal Guardian

Provider Specifications:

Service Type: Other Service

Service Name: Environmental Accessiblity Adaptations

Provider Category:

Agency

Provider Type:

Environmental Accessibility Adaptions

Provider Qualifications

License (specify):

Department of Business and Professional Regulations (DBPR) in accordance with Chapter 489, F.S.

Certificate (specify):

Other Standard (specify):

Model Waiver Provider Qualifications

Medicaid Model Waiver providers must:

- Be enrolled with the Medicaid fiscal agent as a Model Waiver provider, and
- Not be currently suspended from Medicare or Medicaid in any state.

Providers who furnish environmental accessibility adaptations must be contractors licensed by the Department of Business and Professional Regulations (DBPR) in accordance with Chapter 489, F.S.

Verification of Provider Qualifications

Entity Responsible for Verification:

Agency for Health Care Administration

Frequency of Verification:

Upon Enrollment

Appendix C: Participant Services

C-1: Summary of Services Covered (2 of 2)

b. Provision of Case Management Services to Waiver Participants. Indicate how case management is furnished to waiver

participants (*select one*):

Not applicable - Case management is not furnished as a distinct activity to waiver participants.

Applicable - Case management is furnished as a distinct activity to waiver participants.

Check each that applies:

As a waiver service defined in Appendix C-3. Do not complete item C-1-c.

As a Medicaid state plan service under section 1915(i) of the Act (HCBS as a State Plan Option). Complete item C-1-c.

As a Medicaid state plan service under section 1915(g)(1) of the Act (Targeted Case Management). Complete item C-1-c.

As an administrative activity. Complete item C-1-c.

As a primary care case management system service under a concurrent managed care authority. Complete item C-1-c.

As a Medicaid state plan service under section 1945 and/or section 1945A of the Act (Health Homes Comprehensive Care Management). Complete item C-1-c.

c. Delivery of Case Management Services. Specify the entity or entities that conduct case management functions on behalf of waiver participants and the requirements for their training on the HCBS settings regulation and person-centered planning requirements:

A care coordinator is assigned to each Model Waiver recipient to ensure continuity of care and that the recipient and their family are receiving all necessary support and services available through the waiver. Each participant will have a multidisciplinary staffing which includes both the care coordinator and the CMAT nurse to aid in establishing the best approach to meet their needs.

d. Remote/Telehealth Delivery of Waiver Services. Specify whether each waiver service that is specified in Appendix C-1/C-3 can be delivered remotely/via telehealth.

Service
Respite
Transition Case Management
Environmental Accessibility Adaptations

1. Will any in-person visits be required?

Yes.

No.

2. By checking each box below, the state assures that it will address the following when delivering the service remotely/via telehealth.

The remote service will be delivered in a way that respects privacy of the individual especially in instances of toileting, dressing, etc. Explain:

How the telehealth service delivery will facilitate community integration. Explain:

How the telehealth will ensure the successful delivery of services for individuals who need hands on assistance/physical assistance, including whether the service can be rendered without someone who is physically present or is separated from the individual. *Explain:*

How the state will support individuals who need assistance with using the technology required for telehealth delivery of the service. *Explain:*

How the telehealth will ensure the health and safety of an individual. *Explain:*

Appendix C: Participant Services

C-2: General Service Specifications (1 of 3)

a. Criminal History and/or Background Investigations. Specify the state's policies concerning the conduct of criminal history and/or background investigations of individuals who provide waiver services (select one):

No. Criminal history and/or background investigations are not required.

Yes. Criminal history and/or background investigations are required.

Specify: (a) the types of positions (e.g., personal assistants, attendants) for which such investigations must be conducted; (b) the scope of such investigations (e.g., state, national); and, (c) the process for ensuring that mandatory investigations have been conducted. State laws, regulations and policies referenced in this description are available to CMS upon request through the Medicaid or the operating agency (if applicable):

Chapter 435, Florida Statutes, states all employees or employers required by law to be screened shall undergo background screenings. Florida Medicaid requires screening of all providers and provider employees according to type of service provided. The screening requirements listed below apply to health care facilities or provider types which are licensed by the Agency for Health Care Administration (AHCA) and included as providers under this waiver program: Model Waiver. These provider types are subject to screening as required by Florida Statutes:

- Direct Care Staff - Level I Criminal History Screening
- Owner/Administrator - Level II Criminal History Screening
- Financial Officer - Level II Criminal History Screening

Level I Screening Standards:

- Level I Criminal History - consists of a query of the Florida Department of Law Enforcement (FDLE) database for the criminal arrest history of an individual.
- This screening shall include, but is not limited to: employment history checks; statewide criminal correspondence checks; and may include local criminal records checks through local law enforcement agencies.

Level II Screening Standards:

- Level II Criminal History - consists of a search of the FDLE and the Federal Bureau of Investigations (FBI) databases for any criminal arrest information both state and nationally.
- This screening shall include, but is not limited to: fingerprinting for all purposes; statewide criminal and juvenile records checks; federal criminal records checks; and may include local criminal records checks through local law enforcement agencies.

(c) All provider referral agreements are inspected prior to enrollment and then monitored annually by the Model Waiver analyst. This process verifies the provider background screenings and provider qualifications prior to renewal of the referral agreement for services.

In reference to facilities, to ensure that all background screening requirements have been met, interpretive guidelines for annual licensure surveys require state surveyors to conduct personnel record reviews to verify that facilities have evidence of required screening. As part of AHCA monitoring activities, each site's personnel records for their subcontracted service providers are sampled for review to verify compliance with background screening requirements.

b. Abuse Registry Screening. Specify whether the state requires the screening of individuals who provide waiver services through a state-maintained abuse registry (select one):

No. The state does not conduct abuse registry screening.

Yes. The state maintains an abuse registry and requires the screening of individuals through this registry.

Specify: (a) the entity (entities) responsible for maintaining the abuse registry; (b) the types of positions for which abuse registry screenings must be conducted; (c) the process for ensuring that mandatory screenings have been conducted; and (d) the process for ensuring continuity of care for a waiver participant whose service provider was added to the abuse registry. State laws, regulations and policies referenced in this description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable):

Note: Required information from this page is contained in response to C-5.

Appendix C: Participant Services

C-2: General Service Specifications (3 of 3)

d. Provision of Personal Care or Similar Services by Legally Responsible Individuals. A legally responsible individual is any person who has a duty under state law or regulations to care for another person (e.g., the parent (biological or adoptive) of a minor child or the guardian of a minor child who must provide care to the child). At the option of the state and under extraordinary circumstances specified by the state, payment may be made to a legally responsible individual for the provision of personal care or similar services. *Select one:*

No. The state does not make payment to legally responsible individuals for furnishing personal care or similar services.

Yes. The state makes payment to legally responsible individuals for furnishing personal care or similar services when they are qualified to provide the services.

Specify: (a) the types of legally responsible individuals who may be paid to furnish such services and the services they may provide; (b) the method for determining that the amount of personal care or similar services provided by a legally responsible individual is "*extraordinary care*", exceeding the ordinary care that would be provided to a person without a disability or chronic illness of the same age, and which are necessary to assure the health and welfare of the participant and avoid institutionalization; (c) the state policies to determine that the provision of services by a legally responsible individual is in the best interest of the participant; (d) the state processes to ensure that legally responsible individuals who have decision-making authority over the selection of waiver service providers use substituted judgement on behalf of the individual; (e) any limitations on the circumstances under which payment will be authorized or the amount of personal care or similar services for which payment may be made; (f) any additional safeguards the state implements when legally responsible individuals provide personal care or similar services; and, (g) the procedures that are used to implement required state oversight, such as ensuring that payments are made only for services rendered. *Also, specify in Appendix C-1/C-3 the personal care or similar services for which payment may be made to legally responsible individuals under the state policies specified here.*

e. Other State Policies Concerning Payment for Waiver Services Furnished by Relatives/Legal Guardians. Specify state policies concerning making payment to relatives/legal guardians for the provision of waiver services over and above the policies addressed in Item C-2-d. *Select one:*

The state does not make payment to relatives/legal guardians for furnishing waiver services.

The state makes payment to relatives/legal guardians under specific circumstances and only when the relative/guardian is qualified to furnish services.

Specify the types of relatives/legal guardians to whom payment may be made, the services for which payment may be made, the specific circumstances under which payment is made, and the method of determining that such circumstances apply. Also specify any limitations on the amount of services that may be furnished by a relative or legal guardian, and any additional safeguards the state implements when relatives/legal guardians provide waiver services. Specify the state policies to determine that the provision of services by a relative/legal guardian is in the best interests of the individual. When the relative/legal guardian has decision-making authority over the selection of providers of waiver services, specify the state's process for ensuring that the relative/legal guardian uses substituted judgement on behalf of the individual. Specify the procedures that are employed to ensure that payments are made only for services rendered. *Also, specify in Appendix C-1/C-3 each waiver service for which payment may be made to relatives/legal guardians.*

Relatives/legal guardians may be paid for providing waiver services whenever the relative/legal guardian is qualified to provide services as specified in Appendix C-1/C-3.

Specify the controls that are employed to ensure that payments are made only for services rendered.

Other policy.

Specify:

f. Open Enrollment of Providers. Specify the processes that are employed to assure that all willing and qualified providers have the opportunity to enroll as waiver service providers as provided in 42 CFR § 431.51:

The Medicaid Agency works with the APD to solicit current Home and Community-Based Services Waiver providers in good standing to provide services to the Model Waiver population. Interested providers must submit a request to the Medicaid Agency to add a designated specialty code to their Medicaid provider number in order to bill for their services. The Medicaid Agency accepts applications for new Model waiver providers on a continuous basis.

All willing and qualified providers have the opportunity to apply to be a Model waiver service provider. The State Medicaid Agency has a provider enrollment unit to assist interested providers in the enrollment process. An online application as well as the phone number for provider enrollment is posted on the Florida Medicaid Web Portal.

g. State Option to Provide HCBS in Acute Care Hospitals in accordance with Section 1902(h)(1) of the Act. Specify whether the state chooses the option to provide waiver HCBS in acute care hospitals. *Select one:*

No, the state does not choose the option to provide HCBS in acute care hospitals.

Yes, the state chooses the option to provide HCBS in acute care hospitals under the following conditions. *By checking the boxes below, the state assures:*

The HCBS are provided to meet the needs of the individual that are not met through the provision of acute care hospital services;

The HCBS are in addition to, and may not substitute for, the services the acute care hospital is obligated to provide;

The HCBS must be identified in the individual's person-centered service plan; and

The HCBS will be used to ensure smooth transitions between acute care setting and community-based settings and to preserve the individual's functional abilities.

And specify: (a) The 1915(c) HCBS in this waiver that can be provided by the 1915(c) HCBS provider that are not duplicative of services available in the acute care hospital setting; (b) How the 1915(c) HCBS will assist the individual in returning to the community; and (c) Whether there is any difference from the typically billed rate for these HCBS provided during a hospitalization. If yes, please specify the rate methodology in Appendix I-2-a.

Appendix C: Participant Services

Quality Improvement: Qualified Providers

As a distinct component of the state's quality improvement strategy, provide information in the following fields to detail the state's methods for discovery and remediation.

a. Methods for Discovery: Qualified Providers

The state demonstrates that it has designed and implemented an adequate system for assuring that all waiver services are provided by qualified providers.

i. Sub-Assurances:

a. Sub-Assurance: *The state verifies that providers initially and continually meet required licensure and/or certification standards and adhere to other standards prior to their furnishing waiver services.*

Performance Measures

For each performance measure the state will use to assess compliance with the statutory assurance, complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Percentage of new licensed providers satisfying waiver service provider qualifications prior to delivering services. Numerator: Number of new licensed providers satisfying waiver service provider qualification Denominator: Number of new licensed providers

Data Source (Select one):

Record reviews, on-site

If 'Other' is selected, specify:

Responsible Party for data collection/generation <i>(check each that applies):</i>	Frequency of data collection/generation <i>(check each that applies):</i>	Sampling Approach <i>(check each that applies):</i>
State Medicaid Agency	Weekly	100% Review
Operating Agency	Monthly	Less than 100% Review
Sub-State Entity	Quarterly	Representative Sample Confidence Interval = <input type="text"/>

b. Sub-Assurance: The state monitors non-licensed/non-certified providers to assure adherence to waiver requirements.

For each performance measure the state will use to assess compliance with the statutory assurance, complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Percentage of new non-licensed/non-certified providers satisfying waiver services provider qualifications prior to delivery of services
Numerator: Number of non-licensed/non-certified providers that meet provider qualifications prior to delivery of services
Denominator: Number of new non-licensed/non-certified Waiver providers

Data Source (Select one):

Record reviews, on-site

If 'Other' is selected, specify:

Responsible Party for data collection/generation (<i>check each that applies</i>):	Frequency of data collection/generation (<i>check each that applies</i>):	Sampling Approach (<i>check each that applies</i>):
State Medicaid Agency	Weekly	100% Review
Operating Agency	Monthly	Less than 100% Review

	Other Specify: <div style="border: 1px solid black; height: 20px; width: 100%; margin-top: 5px;"></div>

c. Sub-Assurance: The State implements its policies and procedures for verifying that provider training is conducted in accordance with state requirements and the approved waiver.

For each performance measure the state will use to assess compliance with the statutory assurance, complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Percentage of providers with staff mandated to report abuse, neglect, and exploitation, which have received the appropriate training
Numerator: Number of providers with staff mandated to report abuse, neglect, and exploitation which have received the appropriate training
Denominator: Number of providers with staff who are mandated reporters

Data Source (Select one):

Record reviews, on-site

If 'Other' is selected, specify:

Responsible Party for data collection/generation <i>(check each that applies):</i>	Frequency of data collection/generation <i>(check each that applies):</i>	Sampling Approach <i>(check each that applies):</i>
State Medicaid Agency	Weekly	100% Review
Operating Agency	Monthly	Less than 100% Review
Sub-State Entity	Quarterly	Representative Sample Confidence Interval = <input type="text"/>
Other Specify: <input type="text"/>	Annually	Stratified Describe Group: <input type="text"/>
	Continuously and Ongoing	Other Specify: <input type="text"/>
	Other Specify: <input type="text"/>	

Data Aggregation and Analysis:

Responsible Party for data aggregation and analysis (check each that applies):	Frequency of data aggregation and analysis (check each that applies):
State Medicaid Agency	Weekly
Operating Agency	Monthly
Sub-State Entity	Quarterly
Other Specify: <input type="text"/>	Annually
	Continuously and Ongoing
	Other Specify: <input type="text"/>

ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the state to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

b. Methods for Remediation/Fixing Individual Problems

i. Describe the state's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction and the state's method for analyzing information from individual problems, identifying systemic deficiencies, and implementing remediation actions. In addition, provide information on the methods used by the state to document these items.

Providers are required to remediate all deficiencies. The Medicaid Agency works with providers on a one-to-one basis to facilitate problem resolution to completion.

Providers who do not continually meet required training, license, certification, or other standards will be notified by the Medicaid Agency in writing of non-compliance.

If the appropriate credentials are not provided within 30 days, the provider will be disenrolled and any claims billed will be subject to recoupment.

ii. Remediation Data Aggregation

Remediation-related Data Aggregation and Analysis (including trend identification)

Responsible Party (check each that applies):	Frequency of data aggregation and analysis (check each that applies):
State Medicaid Agency	Weekly
Operating Agency	Monthly
Sub-State Entity	Quarterly

Responsible Party(<i>check each that applies</i>):	Frequency of data aggregation and analysis (<i>check each that applies</i>):
<p>Other Specify:</p> <div style="border: 1px solid black; height: 30px; width: 100%;"></div>	<p>Annually</p>

	<p>Other Specify:</p> <div style="border: 1px solid black; height: 30px; width: 100%;"></div>

c. Timelines

When the state does not have all elements of the quality improvement strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Qualified Providers that are currently non-operational.

No

Yes

Please provide a detailed strategy for assuring Qualified Providers, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix C: Participant Services

C-3: Waiver Services Specifications

Section C-3 'Service Specifications' is incorporated into Section C-1 'Waiver Services.'

Appendix C: Participant Services

C-4: Additional Limits on Amount of Waiver Services

a. Additional Limits on Amount of Waiver Services. Indicate whether the waiver employs any of the following additional limits on the amount of waiver services (*select one*).

Not applicable- The state does not impose a limit on the amount of waiver services except as provided in Appendix C-3.

Applicable - The state imposes additional limits on the amount of waiver services.

When a limit is employed, specify: (a) the waiver services to which the limit applies; (b) the basis of the limit, including its basis in historical expenditure/utilization patterns and, as applicable, the processes and methodologies that are used to determine the amount of the limit to which a participant's services are subject; (c) how the limit will be adjusted over the course of the waiver period; (d) provisions for adjusting or making exceptions to the limit based on participant health and welfare needs or other factors specified by the state; (e) the safeguards that are in effect when the amount of the limit is insufficient to meet a participant's needs; (f) how participants are notified of the amount of the limit. (*check each that applies*)

Limit(s) on Set(s) of Services. There is a limit on the maximum dollar amount of waiver services that is authorized for one or more sets of services offered under the waiver.

Furnish the information specified above.

Prospective Individual Budget Amount. There is a limit on the maximum dollar amount of waiver services authorized for each specific participant.

Furnish the information specified above.

Budget Limits by Level of Support. Based on an assessment process and/or other factors, participants are assigned to funding levels that are limits on the maximum dollar amount of waiver services.

Furnish the information specified above.

Other Type of Limit. The state employs another type of limit.

Describe the limit and furnish the information specified above.

Appendix C: Participant Services

C-5: Home and Community-Based Settings

Explain how residential and non-residential settings in this waiver comply with federal HCB Settings requirements at 42 §§ CFR 441.301(c)(4)-(5) and associated CMS guidance. Include:

1. Description of the settings in which 1915(c) HCBS are received. *(Specify and describe the types of settings in which waiver services are received.)*

2. Description of the means by which the state Medicaid agency ascertains that all waiver settings meet federal HCB Setting requirements, at the time of this submission and in the future as part of ongoing monitoring. *(Describe the process that the state will use to assess each setting including a detailed explanation of how the state will perform on-going monitoring across residential and non-residential settings in which waiver HCBS are received.)*

Waiver enrollees reside in their personal residence (setting owned or leased by the enrollee or a family member) and receive services as described in Appendix C-1/C-3: Service Definitions. These can include the personal residence or other community settings.

As noted in the HCBS Settings Statewide Transition Plan (October 2022), the State has determined that recipients in the Model Waiver receive services in the recipient's home and community-based service locations that are accessible to individuals receiving HCBS to the same degree as individuals not receiving HCBS and are therefore compliant with the HCB Settings Rule requirements. Recipients in waiver programs who live in private homes of their own or the home of their family member, are in compliance with the HCBS Final Rule. Per SMD 19-001, individual, privately-owned homes (privately owned or rented home and apartments in which the individual receiving Medicaid-funded HCBS lives independently or with family members, friends or roommates) are presumed to be in compliance with the regulatory criteria of the home and community-based setting.

The State's statutory and administrative regulatory requirements, managed care contract requirements, waiver and state plan program monitoring processes and remediation activities demonstrate full compliance with the settings rule.

Monitoring is conducted at least annually through a review of enrollee case folders by staff of the Division of Medicaid.

3. *By checking each box below, the state assures that the process will ensure that each setting will meet each requirement:*

The setting is integrated in and supports full access of individuals receiving Medicaid HCBS to the greater community, including opportunities to seek employment and work in competitive integrated settings, engage in community life, control personal resources, and receive services in the community, to the same degree of access as individuals not receiving Medicaid HCBS.

The setting is selected by the individual from among setting options including non-disability specific settings and an option for a private unit in a residential setting. The setting options are identified and documented in the person-centered service plan and are based on the individual's needs, preferences, and, for residential settings, resources available for room and board. (see Appendix D-1-d-ii)

Ensures an individual's rights of privacy, dignity and respect, and freedom from coercion and restraint.

Optimizes, but does not regiment, individual initiative, autonomy, and independence in making life choices, including but not limited to, daily activities, physical environment, and with whom to interact.

Facilitates individual choice regarding services and supports, and who provides them.

Home and community-based settings do not include a nursing facility, an institution for mental diseases, an intermediate care facility for individuals with intellectual disabilities, a hospital; or any other locations that have qualities of an institutional setting.

Provider-owned or controlled residential settings. *(Specify whether the waiver includes provider-owned or controlled settings.)*

No, the waiver does not include provider-owned or controlled settings.

Yes, the waiver includes provider-owned or controlled settings. *(By checking each box below, the state assures that each setting, in addition to meeting the above requirements, will meet the following additional conditions):*

The unit or dwelling is a specific physical place that can be owned, rented, or occupied under a legally enforceable agreement by the individual receiving services, and the individual has, at a minimum, the same responsibilities and protections from eviction that tenants have under the landlord/tenant law of the state, county, city, or other designated entity. For settings in which landlord tenant laws do not apply, the state must ensure that a lease, residency agreement or other form of written agreement will be in place for each HCBS participant, and that the document provides protections that address eviction processes and appeals comparable to those provided under the jurisdiction's landlord tenant law.

Each individual has privacy in their sleeping or living unit:

Units have entrance doors lockable by the individual.

Only appropriate staff have keys to unit entrance doors.

Individuals sharing units have a choice of roommates in that setting.

Individuals have the freedom to furnish and decorate their sleeping or living units within the lease or other agreement.

Individuals have the freedom and support to control their own schedules and activities.

Individuals have access to food at any time.

Individuals are able to have visitors of their choosing at any time.

The setting is physically accessible to the individual.

Any modification of these additional conditions for provider-owned or controlled settings, under § 441.301(c)(4)(vi)(A) through (D), must be supported by a specific assessed need and justified in the person-centered service plan(see Appendix D-1-d-ii of this waiver application).

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (1 of 8)

State Participant-Centered Service Plan Title:

Care Plan

a. Responsibility for Service Plan Development. Per 42 CFR § 441.301(b)(2), specify who is responsible for the development of the service plan and the qualifications of these individuals. Given the importance of the role of the person-centered service plan in HCBS provision, the qualifications should include the training or competency requirements for the HCBS settings criteria and person-centered service plan development. *(Select each that applies):*

Registered nurse, licensed to practice in the state

Licensed practical or vocational nurse, acting within the scope of practice under state law

Licensed physician (M.D. or D.O)

Case Manager (qualifications specified in Appendix C-1/C-3)

Case Manager (qualifications not specified in Appendix C-1/C-3).

Specify qualifications:

Social Worker

Specify qualifications:

Other

Specify the individuals and their qualifications:

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (2 of 8)

b. Service Plan Development Safeguards. Providers of HCBS for the individual, or those who have interest in or are employed by a provider of HCBS; are not permitted to have responsibility for service plan development except, at the option of the state, when providers are given responsibility to perform assessments and plans of care because such

individuals are the only willing and qualified entity in a geographic area, and the state devises conflict of interest protections. *Select one:*

Entities and/or individuals that have responsibility for service plan development may not provide other direct waiver services to the participant.

Entities and/or individuals that have responsibility for service plan development may provide other direct waiver services to the participant. Explain how the HCBS waiver service provider is the only willing and qualified entity in a geographic area who can develop the service plan:

(Complete only if the second option is selected) The state has established the following safeguards to mitigate the potential for conflict of interest in service plan development. *By checking each box, the state attests to having a process in place to ensure:*

Full disclosure to participants and assurance that participants are supported in exercising their right to free choice of providers and are provided information about the full range of waiver services, not just the services furnished by the entity that is responsible for the person-centered service plan development;

An opportunity for the participant to dispute the state's assertion that there is not another entity or individual that is not that individual's provider to develop the person-centered service plan through a clear and accessible alternative dispute resolution process;

Direct oversight of the process or periodic evaluation by a state agency;

Restriction of the entity that develops the person-centered service plan from providing services without the direct approval of the state; and

Requirement for the agency that develops the person-centered service plan to administratively separate the plan development function from the direct service provider functions.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (3 of 8)

c. Supporting the Participant in Service Plan Development. Specify: (a) the supports and information that are made available to the participant (and/or family or legal representative, as appropriate) to direct and be actively engaged in the service plan development process and (b) the participant's authority to determine who is included in the process.

The State ensures that the waiver recipient, or their representative, has the right to actively engage in the development of the POC, and can include whomever they wish to participate in the planning process. The recipient, or their representative, reviews and receives a copy of the Rights and Responsibilities, AHCA Form 5000-26, annually which assures the recipient of their right/responsibility for assisting the care coordinator with development of the POC and for playing an active role in managing the care that they receive. It is the responsibility of the care coordinator to educate the recipient, or their representative, of their rights as well as facilitate a participant-centered planning approach. The care coordinator works with the recipient and family to ensure continuity of care, and to be the link between them and the services.

The POC will address all health and social service needs of the recipient identified through the assessment. The care coordinator, along with the recipient, reviews the plan of care every six months or as needed to ensure that services are meeting the recipient's needs. The care coordinator will then also document the recipient's status, satisfaction with services and additional service needs. The POC, AHCA Form 5000-27, is then signed by the recipient and or representative. These steps assure the recipient has participated in the service plan development. This process is monitored every six months or as needed by AHCA Model Waiver analyst. The Rights and Responsibilities, AHCA Form 5000-26, is also reviewed during plan of care development process to remind the recipient, legal representative or family members of their responsibility to be an active part of the care planning process, making sure that the recipients needs are being met, services are being delivered, and or if there are any problems in obtaining services. They are also informed that they have the right to have anyone of their choosing present during the care planning process.

The AHCA Form 5000-26 shown below is also reviewed and signed annually to inform and remind the recipient and their families of their rights and responsibilities as a Model Waiver recipient to be an active part of the care planning process to ensure that the recipients needs are being met, services are being delivered, and if there are any problems in obtaining services. Also covered is the right to have anyone that they wish to be present at the care planning process.

MODEL WAIVER PARTICIPANT RIGHTS AND RESPONSIBILITIES

Your child has been determined eligible to receive home and community based services under the Model Waiver Program. Under this program you have certain rights and responsibilities on behalf of your child. These include:

I. Freedom of Choice

You have the right to choose care for your child through this Model Waiver program or admission to a hospital.

You have the right to choose the service providers from whom your child will receive Model Waiver services, to the extent they are available.

You have the right to choose any enrolled care coordinator to the extent they are available and have chosen to participate in this program.

II. Right of Appeal

If your child is denied a service you believe he or she is eligible to receive, you have the right to appeal the decision.

Pursuant to 42 CFR, Part 431, subpart E, the decision may be appealed by requesting a Fair Hearing by a State Hearings Office with the Department of Children and Families.

III. Responsibilities

You are responsible for assisting your care coordinator in developing your child's Plan of Care and schedule of services.

You are responsible for notifying your care coordinator when you have problems in obtaining services or when you are dissatisfied with the care.

You are responsible for following health care instructions to the best of your ability.

I certify that I have received and reviewed a copy of this Model Waiver, Participant Rights and Responsibilities. I agree to abide by and adhere to the responsibilities listed above.

Parent/Legal Guardian Signature

Date

AHCA Form 5000-26

- d. i. **Service Plan Development Process.** In four pages or less, describe the process that is used to develop the participant-centered service plan, including: (a) who develops the plan, who participates in the process, and the timing of the plan; (b) the types of assessments that are conducted to support the service plan development process, including securing information about participant needs, preferences and goals, and health status; (c) how the participant is informed of the services that are available under the waiver; (d) how the plan development process ensures that the service plan addresses participant goals, needs (including health care needs), and preferences; (e) how waiver and other services are coordinated; (f) how the plan development process provides for the assignment of responsibilities to implement and monitor the plan; (g) how and when the plan is updated, including when the participant's needs changed; (h) how the participant engages in and/or directs the planning process; and (i) how the state documents consent of the person-centered service plan from the waiver participant or their legal representative. State laws, regulations, and policies cited that affect the service plan development process are available to CMS upon request through the Medicaid agency or the operating agency (if applicable):

Care coordinators work with the recipient and the recipient's parent or guardian to develop and monitor the POC. The POCs are reviewed every six months, or as needed, in a scheduled meeting of the care coordinator and the recipient and the recipient's parent or guardian. The recipient and the recipient's parent or guardian may invite any other interested parties including other service providers to the care plan meeting.

Care planning meetings are scheduled in coordination with the recipient and held at times convenient for the recipient and/or the parent/legal guardian. The meetings can be held in a variety of settings such as the Medicaid area office, the participant's home, or via a conference call.

During the care plan meeting, the care coordinator verifies that the recipient has access to waiver services identified in their POC, that the recipient exercise free choice of providers, and that services meet the recipient's needs. The care coordinator also reviews State Plan services with the recipient and their parent or guardian during this meeting. At the end of the care plan meeting the care coordinator documents any identified problems and develops a remediation goal to address them within 60 calendar days.

The care coordinator maintains ongoing verbal and written communication with the recipient and/or the parent/legal guardian to keep them informed to available services and ensure recipient satisfaction. Additionally, through monitoring, the State ensures that POCs include recipients' personal goals and goals for community integration. The POC may be updated between the scheduled six-month care plan meetings if circumstances with the recipient change and warrant a change in the POC.

For recipients transitioning from a nursing home into the community, the transition case manager is required to develop a service plan to address the specific needs of each candidate. Transitional planning at minimum must include the following:

- Consultation with recipient, parent, caregivers or guardians, physician, and skilled nursing facility staff;
- Completion of an assessment of the recipients, medical functions, social, cognitive capabilities;
- Identification of formal and informal system of support;
- Documentation of all essential medical equipment, services and supplies;
- Detailed review of living arrangements and if appropriately accessible.

A multidisciplinary team that includes the care coordinator will organize all services for the participant. This all-inclusive approach increases access to services and minimizes barriers.

- ii. **HCBS Settings Requirements for the Service Plan.** *By checking these boxes, the state assures that the following will be included in the service plan:*

The setting options are identified and documented in the person-centered service plan and are based on the individual's needs, preferences, and, for residential settings, resources available for room and board.

For provider owned or controlled settings, any modification of the additional conditions under 42 CFR § 441.301(c)(4)(vi)(A) through (D) must be supported by a specific assessed need and justified in the person-centered service plan and the following will be documented in the person-centered service plan:

A specific and individualized assessed need for the modification.

Positive interventions and supports used prior to any modifications to the person-centered service plan.

Less intrusive methods of meeting the need that have been tried but did not work.

A clear description of the condition that is directly proportionate to the specific assessed need.

Regular collection and review of data to measure the ongoing effectiveness of the modification.

Established time limits for periodic reviews to determine if the modification is still necessary or can be terminated.

Informed consent of the individual.

An assurance that interventions and supports will cause no harm to the individual.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (5 of 8)

- e. Risk Assessment and Mitigation.** Specify how potential risks to the participant are assessed during the service plan development process and how strategies to mitigate risk are incorporated into the service plan, subject to participant needs and preferences. In addition, describe how the service plan development process addresses backup plans and the arrangements that are used for backup.

Individual risk assessments are part of the plan of care development process for all HCBS waiver recipients including the Model Waiver. During the scheduled care plan meeting and throughout the year, the care coordinator needs to remain aware of possible risks that threaten the health, safety, and welfare of the recipient. The care coordinator continually work with the recipient and the caregiver to assess and identify risks upon development and implementation of the plan of care and subsequently when the plan of care is reviewed or updated. Individual waiver recipient and their caregiver will be informed of any identified risks and provided an opportunity to participate in plan of care development to mitigate risk. Individual waiver recipients retain the right to assume risk and approve of or decline the receipt of services at any time.

The care coordinator addresses any disruption in the care plan services and provides alternate arrangements. The waiver recipient, care coordinator and the caregiver, if present, work together to provide emergency backup plans and arrangements in the plan of care in the case of a natural disaster or emergency. If a alternate provider(s) will be used in the case of an emergency, the care coordinator will notify the provider and alert them to the arrangements made to provide services in an emergency situation.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (6 of 8)

- f. Informed Choice of Providers.** Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the waiver services in the service plan.

All Model Waiver recipients and or their families are allowed their providers of choice. They will usually have had a relationship with previous providers by the time they are enrolled in the Model Waiver and will choose to use them. If they have no history with a provider they are educated about their choices of providers in their area by their care coordinator. The Model Waiver Analyst will help enroll their provider of choice as a Model Waiver provider.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (7 of 8)

- g. Process for Making Service Plan Subject to the Approval of the Medicaid Agency.** Describe the process by which the service plan is made subject to the approval of the Medicaid agency in accordance with 42 CFR § 441.301(b)(1)(i):

The Model Waiver analyst is employed with the Agency for Health Care Administration in the Division of Medicaid, Bureau of Medicaid Policy. This position is responsible for developing policies and procedures pertaining to the waiver and exercises oversight of all Model waiver operations, including routine review of participant service plans. The Model Waiver analyst receives a copy of each participant’s service plan bi-annually in order to review the participant’s needs.

Appendix D: Participant-Centered Planning and Service Delivery

D-1: Service Plan Development (8 of 8)

h. Service Plan Review and Update. The service plan is subject to at least annual periodic review and update, when the individual's circumstances or needs change significantly, or at the request of the individual, to assess the appropriateness and adequacy of the services as participant needs change. Specify the minimum schedule for the review and update of the service plan:

Every three months or more frequently when necessary

Every six months or more frequently when necessary

Every twelve months or more frequently when necessary

Other schedule

Specify the other schedule:

i. Maintenance of Service Plan Forms. Written copies or electronic facsimiles of service plans are maintained for a minimum period of 3 years as required by 45 CFR § 92.42. Service plans are maintained by the following (*check each that applies*):

Medicaid agency

Operating agency

Case manager

Other

Specify:

Appendix D: Participant-Centered Planning and Service Delivery

D-2: Service Plan Implementation and Monitoring

a. Service Plan Implementation and Monitoring. Specify: (a) the entity (entities) responsible for monitoring the implementation of the service plan, participant health and welfare, and adherence to the HCBS settings requirements under 42 CFR §§ 441.301(c)(4)-(5); (b) the monitoring and follow-up method(s) that are used; and, (c) the frequency with which monitoring is performed.

Model Waiver Specific Case Management/Care Coordinator Requirements

The care coordinator's roles and responsibilities specific to the Model Waiver recipient include:

Complete the plan of care to include amount, duration and frequency of services using Recipient Plan of Care, AHCA Form 5000-27;

Implement the plan of care including assisting the recipient and family in using supports and services;

Review and update the plan of care every 6 months at a minimum;

Monitor provision of services included in the plan of care;

Initiate and oversee the process of assessment and reassessment of the recipients level of care every 12 months; and

Attend CMAT (Childrens Multi-disciplinary Assessment Team) staffings related to the Model waiver recipient.

Monitoring of Case Management and Plan of Care.

All plans of care are reviewed every six months or as needed to ensure that recipient's assessed needs are addressed in the care plan and the recipient is being maintained in the home/community in a safe and healthy manner. All Levels of Care forms are monitored every 12 months or as needed to ensure that a recipient meets the waivers eligibility requirements.

During annual file monitoring, the central records from care coordinators are reviewed to ensure POC meeting case notes are current and complete, and that waiver documents requiring recipient or guardian signature are included. Interviews with recipients or guardians are also conducted in order to verify that they have been afforded choice of providers, access to services that meet identified needs, and to assess the recipient's satisfaction with services. The State reviews the POC to determine that required service backup and natural non-paid resources are in place, and that state plan services are clearly identified in the plan. Any issues or problems resulting from monitoring are addressed by the State by initiating corrective action with the care coordinator and regular follow up with the recipient, guardians or providers as needed.

- b. Monitoring Safeguards.** Providers of HCBS for the individual, or those who have interest in or are employed by a provider of HCBS; are not permitted to have responsibility for monitoring the implementation of the service plan except, at the option of the state, when providers are given this responsibility because such individuals are the only willing and qualified entity in a geographic area, and the state devises conflict of interest protections. *Select one:*

Entities and/or individuals that have responsibility to monitor service plan implementation, participant health and welfare, and adherence to the HCBS settings requirements may not provide other direct waiver services to the participant.

Entities and/or individuals that have responsibility to monitor service plan implementation, participant health and welfare, and adherence to the HCBS settings requirements may provide other direct waiver services to the participant because they are the only the only willing and qualified entity in a geographic area who can monitor service plan implementation. *(Explain how the HCBS waiver service provider is the only willing and qualified entity in a geographic area who can monitor service plan implementation).*

(Complete only if the second option is selected) The state has established the following safeguards to mitigate the potential for conflict of interest in monitoring of service plan implementation, participant health and welfare, and adherence to the HCBS settings requirements. *By checking each box, the state attests to having a process in place to ensure:*

Full disclosure to participants and assurance that participants are supported in exercising their right to free choice of providers and are provided information about the full range of waiver services, not just the services furnished by the entity that is responsible for the person-centered service plan development;

An opportunity for the participant to dispute the state's assertion that there is not another entity or individual that is not that individual's provider to develop the person-centered service plan through a clear and accessible alternative dispute resolution process;

Direct oversight of the process or periodic evaluation by a state agency;

Restriction of the entity that develops the person-centered service plan from providing services without the direct approval of the state; and

Requirement for the agency that develops the person-centered service plan to administratively separate the plan development function from the direct service provider functions.

Appendix D: Participant-Centered Planning and Service Delivery

Quality Improvement: Service Plan

As a distinct component of the state's quality improvement strategy, provide information in the following fields to detail the state's methods for discovery and remediation.

a. Methods for Discovery: Service Plan Assurance/Sub-assurances

The state demonstrates it has designed and implemented an effective system for reviewing the adequacy of service plans for waiver participants.

i. Sub-Assurances:

- a. Sub-assurance: Service plans address all participants' 1/2 assessed needs (including health and safety risk factors) and personal goals, either by the provision of waiver services or through other means.**

Performance Measures

For each performance measure the state will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Percentage of recipient POCs documenting assessed needs and personal and community integration goal setting. Numerator: Number of recipient POCs documenting assessed needs and personal and community integration goal setting. Denominator: Number of POCs reviewed.

Data Source (Select one):

Record reviews, on-site

If 'Other' is selected, specify:

Responsible Party for data collection/generation <i>(check each that applies):</i>	Frequency of data collection/generation <i>(check each that applies):</i>	Sampling Approach <i>(check each that applies):</i>

ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the state to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

Recipients records will be requested prior to the anniversary of the recipient enrollment into the program. A desk review will take place, which will include a review of the recipients records covering Plan of Care documentation; Level of Care documentations, Cost Plans, service coordination and completion of recipients surveys. The review will end with the completion of a summary of any concerns and/or actions required. A written report shall be provided to the provider from the Medicaid Services office which will include any quality improvement plan requirements or recommendations.

b. Methods for Remediation/Fixing Individual Problems

i. Describe the state's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction and the state's method for analyzing information from individual problems, identifying systemic deficiencies, and implementing remediation actions. In addition, provide information on the methods used by the state to document these items.

A written report from the Medicaid Agency shall be provided to the provider which will include any quality improvement plan requirements or recommendations.

ii. Remediation Data Aggregation

Remediation-related Data Aggregation and Analysis (including trend identification)

	Other Specify: <input type="text"/>

c. Timelines

When the state does not have all elements of the quality improvement strategy in place, provide timelines to design

methods for discovery and remediation related to the assurance of Service Plans that are currently non-operational.

No

Yes

Please provide a detailed strategy for assuring Service Plans, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix E: Participant Direction of Services

Applicability (from Application Section 3, Components of the Waiver Request):

Yes. This waiver provides participant direction opportunities. Complete the remainder of the Appendix.

No. This waiver does not provide participant direction opportunities. Do not complete the remainder of the Appendix.

CMS urges states to afford all waiver participants the opportunity to direct their services. Participant direction of services includes the participant exercising decision-making authority over workers who provide services, a participant-managed budget or both.

Appendix F: Participant Rights

Appendix F-1: Opportunity to Request a Fair Hearing

The state provides an opportunity to request a Fair Hearing under 42 CFR Part 431, Subpart E to individuals: (a) who are not given the choice of home and community-based services as an alternative to the institutional care specified in Item 1-F of the request; (b) are denied the service(s) of their choice or the provider(s) of their choice; or, (c) whose services are denied, suspended, reduced or terminated. The state provides notice of action as required in 42 CFR 431.210.

Procedures for Offering Opportunity to Request a Fair Hearing. Describe how the individual (or his/her legal representative) is informed of the opportunity to request a fair hearing under 42 CFR Part 431, Subpart E. Specify the notice(s) that are used to offer individuals the opportunity to request a Fair Hearing. State laws, regulations, policies and notices referenced in the description are available to CMS upon request through the operating or Medicaid agency.

Model Waiver participants, or their legal representatives, are informed of their fair hearing rights when an adverse action has been taken regarding the participant's Medicaid eligibility or when waiver services are reduced, denied, terminated, or suspended. Model Waiver participants, or their legal representative, are educated on this information during the enrollment process, and annually thereafter when the care coordinator reviews the recipients rights and responsibilities when developing the POC.

The participants' care coordinator informs the recipient of the denial, termination, reduction, or suspension of a waiver service both verbally and in writing at the time of the adverse action. The participant is also informed (verbally and in writing at the time of the adverse action) of his or her right to request a Fair Hearing and that their services will continue during the period while the participants appeal is under consideration with the Department of Children and Families, Office of Appeals.

Notices of adverse actions and requests for a Fair Hearing are maintained in the participants record. The participant is informed of their right to a Fair Hearing through the denial/reduction notification letter. The State maintains the file that contains all notices of adverse actions and requests for Fair Hearings. This information is also maintained by the participants' care coordinator.

If a fair hearing is requested, the participant will receive information regarding the proceedings (date, time, etc.) from the Department of Children and Families.

Appendix F: Participant-Rights

Appendix F-2: Additional Dispute Resolution Process

a. Availability of Additional Dispute Resolution Process. Indicate whether the state operates another dispute resolution process that offers participants the opportunity to appeal decisions that adversely affect their services while preserving their right to a Fair Hearing. *Select one:*

No. This Appendix does not apply

Yes. The state operates an additional dispute resolution process

- b. Description of Additional Dispute Resolution Process.** Describe the additional dispute resolution process, including: (a) the state agency that operates the process; (b) the nature of the process (i.e., procedures and timeframes), including the types of disputes addressed through the process; and, (c) how the right to a Medicaid Fair Hearing is preserved when a participant elects to make use of the process: State laws, regulations, and policies referenced in the description are available to CMS upon request through the operating or Medicaid agency.

Appendix F: Participant-Rights

Appendix F-3: State Grievance/Complaint System

- a. Operation of Grievance/Complaint System.** *Select one:*

No. This Appendix does not apply

Yes. The state operates a grievance/complaint system that affords participants the opportunity to register grievances or complaints concerning the provision of services under this waiver

- b. Operational Responsibility.** Specify the state agency that is responsible for the operation of the grievance/complaint system:

- c. Description of System.** Describe the grievance/complaint system, including: (a) the types of grievances/complaints that participants may register; (b) the process and timelines for addressing grievances/complaints; and, (c) the mechanisms that are used to resolve grievances/complaints. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Appendix G: Participant Safeguards

Appendix G-1: Response to Critical Events or Incidents

- a. Critical Event or Incident Reporting and Management Process.** Indicate whether the state operates Critical Event or Incident Reporting and Management Process that enables the state to collect information on sentinel events occurring in the waiver program. *Select one:*

Yes. The state operates a Critical Event or Incident Reporting and Management Process (*complete Items b through e*)

No. This Appendix does not apply (*do not complete Items b through e*)

If the state does not operate a Critical Event or Incident Reporting and Management Process, describe the process that the state uses to elicit information on the health and welfare of individuals served through the program.

- b. State Critical Event or Incident Reporting Requirements.** Specify the types of critical events or incidents (including

alleged abuse, neglect and exploitation) that the state requires to be reported for review and follow-up action by an appropriate authority, the individuals and/or entities that are required to report such events and incidents and the timelines for reporting. State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Model Waiver providers are required to report to the Agency for Health Care Administration headquarters within 24 hours if any of the following events occur:

1. death of a participant due to any means; 2. participant injury or illness that requires emergency medical treatment that was sustained due to an accident, act of abuse, neglect or other incident; 3. allegation of sexual battery; or 4. elopement.

A critical event form is provided to all enrolled providers by Medicaid Services staff for the purpose of reporting critical events or incidents.

All critical event forms are to be sent to the Florida Department of Children and Families either through fax, or electronically.

- c. Participant Training and Education.** Describe how training and/or information is provided to participants (and/or families or legal representatives, as appropriate) concerning protections from abuse, neglect, and exploitation, including how participants (and/or families or legal representatives, as appropriate) can notify appropriate authorities or entities when the participant may have experienced abuse, neglect or exploitation.

During the plan of care development, the care coordinator educates the recipient and or their legal representative about abuse, neglect, and exploitation reporting. The recipient or representative is given Florida's toll-free abuse reporting hotline (1-800-96-ABUSE) operated by the Department of Children and Families. The MW recipient and or their legal representative is also encouraged to notify their care coordinator immediately of any incident where the participant feels they have been abused, neglected, or exploited. The care coordinator is a mandatory reporter by Florida Statutes Chapter 39 to report immediately any suspicion of abuse, neglect, or exploitation. Investigations are conducted by the Department of Children and Families within their established timeframes.

When the State is made aware of critical incidents, immediate action is taken to notify the appropriate entities, mainly the Department of Children and Families. In addition, during the plan of care development, the CMAT nurse educates the recipient and or their legal representative about abuse, neglect, and exploitation reporting. The beneficiary or representative is given Florida's toll-free abuse reporting hotline (1-800-96-ABUSE) operated by the Department of Children and Families.

The Department of Children and Families makes every effort to act with a sense of urgency to all allegations of harm to children and/or vulnerable adults. The Florida Abuse Hotline strives to submit all reports to the appropriate investigative office within one hour after the call to the Hotline ends. Once the report arrives at the investigative office and is assigned to an investigator, the investigator has up to 24 hours to initiate contact with the subjects of the report. In situations in which it is believed the victim is at imminent risk of harm, the investigator will respond as soon as possible.

The Department of Children and Families has 60 days to complete their investigation and to notify relevant parties per Florida Statutes. Florida Statutes determine who is entitled to a copy of a report of abuse, neglect, or exploitation of a child or vulnerable adult. The participants family or legal representative (and other relevant parties meeting the statutory requirements) can also receive a copy of the investigation results by contacting the Department of Children and Families child or adult investigative office in the county where the investigation occurred.

The State's contracted vendor is responsible for preparing a comprehensive provider training plan that addresses the provider's initial and ongoing training needs for all aspects of the services under the contract.

- d. Responsibility for Review of and Response to Critical Events or Incidents.** Specify the entity (or entities) that receives reports of critical events or incidents specified in item G-1-a, the methods that are employed to evaluate such reports, and the processes and time-frames for responding to critical events or incidents, including conducting investigations.

The Florida Department of Children and Families (DCF) receives reports of abuse, neglect, and exploitation of vulnerable adults through its management of the statewide abuse reporting hotline. DCF responds to critical events or incidents through referrals to the Adult Protective Services program or local law enforcement for investigation as required by Chapter 415, Florida Statutes.

- e. Responsibility for Oversight of Critical Incidents and Events.** Identify the state agency (or agencies) responsible for overseeing the reporting of and response to critical incidents or events that affect waiver participants, how this oversight is conducted, and how frequently.

The Agency for Health Care Administration, in partnership with the Florida Department of Children and Families and the Florida Department of Law Enforcement, are responsible for overseeing the reporting of and response to critical incidents or events for participants of this waiver as they occur. The State addresses all critical incidents as appropriate and data is collected and aggregated daily as necessary. These entities communicate via email and phone on an as needed basis to coordinate oversight of the reporting of and response to critical incidents or events that affect waiver participants. The investigating entity is required to report findings on required actions for remediation back to the State via email, letter, and phone. As a part of their regular recipient contact, waiver care coordinators must review the topic of critical incidents, including ensuring that recipients are aware of how to report an incident as well as offering recipients an opportunity to report incidents.

Appendix G: Participant Safeguards

Appendix G-2: Safeguards Concerning Restraints and Restrictive Interventions (1 of 3)

- a. Use of Restraints.** *(Select one): (For waiver actions submitted before March 2014, responses in Appendix G-2-a will display information for both restraints and seclusion. For most waiver actions submitted after March 2014, responses regarding seclusion appear in Appendix G-2-c.)*

The state does not permit or prohibits the use of restraints

Specify the state agency (or agencies) responsible for detecting the unauthorized use of restraints and how this oversight is conducted and its frequency:

Allegations of prohibited use of restraints or seclusion by a Model Waiver provider may be reported by provider or participant directly to the local Florida Department of Children and Families office and to the Florida Medicaid Agency's central office. Agencies will be required to keep a log of any use of seclusion and restraint and staff will review logs on a monthly basis. The State monitors the unauthorized use of restraints through annual provider reviews conducted by the State and during conference calls with the care coordinators.

The use of restraints is permitted during the course of the delivery of waiver services. Complete Items G-2-a-i and G-2-a-ii.

- i. Safeguards Concerning the Use of Restraints.** Specify the safeguards that the state has established concerning the use of each type of restraint (i.e., personal restraints, drugs used as restraints, mechanical restraints). State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

- ii. State Oversight Responsibility.** Specify the state agency (or agencies) responsible for overseeing the use of restraints and ensuring that state safeguards concerning their use are followed and how such oversight is conducted and its frequency:

Appendix G: Participant Safeguards

Appendix G-2: Safeguards Concerning Restraints and Restrictive Interventions (2 of 3)

b. Use of Restrictive Interventions. *(Select one):*

The state does not permit or prohibits the use of restrictive interventions

Specify the state agency (or agencies) responsible for detecting the unauthorized use of restrictive interventions and how this oversight is conducted and its frequency:

Allegations of prohibited use of restraints or seclusion by a Model Waiver provider may be reported by provider or participant directly to the local Florida Department of Children and Families office and to the Florida Medicaid Agency's central office. Agencies will be required to keep a log of any use of seclusion and restraint and staff will review logs on a monthly basis.

The use of restrictive interventions is permitted during the course of the delivery of waiver services Complete Items G-2-b-i and G-2-b-ii.

i. Safeguards Concerning the Use of Restrictive Interventions. Specify the safeguards that the state has in effect concerning the use of interventions that restrict participant movement, participant access to other individuals, locations or activities, restrict participant rights or employ aversive methods (not including restraints or seclusion) to modify behavior. State laws, regulations, and policies referenced in the specification are available to CMS upon request through the Medicaid agency or the operating agency.

ii. State Oversight Responsibility. Specify the state agency (or agencies) responsible for monitoring and overseeing the use of restrictive interventions and how this oversight is conducted and its frequency:

Appendix G: Participant Safeguards

Appendix G-2: Safeguards Concerning Restraints and Restrictive Interventions (3 of 3)

c. Use of Seclusion. *(Select one): (This section will be blank for waivers submitted before Appendix G-2-c was added to WMS in March 2014, and responses for seclusion will display in Appendix G-2-a combined with information on restraints.)*

The state does not permit or prohibits the use of seclusion

Specify the state agency (or agencies) responsible for detecting the unauthorized use of seclusion and how this oversight is conducted and its frequency:

Allegations of prohibited use of restraints or seclusion by a Model Waiver provider may be reported by provider or participant directly to the local Florida Department of Children and Families office and to the Florida Medicaid Agency's central office. Agencies will be required to keep a log of any use of seclusion and restraint and staff will review logs on a monthly basis.

The use of seclusion is permitted during the course of the delivery of waiver services. Complete Items G-2-c-i and G-2-c-ii.

- i. Safeguards Concerning the Use of Seclusion.** Specify the safeguards that the state has established concerning the use of each type of seclusion. State laws, regulations, and policies that are referenced are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

- ii. State Oversight Responsibility.** Specify the state agency (or agencies) responsible for overseeing the use of seclusion and ensuring that state safeguards concerning their use are followed and how such oversight is conducted and its frequency:

Appendix G: Participant Safeguards

Appendix G-3: Medication Management and Administration (1 of 2)

This Appendix must be completed when waiver services are furnished to participants who are served in licensed or unlicensed living arrangements where a provider has round-the-clock responsibility for the health and welfare of residents. The Appendix does not need to be completed when waiver participants are served exclusively in their own personal residences or in the home of a family member.

- a. Applicability.** Select one:

No. This Appendix is not applicable (*do not complete the remaining items*)

Yes. This Appendix applies (*complete the remaining items*)

- b. Medication Management and Follow-Up**

- i. Responsibility.** Specify the entity (or entities) that have ongoing responsibility for monitoring participant medication regimens, the methods for conducting monitoring, and the frequency of monitoring.

- ii. Methods of State Oversight and Follow-Up.** Describe: (a) the method(s) that the state uses to ensure that participant medications are managed appropriately, including: (a) the identification of potentially harmful practices (e.g., the concurrent use of contraindicated medications); (b) the method(s) for following up on potentially harmful practices; and, (c) the state agency (or agencies) that is responsible for follow-up and oversight.

Appendix G: Participant Safeguards

Appendix G-3: Medication Management and Administration (2 of 2)

c. Medication Administration by Waiver Providers

Answers provided in G-3-a indicate you do not need to complete this section

i. Provider Administration of Medications. *Select one:*

Not applicable. *(do not complete the remaining items)*

Waiver providers are responsible for the administration of medications to waiver participants who cannot self-administer and/or have responsibility to oversee participant self-administration of medications. *(complete the remaining items)*

ii. **State Policy.** Summarize the state policies that apply to the administration of medications by waiver providers or waiver provider responsibilities when participants self-administer medications, including (if applicable) policies concerning medication administration by non-medical waiver provider personnel. State laws, regulations, and policies referenced in the specification are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

iii. **Medication Error Reporting.** *Select one of the following:*

Providers that are responsible for medication administration are required to both record and report medication errors to a state agency (or agencies).

Complete the following three items:

(a) Specify state agency (or agencies) to which errors are reported:

(b) Specify the types of medication errors that providers are required to *record*:

(c) Specify the types of medication errors that providers must *report* to the state:

Providers responsible for medication administration are required to record medication errors but make information about medication errors available only when requested by the state.

Specify the types of medication errors that providers are required to record:

iv. **State Oversight Responsibility.** Specify the state agency (or agencies) responsible for monitoring the performance

of waiver providers in the administration of medications to waiver participants and how monitoring is performed and its frequency.

Appendix G: Participant Safeguards

Quality Improvement: Health and Welfare

As a distinct component of the state's quality improvement strategy, provide information in the following fields to detail the state's methods for discovery and remediation.

a. Methods for Discovery: Health and Welfare

The state demonstrates it has designed and implemented an effective system for assuring waiver participant health and welfare.

i. Sub-Assurances:

- a. Sub-assurance:** *The state demonstrates on an ongoing basis that it identifies, addresses and seeks to prevent instances of abuse, neglect, exploitation and unexplained death.*

Performance Measures

For each performance measure the state will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Percentage of care coordinators who have completed Zero Tolerance training as required for recognizing and preventing instances of abuse, neglect, and exploitation
Numerator: number of care coordinators who have completed Zero Tolerance training as required for recognizing and preventing instances of abuse, neglect, and exploitation
Denominator: Number of records reviewed.

Data Source (Select one):

Record reviews, on-site

If 'Other' is selected, specify:

	Other Specify: <input type="text"/>

ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the state to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

b. Methods for Remediation/Fixing Individual Problems

i. Describe the state's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction and the state's method for analyzing information from individual problems, identifying systemic deficiencies, and implementing remediation actions. In addition, provide information on the methods used by the state to document these items.

A written report shall be provided to the provider from the Medicaid Agency, which will include any quality improvement plan requirements or recommendations.

ii. Remediation Data Aggregation

Remediation-related Data Aggregation and Analysis (including trend identification)

c. Timelines

When the state does not have all elements of the quality improvement strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of health and welfare that are currently non-operational.

No

Yes

Please provide a detailed strategy for assuring Health and Welfare, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix H: Quality Improvement Strategy (1 of 3)

Under Section 1915(c) of the Social Security Act and 42 CFR § 441.302, the approval of an HCBS waiver requires that CMS determine that the state has made satisfactory assurances concerning the protection of participant health and welfare, financial accountability and other elements of waiver operations. Renewal of an existing waiver is contingent upon review by CMS and a

finding by CMS that the assurances have been met. By completing the HCBS waiver application, the state specifies how it has designed the waiver's critical processes, structures and operational features in order to meet these assurances.

- Quality improvement is a critical operational feature that an organization employs to continually determine whether it operates in accordance with the approved design of its program, meets statutory and regulatory assurances and requirements, achieves desired outcomes, and identifies opportunities for improvement.

CMS recognizes that a state's waiver quality improvement strategy may vary depending on the nature of the waiver target population, the services offered, and the waiver's relationship to other public programs, and will extend beyond regulatory requirements. However, for the purpose of this application, the state is expected to have, at the minimum, systems in place to measure and improve its own performance in meeting six specific waiver assurances and requirements.

It may be more efficient and effective for a quality improvement strategy to span multiple waivers and other long-term care services. CMS recognizes the value of this approach and will ask the state to identify other waiver programs and long-term care services that are addressed in the quality improvement strategy.

Quality Improvement Strategy: Minimum Components

The quality improvement strategy (QIS) that will be in effect during the period of the approved waiver is described throughout the waiver in the appendices corresponding to the statutory assurances and sub-assurances. Other documents cited must be available to CMS upon request through the Medicaid agency or the operating agency (if appropriate).

In the QIS discovery and remediation sections throughout the application (located in Appendices A, B, C, D, G, and I), a state spells out:

- The evidence based discovery activities that will be conducted for each of the six major waiver assurances; and
- The *remediation* activities followed to correct individual problems identified in the implementation of each of the assurances.

In Appendix H of the application, a state describes (1) the *system improvement* activities followed in response to aggregated, analyzed discovery and remediation information collected on each of the assurances; (2) the correspondent *roles/responsibilities* of those conducting assessing and prioritizing improving system corrections and improvements; and (3) the processes the state will follow to continuously *assess the effectiveness of the OIS* and revise it as necessary and appropriate.

If the state's QIS is not fully developed at the time the waiver application is submitted, the state may provide a work plan to fully develop its QIS, including the specific tasks the state plans to undertake during the period the waiver is in effect, the major milestones associated with these tasks, and the entity (or entities) responsible for the completion of these tasks.

When the QIS spans more than one waiver and/or other types of long-term care services under the Medicaid state plan, specify the control numbers for the other waiver programs and/or identify the other long-term services that are addressed in the QIS. In instances when the QIS spans more than one waiver, the state must be able to stratify information that is related to each approved waiver program. Unless the state has requested and received approval from CMS for the consolidation of multiple waivers for the purpose of reporting, then the state must stratify information that is related to each approved waiver program, i.e., employ a representative sample for each waiver.

Appendix H: Quality Improvement Strategy (2 of 3)

H-1: Systems Improvement

a. System Improvements

- i. Describe the process(es) for trending, prioritizing, and implementing system improvements (i.e., design changes) prompted as a result of an analysis of discovery and remediation information.

Florida's Home and Community-Based Waiver for individuals with degenerative spino-cerebellar disease was implemented in 1991 and called the Model Waiver formerly known as the Katie Beckett Waiver. There are currently five recipients enrolled in the waiver (the CMS 372 report completed December 30, 2019, showed five (5) unduplicated waiver recipients and \$5,184.00 claims billed for respite care and environmental adaptation/home remodeling as the only two waiver services billed out of the four waiver services offered). Monitoring guidelines and forms were developed by the Medicaid Agency with input from Children's Medical Services.

Medicaid Services utilizes multiple oversight activities to ensure that waiver assurances are met. Oversight activities include: inspection of records, and interviews with waiver recipients and their families. Because of the small number of recipients in this waiver any problem found or reported is addressed immediately by the Medicaid Agency to the appropriate parties involved.

A file review was conducted for all recipients in December 2019. Files were monitored for the following items:

- Current Level of Care forms (AHCA form 5000-28)
- Current Plan of Care (AHCA form 5000- 27)
- Current Children's Multi-disciplinary Assessment Team (CMAT) summary assessment
- Current Participant Rights and Responsibilities form (AHCA 5000-26)
- Confirm all MW providers meet required licensing and or certification standards and adhere to other state standards on a periodic basis.
- Confirm that all MW care coordinators are registered nurses as required by the Model Waiver and have received annual training has been received.

For files missing any of these documents, the CMAT nurse and eQ Health Solutions care coordinator were contacted to supply a copy from the recipients central record. In addition, historical and miscellaneous documents (correspondence, detailed medical information, etc) were reviewed. File reviews will be conducted annually for all recipients and providers. The Medicaid Agency continues to conduct annual interviews with recipients and their guardians. These interviews are exploratory in nature, designed to gather feedback and input. Information gained will be used to improve system performance and quality of care. The information will also be used to identify, address, and prevent discrepancies between the services that the recipient's POC specifies and services that the waiver recipients are receiving. During these interviews, the Medicaid Agency will continue to educate recipients and their guardians on how to report concerns or incidence of abuse, neglect, and exploitation. Due to the small total enrollment, the Medicaid Agency will continue to interview 100% of Model Waiver recipients annually.

ii. System Improvement Activities

Responsible Party (<i>check each that applies</i>):	Frequency of Monitoring and Analysis (<i>check each that applies</i>):
State Medicaid Agency	Weekly
Operating Agency	Monthly
Sub-State Entity	Quarterly
Quality Improvement Committee	Annually
Other Specify: <div style="border: 1px solid black; height: 20px; width: 100%; margin-top: 5px;"></div>	Other Specify: <div style="border: 1px solid black; padding: 5px; margin-top: 5px;">continuously and ongoing as POC or LOC changes</div>

b. System Design Changes

i. Describe the process for monitoring and analyzing the effectiveness of system design changes. Include a

description of the various roles and responsibilities involved in the processes for monitoring & assessing system design changes. If applicable, include the state's targeted standards for systems improvement.

Florida's Home and Community-Based Waiver for individuals with degenerative spino-cerebellar disease was implemented in 1991 and called the Model Waiver formerly known as the Katie Beckett Waiver. There are currently five recipients enrolled in the waiver (the CMS 372 report completed December 30, 2019, showed five (5) unduplicated waiver recipients and \$5,184.00 claims billed for respite care and environmental adaptation/home remodeling as the only two waiver services billed out of the four waiver services offered). Monitoring guidelines and forms were developed by the Medicaid Agency with input from Children's Medical Services.

Medicaid Services utilizes multiple oversight activities to ensure that waiver assurances are met. Oversight activities include: inspection of records, and interviews with waiver recipients and their families. Because of the small number of recipients in this waiver any problem found or reported is addressed immediately by the Medicaid Agency to the appropriate parties involved.

A file review was conducted for all recipients in December 2019. Files were monitored for the following items:

Current Level of Care forms (AHCA form 5000-28)

Current Plan of Care (AHCA form 5000- 27)

Current Children's Multi-disciplinary Assessment Team (CMAT) summary assessment

Current Participant Rights and Responsibilities form (AHCA 5000-26)

Confirm all MW providers meet required licensing and or certification standards and adhere to other state standards on a periodic basis.

Confirm that all MW care coordinators are registered nurses as required by the Model Waiver and have received annual training has been received.

For files missing any of these documents, the CMAT nurse and the care coordinator were contacted to supply a copy from the recipients central record. In addition, historical and miscellaneous documents (correspondence, detailed medical information, etc) were reviewed. File reviews will be conducted annually for all recipients and providers. The Medicaid Agency continues to conduct annual interviews with recipients and their guardians. These interviews are exploratory in nature, designed to gather feedback and input. Information gained will be used to improve system performance and quality of care. The information will also be used to identify, address, and prevent discrepancies between the services that the recipient's POC specifies and services that the waiver recipients are receiving. During these interviews, the Medicaid Agency will continue to educate recipients and their guardians on how to report concerns or incidence of abuse, neglect, and exploitation. Due to the small total enrollment, the Medicaid Agency will continue to interview 100% of Model Waiver recipients annually.

- ii. Describe the process to periodically evaluate, as appropriate, the quality improvement strategy.

The Medicaid Agency evaluates the program to assess its successes and changes that may be needed through annual recipient interviews, claims data review, recipient file review, and performance measure monitoring.

Appendix H: Quality Improvement Strategy (3 of 3)

H-2: Use of a Patient Experience of Care/Quality of Life Survey

- a. Specify whether the state has deployed a patient experience of care or quality of life survey for its HCBS population in the last 12 months (*Select one*):

No

Yes (*Complete item H.2b*)

- b. Specify the type of survey tool the state uses:

HCBS CAHPS Survey :

NCI Survey :

NCI AD Survey :

Other (Please provide a description of the survey tool used):

Appendix I: Financial Accountability

I-1: Financial Integrity and Accountability

Financial Integrity. Describe the methods that are employed to ensure the integrity of payments that have been made for waiver services, including: (a) requirements concerning the independent audit of provider agencies; (b) the financial audit program that the state conducts to ensure the integrity of provider billings for Medicaid payment of waiver services, including the methods, scope and frequency of audits; and, (c) the agency (or agencies) responsible for conducting the financial audit program. State laws, regulations, and policies referenced in the description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Financial accountability for the Model Waiver is managed through the Agency for Health Care Administration. Financial accountability is assured through the State's automated management accounting system and the accounting procedures manuals, which include federal reporting requirements. All participant, provider, and service utilization/payment data will be available through the approved federally certified Florida Medicaid Management Information System (FMMIS) that is designed and operated by a contracted entity and managed by the Agency for Health Care Administration.

The Agency for Health Care Administration is responsible for initial and ongoing monitoring of providers. Providers are not required to audit their financial statements independently. During the monitoring process, providers' qualifications to render services and the documentation required to maintain in their files are reviewed. The documentation includes level of care assessment, plan of care, documentation of service delivery, and billing claims. The monitoring occurs on an annual basis and looks at 100% of the providers and 100% of the participants.

Medicaid Program Integrity (MPI) within the Agency for Health Care Administration does comprehensive reviews of providers to identify fraud, waste, and abuse. Potential identification of fraud is referred to the Office of the Attorney General, Medicaid Fraud Control Unit. Waste and abuse are investigated by MPI. The MPI audit is a comprehensive, more in-depth audit of the provider's practice and must be defensible in an Administrative Hearing. MPI reviews compliance with federal and state laws, rules and promulgated Medicaid policy, including qualifications of all staff, service documentation, and comparison of both eligibility and documentation to billing and reimbursement. MPI identifies overpayments and applies sanctions to the provider.

Appendix I: Financial Accountability

Quality Improvement: Financial Accountability

As a distinct component of the state's quality improvement strategy, provide information in the following fields to detail the state's methods for discovery and remediation.

a. Methods for Discovery: Financial Accountability Assurance:

The state must demonstrate that it has designed and implemented an adequate system for ensuring financial accountability of the waiver program.

i. Sub-Assurances:

a. Sub-assurance: The state provides evidence that claims are coded and paid for in accordance with the reimbursement methodology specified in the approved waiver and only for services rendered.

Performance Measures

For each performance measure the state will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Percentage of claims adhering to the Model Waiver rate table. Numerator: Number of claims adhering to the Model Waiver rate table. Denominator: Number of claims.

Data Source (Select one):

Record reviews, on-site

If 'Other' is selected, specify:

Responsible Party for data collection/generation (check each that applies):	Frequency of data collection/generation (check each that applies):	Sampling Approach (check each that applies):
State Medicaid Agency	Weekly	100% Review
Operating Agency	Monthly	Less than 100% Review
Sub-State Entity	Quarterly	Representative Sample Confidence Interval = <input type="text"/>
Other Specify: <input type="text"/>	Annually	Stratified Describe Group: <input type="text"/>
	Continuously and Ongoing	Other Specify: <input type="text"/>
	Other Specify: <input type="text"/>	

Data Aggregation and Analysis:

Responsible Party for data aggregation and analysis (check each that applies):	Frequency of data aggregation and analysis (check each that applies):
<i>State Medicaid Agency</i>	<i>Weekly</i>
<i>Operating Agency</i>	<i>Monthly</i>
<i>Sub-State Entity</i>	<i>Quarterly</i>
<i>Other</i> <i>Specify:</i> <input type="text"/>	<i>Annually</i>
	<i>Continuously and Ongoing</i>
	<i>Other</i> <i>Specify:</i> <input type="text"/>

Performance Measure:

Percentage of claims paid for services that match the recipient's POC. Numerator: Number of claims paid for services that match the recipient's POC. Denominator: Number of claims reviewed.

Data Source (Select one):

Record reviews, on-site

If 'Other' is selected, specify:

Responsible Party for data collection/generation (check each that applies):	Frequency of data collection/generation (check each that applies):	Sampling Approach (check each that applies):
<i>State Medicaid Agency</i>	<i>Weekly</i>	<i>100% Review</i>
<i>Operating Agency</i>	<i>Monthly</i>	<i>Less than 100% Review</i>
<i>Sub-State Entity</i>	<i>Quarterly</i>	<i>Representative Sample</i> <i>Confidence Interval =</i> <input type="text"/>

Sub-State Entity	Quarterly
Other Specify: <div style="border: 1px solid black; height: 20px; width: 100%; margin-top: 5px;"></div>	Annually
	Continuously and Ongoing
	Other Specify: <div style="border: 1px solid black; height: 20px; width: 100%; margin-top: 5px;"></div>

b. Sub-assurance: The state provides evidence that rates remain consistent with the approved rate methodology throughout the five year waiver cycle.

Performance Measures

For each performance measure the state will use to assess compliance with the statutory assurance (or sub-assurance), complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the state to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are

identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:

Percentage of claims paid at the correct rate, in accordance with policy requirements and the rate in the fee schedule. N: Number of claims paid at the correct rate, in accordance with policy requirements and the rate in the fee schedule. D: Total number of claims paid.

Data Source (Select one):

Record reviews, on-site

If 'Other' is selected, specify:

Responsible Party for data collection/generation <i>(check each that applies):</i>	Frequency of data collection/generation <i>(check each that applies):</i>	Sampling Approach <i>(check each that applies):</i>
State Medicaid Agency	Weekly	100% Review
Operating Agency	Monthly	Less than 100% Review
Sub-State Entity	Quarterly	Representative Sample Confidence Interval = <input type="text"/>
Other <i>Specify:</i> <input type="text"/>	Annually	Stratified <i>Describe Group:</i> <input type="text"/>
	Continuously and Ongoing	Other <i>Specify:</i> <input type="text"/>
	Other <i>Specify:</i> <input type="text"/>	

Data Aggregation and Analysis:

<i>Responsible Party for data aggregation and analysis (check each that applies):</i>	<i>Frequency of data aggregation and analysis (check each that applies):</i>
<i>State Medicaid Agency</i>	<i>Weekly</i>
<i>Operating Agency</i>	<i>Monthly</i>
<i>Sub-State Entity</i>	<i>Quarterly</i>
<i>Other</i> <i>Specify:</i> <input type="text"/>	<i>Annually</i>
	<i>Continuously and Ongoing</i>
	<i>Other</i> <i>Specify:</i> <input type="text"/>

ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the state to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

The integrity of payments are ensured through the Medicaid Agency's claim system for the Medicaid program, the Florida Medicaid Management Information System (FMMIS).

b. Methods for Remediation/Fixing Individual Problems

i. Describe the state's method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction and the state's method for analyzing information from individual problems, identifying systemic deficiencies, and implementing remediation actions. In addition, provide information on the methods used by the state to document these items.

Financial Audits are conducted by the Medicaid Agency and the Auditor General's Office.

ii. Remediation Data Aggregation

Remediation-related Data Aggregation and Analysis (including trend identification)

<i>Responsible Party (check each that applies):</i>	<i>Frequency of data aggregation and analysis (check each that applies):</i>
<i>State Medicaid Agency</i>	<i>Weekly</i>
<i>Operating Agency</i>	<i>Monthly</i>
<i>Sub-State Entity</i>	<i>Quarterly</i>
<i>Other</i> <i>Specify:</i> <input type="text"/>	<i>Annually</i>
	<i>Continuously and Ongoing</i>

Responsible Party (check each that applies):	Frequency of data aggregation and analysis (check each that applies):
	Other Specify: <div style="border: 1px solid black; height: 30px; margin-top: 10px;"></div>

c. Timelines

When the state does not have all elements of the quality improvement strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Financial Accountability that are currently non-operational.

No

Yes

Please provide a detailed strategy for assuring Financial Accountability, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

Appendix I: Financial Accountability

I-2: Rates, Billing and Claims (1 of 3)

a. Rate Determination Methods. In two pages or less, describe the methods that are employed to establish provider payment rates for waiver services and the entity or entities that are responsible for rate determination. Indicate any opportunity for public comment in the process. If different methods are employed for various types of services, the description may group services for which the same method is employed. State laws, regulations, and policies referenced in the description are available upon request to CMS through the Medicaid agency or the operating agency (if applicable).

Provider rates are set by the Agency for Health Care Administration in alignment with rates established for respite and environmental accessibility adaptations in previous iterations of the Developmental Disabilities Individual Budgeting Home and Community-Based Services Waiver. As such, the rates are not identical to current iBudget rates. The transition case management service does not have a set rate. Utilization for these services remains low, but to ensure a robust provider pool, the State accepts feedback from providers on its rates on a continual basis.

Service rates are posted on the States's website. If a waiver recipient requests a hard copy, one will be sent via U.S. Mail. Beginning in 2025, the State will work to establish a rate-setting methodology independent of the iBudget Waiver, using a contracted Third-party actuarial vendor or the Agency's internal rate-setting process.

b. Flow of Billings. Describe the flow of billings for waiver services, specifying whether provider billings flow directly from providers to the state's claims payment system or whether billings are routed through other intermediary entities. If billings flow through other intermediary entities, specify the entities:

The Florida Medicaid Management Information System (FMMIS) system has recipient eligibility and provider subsystems. The recipient subsystem is updated as part of the eligibility redetermination process. When a recipient is enrolled in this waiver it will be reflected on his/her eligibility file. A file in the provider subsystem is established upon enrollment of a provider. Payments will be reflected on the provider's file. Edits in FMMIS are designed to ensure that payments for waiver services are made only for authorized waiver services to eligible recipients rendered by enrolled providers.

Service providers receive service authorizations from the care coordinator and deliver the services. After delivering the services, service providers send their claims using CMS 1500 billing forms to the Medicaid Fiscal Agent for processing in the approved Florida Medicaid Management Information System (FMMIS).

Appendix I: Financial Accountability

I-2: Rates, Billing and Claims (2 of 3)

c. Certifying Public Expenditures (select one):

No. state or local government agencies do not certify expenditures for waiver services.

Yes. state or local government agencies directly expend funds for part or all of the cost of waiver services and certify their state government expenditures (CPE) in lieu of billing that amount to Medicaid.

Select at least one:

Certified Public Expenditures (CPE) of State Public Agencies.

Specify: (a) the state government agency or agencies that certify public expenditures for waiver services; (b) how it is assured that the CPE is based on the total computable costs for waiver services; and, (c) how the state verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR § 433.51(b). (Indicate source of revenue for CPEs in Item I-4-a.)

Certified Public Expenditures (CPE) of Local Government Agencies.

Specify: (a) the local government agencies that incur certified public expenditures for waiver services; (b) how it is assured that the CPE is based on total computable costs for waiver services; and, (c) how the state verifies that the certified public expenditures are eligible for Federal financial participation in accordance with 42 CFR § 433.51(b). (Indicate source of revenue for CPEs in Item I-4-b.)

Appendix I: Financial Accountability

I-2: Rates, Billing and Claims (3 of 3)

d. Billing Validation Process. Describe the process for validating provider billings to produce the claim for federal financial participation, including the mechanism(s) to assure that all claims for payment are made only: (a) when the individual was eligible for Medicaid waiver payment on the date of service; (b) when the service was included in the participant's approved service plan; and, (c) the services were provided:

The Florida Medicaid Management Information System (FMMIS) system has recipient eligibility and provider subsystems. The recipient subsystem is updated as part of the eligibility redetermination process. When a recipient is enrolled in this waiver it will be reflected on his/her eligibility file. A file in the provider subsystem is established upon enrollment of a provider. Payments will be reflected on the provider's file. Edits in FMMIS are designed to ensure that payments for waiver services are made only for authorized waiver services to eligible recipients rendered by enrolled providers.

The FMMIS system has edits to ensure that, prior to generating a payment, the participant is currently eligible for Medicaid in an eligibility category approved for the waiver and is enrolled in this waiver. In addition, nurse case management monitoring will include review of payments to ensure that services were provided and were included in the participants approved plan of care.

- e. **Billing and Claims Record Maintenance Requirement.** Records documenting the audit trail of adjudicated claims (including supporting documentation) are maintained by the Medicaid agency, the operating agency (if applicable), and providers of waiver services for a minimum period of 3 years as required in 45 CFR § 92.42.

Appendix I: Financial Accountability

I-3: Payment (1 of 7)

- a. **Method of payments -- MMIS (select one):**

Payments for all waiver services are made through an approved Medicaid Management Information System (MMIS).

Payments for some, but not all, waiver services are made through an approved MMIS.

Specify: (a) the waiver services that are not paid through an approved MMIS; (b) the process for making such payments and the entity that processes payments; (c) and how an audit trail is maintained for all state and federal funds expended outside the MMIS; and, (d) the basis for the draw of federal funds and claiming of these expenditures on the CMS-64:

[Empty text box for specification]

Payments for waiver services are not made through an approved MMIS.

Specify: (a) the process by which payments are made and the entity that processes payments; (b) how and through which system(s) the payments are processed; (c) how an audit trail is maintained for all state and federal funds expended outside the MMIS; and, (d) the basis for the draw of federal funds and claiming of these expenditures on the CMS-64:

[Empty text box for specification]

Payments for waiver services are made by a managed care entity or entities. The managed care entity is paid a monthly capitated payment per eligible enrollee through an approved MMIS.

Describe how payments are made to the managed care entity or entities:

[Empty text box for description]

Appendix I: Financial Accountability

I-3: Payment (2 of 7)

b. Direct payment. In addition to providing that the Medicaid agency makes payments directly to providers of waiver services, payments for waiver services are made utilizing one or more of the following arrangements (select at least one):

The Medicaid agency makes payments directly and does not use a fiscal agent (comprehensive or limited) or a managed care entity or entities.

The Medicaid agency pays providers through the same fiscal agent used for the rest of the Medicaid program.

The Medicaid agency pays providers of some or all waiver services through the use of a limited fiscal agent.

Specify the limited fiscal agent, the waiver services for which the limited fiscal agent makes payment, the functions that the limited fiscal agent performs in paying waiver claims, and the methods by which the Medicaid agency oversees the operations of the limited fiscal agent:

Providers are paid by a managed care entity or entities for services that are included in the state's contract with the entity.

Specify how providers are paid for the services (if any) not included in the state's contract with managed care entities.

Appendix I: Financial Accountability

I-3: Payment (3 of 7)

c. Supplemental or Enhanced Payments. Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to states for expenditures for services under an approved state plan/waiver. Specify whether supplemental or enhanced payments are made. Select one:

No. The state does not make supplemental or enhanced payments for waiver services.

Yes. The state makes supplemental or enhanced payments for waiver services.

Describe: (a) the nature of the supplemental or enhanced payments that are made and the waiver services for which these payments are made; (b) the types of providers to which such payments are made; (c) the source of the non-Federal share of the supplemental or enhanced payment; and, (d) whether providers eligible to receive the supplemental or enhanced payment retain 100% of the total computable expenditure claimed by the state to CMS. Upon request, the state will furnish CMS with detailed information about the total amount of supplemental or enhanced payments to each provider type in the waiver.

Appendix I: Financial Accountability

I-3: Payment (4 of 7)

d. Payments to state or Local Government Providers. Specify whether state or local government providers receive payment for the provision of waiver services.

No. State or local government providers do not receive payment for waiver services. Do not complete Item I-3-e.

Yes. State or local government providers receive payment for waiver services. Complete Item I-3-e.

Specify the types of state or local government providers that receive payment for waiver services and the services that the state or local government providers furnish:

Appendix I: Financial Accountability

I-3: Payment (5 of 7)

e. Amount of Payment to State or Local Government Providers.

Specify whether any state or local government provider receives payments (including regular and any supplemental payments) that in the aggregate exceed its reasonable costs of providing waiver services and, if so, whether and how the state recoups the excess and returns the Federal share of the excess to CMS on the quarterly expenditure report. Select one:

Answers provided in Appendix I-3-d indicate that you do not need to complete this section.

The amount paid to state or local government providers is the same as the amount paid to private providers of the same service.

The amount paid to state or local government providers differs from the amount paid to private providers of the same service. No public provider receives payments that in the aggregate exceed its reasonable costs of providing waiver services.

The amount paid to state or local government providers differs from the amount paid to private providers of the same service. When a state or local government provider receives payments (including regular and any supplemental payments) that in the aggregate exceed the cost of waiver services, the state recoups the excess and returns the federal share of the excess to CMS on the quarterly expenditure report.

Describe the recoupment process:

Appendix I: Financial Accountability

I-3: Payment (6 of 7)

f. Provider Retention of Payments. *Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by states for services under the approved waiver. Select one:*

Providers receive and retain 100 percent of the amount claimed to CMS for waiver services.

Providers are paid by a managed care entity (or entities) that is paid a monthly capitated payment.

Specify whether the monthly capitated payment to managed care entities is reduced or returned in part to the state.

Appendix I: Financial Accountability

g. Additional Payment Arrangements

i. Voluntary Reassignment of Payments to a Governmental Agency. Select one:

No. The state does not provide that providers may voluntarily reassign their right to direct payments to a governmental agency.

Yes. Providers may voluntarily reassign their right to direct payments to a governmental agency as provided in 42 CFR § 447.10(e).

Specify the governmental agency (or agencies) to which reassignment may be made.

ii. Organized Health Care Delivery System. Select one:

No. The state does not employ Organized Health Care Delivery System (OHCDS) arrangements under the provisions of 42 CFR § 447.10.

Yes. The waiver provides for the use of Organized Health Care Delivery System arrangements under the provisions of 42 CFR § 447.10.

Specify the following: (a) the entities that are designated as an OHCDS and how these entities qualify for designation as an OHCDS; (b) the procedures for direct provider enrollment when a provider does not voluntarily agree to contract with a designated OHCDS; (c) the method(s) for assuring that participants have free choice of qualified providers when an OHCDS arrangement is employed, including the selection of providers not affiliated with the OHCDS; (d) the method(s) for assuring that providers that furnish services under contract with an OHCDS meet applicable provider qualifications under the waiver; (e) how it is assured that OHCDS contracts with providers meet applicable requirements; and, (f) how financial accountability is assured when an OHCDS arrangement is used:

iii. Contracts with MCOs, PIHPs or PAHPs.

The state does not contract with MCOs, PIHPs or PAHPs for the provision of waiver services.

The state contracts with a Managed Care Organization(s) (MCOs) and/or prepaid inpatient health plan(s) (PIHP) or prepaid ambulatory health plan(s) (PAHP) under the provisions of section 1915(a)(1) of the Act for the delivery of waiver and other services. Participants may voluntarily elect to receive waiver and other services through such MCOs or prepaid health plans. Contracts with these health plans are on file at the state Medicaid agency.

Describe: (a) the MCOs and/or health plans that furnish services under the provisions of section 1915(a)(1); (b) the geographic areas served by these plans; (c) the waiver and other services furnished by these plans; and, (d) how payments are made to the health plans.

This waiver is a part of a concurrent section 1915(b)/section 1915(c) waiver. Participants are required to

obtain waiver and other services through a MCO and/or prepaid inpatient health plan (PIHP) or a prepaid ambulatory health plan (PAHP). The section 1915(b) waiver specifies the types of health plans that are used and how payments to these plans are made.

This waiver is a part of a concurrent section 1115/section 1915(c) waiver. Participants are required to obtain waiver and other services through a MCO and/or prepaid inpatient health plan (PIHP) or a prepaid ambulatory health plan (PAHP). The section 1115 waiver specifies the types of health plans that are used and how payments to these plans are made.

If the state uses more than one of the above contract authorities for the delivery of waiver services, please select this option.

In the text box below, indicate the contract authorities. In addition, if the state contracts with MCOs, PIHPs, or PAHPs under the provisions of section 1915(a)(1) of the Act to furnish waiver services: Participants may voluntarily elect to receive waiver and other services through such MCOs or prepaid health plans. Contracts with these health plans are on file at the state Medicaid agency. Describe: (a) the MCOs and/or health plans that furnish services under the provisions of section 1915(a)(1); (b) the geographic areas served by these plans; (c) the waiver and other services furnished by these plans; and, (d) how payments are made to the health plans.

Appendix I: Financial Accountability

I-4: Non-Federal Matching Funds (1 of 3)

a. State Level Source(s) of the Non-Federal Share of Computable Waiver Costs. Specify the state source or sources of the non-federal share of computable waiver costs. Select at least one:

Appropriation of State Tax Revenues to the State Medicaid Agency

Appropriation of State Tax Revenues to a State Agency other than the Medicaid Agency.

If the source of the non-federal share is appropriations to another state agency (or agencies), specify: (a) the state entity or agency receiving appropriated funds and (b) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and/or, indicate if the funds are directly expended by state agencies as CPEs, as indicated in Item I-2-c:

Other State Level Source(s) of Funds.

Specify: (a) the source and nature of funds; (b) the entity or agency that receives the funds; and, (c) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and/or, indicate if funds are directly expended by state agencies as CPEs, as indicated in Item I-2-c:

Appendix I: Financial Accountability

I-4: Non-Federal Matching Funds (2 of 3)

b. Local Government or Other Source(s) of the Non-Federal Share of Computable Waiver Costs. Specify the source or sources of the non-federal share of computable waiver costs that are not from state sources. Select One:

Not Applicable. There are no local government level sources of funds utilized as the non-federal share.

Applicable

Check each that applies:

Appropriation of Local Government Revenues.

Specify: (a) the local government entity or entities that have the authority to levy taxes or other revenues; (b) the source(s) of revenue; and, (c) the mechanism that is used to transfer the funds to the Medicaid Agency or Fiscal Agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement (indicate any intervening entities in the transfer process), and/or, indicate if funds are directly expended by local government agencies as CPEs, as specified in Item I-2-c:

Other Local Government Level Source(s) of Funds.

Specify: (a) the source of funds; (b) the local government entity or agency receiving funds; and, (c) the mechanism that is used to transfer the funds to the state Medicaid agency or fiscal agent, such as an Intergovernmental Transfer (IGT), including any matching arrangement, and/or, indicate if funds are directly expended by local government agencies as CPEs, as specified in Item I-2-c:

Appendix I: Financial Accountability

I-4: Non-Federal Matching Funds (3 of 3)

c. Information Concerning Certain Sources of Funds. Indicate whether any of the funds listed in Items I-4-a or I-4-b that make up the non-federal share of computable waiver costs come from the following sources: (a) health care-related taxes or fees; (b) provider-related donations; and/or, (c) federal funds. Select one:

None of the specified sources of funds contribute to the non-federal share of computable waiver costs

The following source(s) are used

Check each that applies:

Health care-related taxes or fees

Provider-related donations

Federal funds

For each source of funds indicated above, describe the source of the funds in detail:

Appendix I: Financial Accountability

I-5: Exclusion of Medicaid Payment for Room and Board

a. Services Furnished in Residential Settings. Select one:

No services under this waiver are furnished in residential settings other than the private residence of the individual.

As specified in Appendix C, the state furnishes waiver services in residential settings other than the personal home of the individual.

b. Method for Excluding the Cost of Room and Board Furnished in Residential Settings. *The following describes the methodology that the state uses to exclude Medicaid payment for room and board in residential settings:*

Do not complete this item.

Appendix I: Financial Accountability

I-6: Payment for Rent and Food Expenses of an Unrelated Live-In Caregiver

Reimbursement for the Rent and Food Expenses of an Unrelated Live-In Personal Caregiver. *Select one:*

No. *The state does not reimburse for the rent and food expenses of an unrelated live-in personal caregiver who resides in the same household as the participant.*

Yes. *Per 42 CFR § 441.310(a)(2)(ii), the state will claim FFP for the additional costs of rent and food that can be reasonably attributed to an unrelated live-in personal caregiver who resides in the same household as the waiver participant. The state describes its coverage of live-in caregiver in Appendix C-3 and the costs attributable to rent and food for the live-in caregiver are reflected separately in the computation of factor D (cost of waiver services) in Appendix J. FFP for rent and food for a live-in caregiver will not be claimed when the participant lives in the caregiver's home or in a residence that is owned or leased by the provider of Medicaid services.*

The following is an explanation of: (a) the method used to apportion the additional costs of rent and food attributable to the unrelated live-in personal caregiver that are incurred by the individual served on the waiver and (b) the method used to reimburse these costs:

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (1 of 5)

a. Co-Payment Requirements. *Specify whether the state imposes a co-payment or similar charge upon waiver participants for waiver services. These charges are calculated per service and have the effect of reducing the total computable claim for federal financial participation. Select one:*

No. *The state does not impose a co-payment or similar charge upon participants for waiver services.*

Yes. *The state imposes a co-payment or similar charge upon participants for one or more waiver services.*

i. Co-Pay Arrangement.

Specify the types of co-pay arrangements that are imposed on waiver participants (check each that applies):

Charges Associated with the Provision of Waiver Services *(if any are checked, complete Items I-7-a-ii through I-7-a-iv):*

Nominal deductible

Coinsurance

Co-Payment

Other charge

Specify:

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (2 of 5)

a. Co-Payment Requirements.

ii. Participants Subject to Co-pay Charges for Waiver Services.

Answers provided in Appendix I-7-a indicate that you do not need to complete this section.

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (3 of 5)

a. Co-Payment Requirements.

iii. Amount of Co-Pay Charges for Waiver Services.

Answers provided in Appendix I-7-a indicate that you do not need to complete this section.

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (4 of 5)

a. Co-Payment Requirements.

iv. Cumulative Maximum Charges.

Answers provided in Appendix I-7-a indicate that you do not need to complete this section.

Appendix I: Financial Accountability

I-7: Participant Co-Payments for Waiver Services and Other Cost Sharing (5 of 5)

b. Other State Requirement for Cost Sharing. Specify whether the state imposes a premium, enrollment fee or similar cost sharing on waiver participants. Select one:

No. The state does not impose a premium, enrollment fee, or similar cost-sharing arrangement on waiver participants.

Yes. The state imposes a premium, enrollment fee or similar cost-sharing arrangement.

Describe in detail the cost sharing arrangement, including: (a) the type of cost sharing (e.g., premium, enrollment fee); (b) the amount of charge and how the amount of the charge is related to total gross family income; (c) the groups of participants subject to cost-sharing and the groups who are excluded; and, (d) the mechanisms for the collection of cost-sharing and reporting the amount collected on the CMS 64:

Appendix J: Cost Neutrality Demonstration

J-1: Composite Overview and Demonstration of Cost-Neutrality Formula

Composite Overview. Complete the fields in Cols. 3, 5 and 6 in the following table for each waiver year. The fields in Cols. 4, 7 and 8 are auto-calculated based on entries in Cols 3, 5, and 6. The fields in Col. 2 are auto-calculated using the Factor D data from the J-2-d Estimate of Factor D tables. Col. 2 fields will be populated ONLY when the Estimate of Factor D tables in J-2-d have been completed.

Level(s) of Care: Hospital, Nursing Facility

Col. 1	Col. 2	Col. 3	Col. 4	Col. 5	Col. 6	Col. 7	Col. 8
Year	Factor D	Factor D'	Total: D+D'	Factor G	Factor G'	Total: G+G'	Difference (Col 7 less Column4)
1	1746.00	276970.48	278716.48	311675.75	71063.82	382739.57	104023.09

Appendix J: Cost Neutrality Demonstration

J-2: Derivation of Estimates (1 of 9)

a. Number Of Unduplicated Participants Served. Enter the total number of unduplicated participants from Item B-3-a who will be served each year that the waiver is in operation. When the waiver serves individuals under more than one level of care, specify the number of unduplicated participants for each level of care:

Table: J-2-a: Unduplicated Participants

Waiver Year	Total Unduplicated Number of Participants (from Item B-3-a)	Distribution of Unduplicated Participants by Level of Care (if applicable)	
		Level of Care:	Level of Care:
		Hospital	Nursing Facility
Year 1	20	5	15
Year 2	20	5	15
Year 3	20	5	15
Year 4	20	5	15
Year 5	20	5	15

Appendix J: Cost Neutrality Demonstration

J-2: Derivation of Estimates (2 of 9)

b. Average Length of Stay. Describe the basis of the estimate of the average length of stay on the waiver by participants in item J-2-a.

The average length of stay was determined by assessing the overall need of the target population. Participants are ages 0 through 20 and have been determined to be medically complex or medically fragile, requiring skilled nursing interventions to sustain life. The State estimated the average length of stay is based upon current trends for the population who receive care in a skilled nursing facility.

It is estimated that each participant will have an average length of stay on the waiver of 315 days a year. The number of years that a participant will remain on the waiver is unknown due to the complexity of the Degenerative Spino-cerebellar diagnosis as well as those deemed to be medically fragile who have transition from a skilled nursing facility. They are anticipated to remain on this waiver until they reach age 21.

Appendix J: Cost Neutrality Demonstration

J-2: Derivation of Estimates (3 of 9)

c. Derivation of Estimates for Each Factor. Provide a narrative description for the derivation of the estimates of the following factors.

i. Factor D Derivation. The estimates of Factor D for each waiver year are located in Item J-2-d. The basis and methodology for these estimates is as follows:

There was no utilization of waiver services by enrollees during the waiver years 1 through 4 of the previous authority. The State has elected to reuse the estimates from the Waiver Year 1 of the previous waiver renewal as these service utilization rates are still reasonable. The estimates are based upon waiver utilization reported in the CMS372 reports for the years July 1, 2014 to June 30, 2015, July 1, 2015 to June 30, 2016, and July 1, 2016 to June 30, 2017 for the Environmental Accessibility Adaptations and Respite services. However, the Assistive Technology and Service Evaluation, and Transition Case Management services had no utilization during those three years. The State is projecting those services to be utilized 100% by new recipients. Transition Case Management is being estimated for an average utilization of 6 units per recipient (1 per month for 6 months). No inflation factor has been applied.

ii. Factor D' Derivation. The estimates of Factor D' for each waiver year are included in Item J-1. The basis of these estimates is as follows:

The Model waiver D prime factor has been estimated using data from Waiver Year 4, State Fiscal Year 23/24 (July 1, 2023 to June 30, 2024). This time period is the first full year after the end of the Covid-19 Public Health Emergency, which the State feels is more representative of normal utilization. This time period also takes into consideration the cost impacts of ongoing high inflation, and the ongoing implementation of Florida's \$15 minimum wage. Medicare Part D expenses are not covered by Florida Medicaid and do not factor into these calculations. The cost inflation factor is from the National Health Expenditure Projections 2023-2032, Forecast Summary June 2024. Inflation for Waiver Year 1 to Waiver Year 2 is projected at 5.7%. Inflation for Waiver Year 2 to Waiver Year 5 is projected at 6.2%.

iii. Factor G Derivation. The estimates of Factor G for each waiver year are included in Item J-1. The basis of these estimates is as follows:

The Model waiver G factor estimate was determined using Waiver Year 4, State Fiscal Year 23/24 (July 1, 2023 to June 30, 2024) hospital inpatient DRG pricing and nursing home per-diem rates. This time period is the first full year after the end of the Covid-19 Public Health Emergency, which the State feels is more representative of normal utilization; and takes into consideration the cost impacts of ongoing high inflation and the ongoing implementation of Florida's \$15 minimum wage. Daily rates were multiplied by 366 (2024 is a leap year) to estimate the cost to the state for an entire year of inpatient service. The state is using different reference years than for the D factor to reflect current hospital DRG costs and nursing home per-diem rates. The cost inflation factor is from the National Health Expenditure Projections 2023-2032, Forecast Summary June 2024. Inflation for Waiver Year 1 to Waiver Year 2 is projected at 5.7%. Inflation for Waiver Year 2 to Waiver Year 5 is projected at 6.2%.

iv. Factor G' Derivation. The estimates of Factor G' for each waiver year are included in Item J-1. The basis of these estimates is as follows:

The Model waiver G prime factor was determined using non-institutional costs to Medicaid for individuals meeting waiver enrollment criteria during for Waiver Year 4, State Fiscal Year 23/24 (July 1, 2023 to June 30, 2024). Medicare Part D expenses are not covered by Florida Medicaid and do not factor into these calculations. The state is using the same reference years as the G factor. The cost inflation factor is from the National Health Expenditure Projections 2023-2032, Forecast Summary June 2024. Inflation for Waiver Year 1 to Waiver Year 2 is projected at 5.7%. Inflation for Waiver Year 2 to Waiver Year 5 is projected at 6.2%.

Appendix J: Cost Neutrality Demonstration

J-2: Derivation of Estimates (4 of 9)

Component management for waiver services. If the service(s) below includes two or more discrete services that are reimbursed separately, or is a bundled service, each component of the service must be listed. Select “manage components” to add these components.
