

# Clearinghouse for Education FAQs

## Welcome to the Background Screening Clearinghouse

The [Care Provider Background Screening Clearinghouse](#) or 'Clearinghouse' was established by law in 2012 to reduce duplicative screenings. The Clearinghouse Results Website (CRW) provides a single data source for background screening results of people who may come in contact with vulnerable populations. It allows the results of criminal history checks to be shared among participating agencies and is maintained and managed by the Agency for Health Care Administration (AHCA).

## Clearinghouse Advantages

The Clearinghouse provides many advantages to the applicant/employee, districts, schools, and the Florida Department of Education (FDOE). Most importantly the Clearinghouse significantly increases the safety of our most vulnerable citizens.

The Clearinghouse facilitates:

- Sharing results of criminal history checks among participating agencies, providing cost savings to individuals and providers.
- Collecting subsequent arrest information for employees with retained fingerprints that is only available to current employers of the individual.
- Tracking screenings, from initial request until a determination is made.
- Emailing status update notifications to the district or school regarding each request initiated.
- Allowing districts/schools to search and schedule screening appointments with Livescan Service Provider convenient to the applicant.

## Contact Information

For more information, please contact [DOEBGS@AHCA.MyFlorida.com](mailto:DOEBGS@AHCA.MyFlorida.com), call (850) 412-4700, or fax (850) 487-0470.

## Legislation providing access to the Clearinghouse for Education

The following Florida Statutes may be referenced for additional information.

[Chapter 2023-220](#), establishes education as a participant and references additional state statutes outlining disqualifying offenses and to whom they apply.

# Clearinghouse for Education FAQs

## Who must be screened in the Clearinghouse?

Florida Law [Chapter 2023-220](#) states that Clearinghouse staff will review and determine eligibility for employment submitted via the FDOE's Bureau of Educator Certification, Florida schools and districts, and vendors providing services to schools.

All the educational entities that are currently not in the Clearinghouse will have to be re-fingerprinted as required by law. This includes employees of the following facility types:

- Schools, including charter schools and specialty schools
- Private schools participating in educational scholarship programs

If an applicant is in the Clearinghouse under another agency, a new screening is not required. An Agency Review of the individual's current information can be initiated free of charge.

## Position Types Requiring Screening/Rescreening

- Individuals seeking educator certification.
  - The ORI is EDOEPUBS1 – Teacher certification
- All employment positions which require direct contact with students in a district school system, charter school or private school participating in a state scholarship program, including contracted positions.
  - The ORI is EDOEPUBS0 – General employment
  - The ORI is VDOEPUBS3 – Volunteers
- Non-instructional contractors who are permitted access to school grounds when children are anticipated to be present (restricted access).
  - The ORI is EDOEPUBS2 – Restricted Contractor/vendor
- All the position types are required to submit new fingerprints along with a photograph taken at the time of fingerprinting unless they are already in the Clearinghouse. Current FALCON screenings will NOT be transferred to the Clearinghouse.

# Clearinghouse for Education FAQs

## School Resource Officers

Section 1012.468, Florida Statutes (F.S.) provides exceptions to certain fingerprinting and criminal history checks:

(2) A district school board shall exempt from the screening requirements set forth in ss. 1012.465 and 1012.467 law enforcement officers, as defined in s. 943.10, who is assigned or dispatched to school grounds by his or her employer.

## Contractor/Vendors

Contractor/Vendors screened under s. 1012.465, who have direct access to students, will now be screened under the School Employment ORI-EDOEPUBS0 and will be rescreened when their current fingerprint retention expires.

Districts or schools that have processes already in place for contractors/vendors to be screened can continue with their current process and do NOT have to initiate the screenings in the Clearinghouse for those positions.

Contractors/Vendors with restricted access are subject to F.S. 1012.467 and are currently screened through the Florida Shared School Results (FSSR) system. FSSR is planned to sunset, but will be available to view screenings of previously screened people until such time as they are screened into the Clearinghouse. FSSR will not be available for renewals or new screenings.

There will be no changes in the badging process for contractors.

# Clearinghouse for Education FAQs

## Volunteers

You may continue screening volunteers through your current VECHS ORI or through the Clearinghouse using the ORI VDOEPUBS3.

If you choose to screen your volunteers through the Clearinghouse, during the initiation process please select the Provider 'School Employment' and then the Position 'Volunteer' and the Volunteer ORI VDOEPUBS3 will appear on the Livescan Request form.

Select Provider, Position and Confirm Privacy Policy

[Home](#) > [Initiate Resubmission](#) > [Person Profile](#) > [Provider/Position/PP](#)

Please select a Provider and Position for which the applicant has applied from the drop-down lists

**Provider**

DOEPUBS Provider - School Employment (License Number: 010000002) Street1, City, FL 99999

**Position**

-- Select Position Type --

- Select Position Type --
- Clerical/secretarial workers
- Education Paraprofessionals
- Managers
- Other
- Service workers
- Skilled craft workers
- Technicians
- Volunteer

For additional guidance on your volunteer process, please contact the Department of Education or your District's legal counsel.

## Features

### Agency Review

Screenings meeting all three criteria will receive a Clearinghouse Status of Yes, indicating it has met the requirements for sharing.

1. Retained fingerprints
2. A photograph of the applicant, taken at the time of screening
3. Acceptance of the Privacy Policy\* by the applicant

*\*The privacy policy acknowledges the person understands and accepts that the results may be shared across participating state agencies, including those affiliated with the Florida Department of Education.*

# Clearinghouse for Education FAQs

## Who is in the Clearinghouse?

Any person screened within the past 5 years that meets the requirements for sharing is available for free agency review by the district. The Clearinghouse currently includes sharing with:

- Agency for Health Care Administration (AHCA)
- Florida Department of Health (DOH)
- Department of Children and Families (DCF)
- Agency for Persons with Disabilities (APD)
- Department of Elder Affairs (DOEA)
- Florida Department of Juvenile Justice (DJJ)
- Department of Education Vocational Rehabilitation (VR)
- As FDOE transitions to the Clearinghouse, screenings from other districts and schools will also become available, free of charge.

## Person Profiles

Person Profiles display

- Demographic information
- Retained Prints Expiration Date
- Clearinghouse Status
- Eligibility
- Screenings in Process table
- FDOH Licensure Status
- Employment/Contract History
- School District Exception table

## Can we edit the profile?

Most demographic information may be edited, with the exception of the social security number (SSN), last name and date of birth. Those fields can only be changed by sending the required documentation to [DOEBGS@ahca.myflorida.com](mailto:DOEBGS@ahca.myflorida.com). Even if a SSN, for example, is mis-keyed in the screening results from the Florida Department of Law Enforcement (FDLE), the Clearinghouse is the system of record.

# Clearinghouse for Education FAQs

## Employee Roster

### Employment/Contract History

Agency	Name	License #	Position	Provisional Hire / Contract Date	Permanent Hire / Contract Date	End Date	Action
EDOEPUBS	Leon School District - FDOE Certified	123456	FDOE Certified		02/03/2025		<a href="#">Edit</a>
EDOEPUBS	Sumter School District - Restricted Contractors	123456	Restricted Contractors	06/04/2023		01/27/2025	

1 items per page

1 - 2 of 2 items

[Add Employment/Contract Record](#)

## Adding/Terminating

Change in an applicant's status must be reported within five (5) business days in the Clearinghouse Employee/Contractor Roster. Terminated employees will be retained but are filtered out of the results by default.

Please clarify termination of temporary personnel (contractors, substitutes, etc.) with your legal department.

## History

Employment history is available in the person profile for the applicant if the previous employer is in the Clearinghouse and added that person to their employee roster.

There is not currently a method for uploading employment records, but this will be considered for system enhancements.

## Timeline

Per statute, the rescreening will need to be conducted based on the last submission date of the last screening, as follows:

Last Screened	Must be in Clearinghouse by
On or before 6/30/2021	6/30/2025
Between 7/1/21 and 6/30/22	6/30/2026
Between 7/1/22 and 12/31/23	6/30/2027

Until all people are in the Clearinghouse, current systems such as VECBS and FALCON will continue to be used for individuals not yet in the Clearinghouse.

# Clearinghouse for Education FAQs

*\*This timeline is mandated by statute, so there is no plan to extend the 6/30/2025 deadline.*

AHCA does **not** have the authority to ensure compliance with the rescreening schedule. Screening may be completed earlier at the discretion of the entity but must be completed by 6/30/2027. For those screened after 12/31/2023, it is recommended that they be added to the Clearinghouse by 6/30/2027.

## Audits

AHCA is not authorized to conduct audits. FDLE will continue to perform audits for Criminal Justice Information System (CJIS) compliance. For additional information for how to become CJIS certified please visit [Noncriminal Justice CJIS Compliance & Training](#).

## Fees

### Usage fees

The Clearinghouse requires no fee to access and requires no installation. It is accessed via common internet browsers such as Edge, Chrome, and Firefox.

### Screening fees

Per section 435.08, F.S., the employer or the employee is responsible for paying the costs of screening. Current costs for screenings, including the 5-year retention are:

### New Applicants

- State fee \$24
- Retention fee \$24
- FBI fee \$12
- Clearinghouse fee \$0
- Livescan Service Provider fee – varies
- Paid directly to the Livescan provider at time of screening

### Agency Reviews

- FREE via the Clearinghouse

### Resubmission

- Must be completed for employees with a 90-day break in employment
- \$12

# Clearinghouse for Education FAQs

- Paid by bank account/ACH or with credit card via the Clearinghouse

## Renewal

- Renewal of people whose fingerprints are expiring in the Clearinghouse
- \$42.00
- Paid by bank account/ACH or with credit card via the Clearinghouse

## Equipment fees

The Clearinghouse does not require purchase of equipment - screening appointments can be made within the application with a nearby Livescan provider. If you have existing equipment, you can find additional information in the [Livescan section](#).

## Will fees for applicants currently in FALCON be pro-rated?

No, FDLE will not refund money for years not used in the current system.

## How will we be invoiced?

### New Hires

If you have your own equipment, you will continue to be invoiced by FDLE for new hires. If scheduling a screening with a Livescan location, payment can be made when the appointment is scheduled by either the employer or the employee.

### Renewals/Resubmissions

You will pay the 5-year retention fees and FBI fees through the Clearinghouse when requesting renewals and resubmissions. You will need to have a credit card or a bank account for ACH transfers. The Clearinghouse does not accept POs at this time.

## Can retention be paid annually?

No, to participate in the Clearinghouse, the five-year retention paid upfront is required. While one employee may leave after only a year, districts/schools will also be able to hire others already in the Clearinghouse. Over time, this will result in cost savings. The Clearinghouse has saved applicants/agencies over \$150 million through shared screenings.

# Clearinghouse for Education FAQs

## Access

The Clearinghouse for Education will be managed by the Agency for Healthcare Administration (AHCA).

### When can we register for Clearinghouse access?

April 7<sup>th</sup>, 2025

### What if I have existing Clearinghouse access?

You will retain your existing login but will request DOE agency access once it becomes available April 7<sup>th</sup>, 2025.

Once you have DOE access you will be able to use a **View As** feature to toggle between agencies. If the applicant has been reviewed under DCF Summer Camp, for example, you will see their eligibility according to DCF Summer Camp criteria. If you consider hiring them in some capacity, you will 'View As' DOE and select Initiate Agency Review to begin the process of determining the applicant's eligibility for the selected role in education.

## FDLE CJIS Agreements

You will continue to use your existing process to obtain and oversee Criminal Justice Information System (CJIS) agreements with the Florida Department of Law Enforcement (FDLE). For additional information for how to become CJIS certified please visit [Noncriminal Justice CJIS Compliance & Training](#).

## Screening, Arrests, and Eligibility

### Background Screening

The first step in conducting a screening in the Clearinghouse is to search for an individual by SSN and either date of birth or last name. If the person already exists in the system, you will know immediately and be able to initiate an Agency Review free of charge. If no results are returned you may initiate a new screening (fee assessed by FDLE and Livescan).

### Privacy Policy

When a screening is initiated in the Clearinghouse the applicant email is required. The form that advises the applicant that their information could be shared is sent to that email address. The person initiating the screening process will check a box acknowledging the following and this fulfills the audit requirements of the FBI.

# Clearinghouse for Education FAQs

Signed copies are not currently maintained in the Clearinghouse but this capability can be considered for future enhancements.

Any additional documents required by the district or school will continue according to current policy and procedure.

## Self-initiated screenings

Applicant initiated screenings are currently available only to the Florida Department of Health, but expansion is planned for future updates of the Clearinghouse.

## Rejected fingerprints

Fingerprints may be rejected for low-quality, scanner error or other reasons. The incoming criminal history result will include a response from the FBI indicating the reason for the rejection and providing the necessary information for the applicant to submit a second set of fingerprints. There is no charge for resubmission of fingerprints rejected for low quality.

## Errors

If an applicant believes there has been an error in the screening results, the applicant must contact FDLE to discuss the discrepancy. If the screening results are updated as a result, FDLE will send an updated criminal history. This will start a new Clearinghouse criminal history review.

## Results

Screening results are visible on the Clearinghouse Results Website (CRW) and notification emails are sent to the district or school when the screening is initiated. Files will continue to be transmitted to the Bureau of Educator Certification.

## Screening expiration/Renewals

The Clearinghouse provides notification when renewal is needed for any employee/contractor on the employee roster. Renewals can be processed as early as 60 days in advance of fingerprint expiration. You will receive email notifications 60 days, 30 days and 5 days prior to expiration. The individual will also appear in the **Employees with Expiring Retained Prints** module on your Clearinghouse Dashboard with a quick link to begin the renewal process.

## Standard Disqualifying Offenses

Details are outlined in Florida Statute Chapter 435, Section 04 ([435.04](#)) for most applicants.

# Clearinghouse for Education FAQs

Contractors not anticipated to be present on school grounds while children are present (restricted access) will be screened in accordance with the disqualifying offenses listed in [Florida Statute 1012.467\(2\)\(b\)](#).

Disqualifying offenses in Florida Statute Chapter 1012.315 are moved under 435.04 and now in addition to convictions, AHCA reviews for adjudication withheld, nolo contendere and arrests awaiting dispositions for disqualifying offenses. The applicant would be disqualified for employment until those charges are resolved.

*It is important to note there are 23 additional disqualifying offenses under 435.04 that have not previously been reviewed for educational purposes.*

## Offenses outside the state of Florida

The Clearinghouse receives both state and national offenses. National offenses are reviewed

## Pending Charges

If an applicant is found not eligible due to pending charges, they must notify the Clearinghouse, per instructions which will be included in a **Not Eligible** notification letter generated by the Clearinghouse and sent directly to the applicant.

## Supporting documents

If an applicant has a potentially disqualifying offense but the supporting documentation is no longer available, they can supply a statement from the arresting agency stating the records are no longer available AND a signed statement from the applicant explaining the situation.

## Fingerprint retention

Fingerprints are not retained if not renewed after five years.

## Screening dates

The Clearinghouse has multiple dates within the system:

**Screening date** is the date of the last fingerprint/photograph instance. This date does not change unless a new screening is requested and received from FDLE/FBI.

**Eligibility date** is the date the eligibility determination was made within the Clearinghouse.

**Retained Prints Expiration date** is the date the prints will expire and no longer be retained if they are not renewed.

# Clearinghouse for Education FAQs

## Arrests

If there is *any* arrest, you will be notified by email immediately if an individual is on your Employee/Contractor Roster in the Clearinghouse.

## Eligibility

Eligibility determinations by the Clearinghouse indicate whether an individual is eligible under the standards set forth in legislation. The hiring decision will continue to proceed according to your current policies.

If additional documentation is required, this timeline will extend in accordance with the applicant's submission of those documents. The Clearinghouse status for the applicant will be updated to *Screening in Process - Additional Information Requested from Applicant*, which will indicate staff have requested additional information. The Clearinghouse will generate email notifications to the (prospective) employer when there is a change in applicant status.

## DOE DQ List:

AHCA does not have access to the DOE Disqualifying List. Eligibility determinations made, are based solely on the criminal history. Schools will still need to do their due diligence and check the DQ List.

## Exemptions from Disqualification

Please continue with your current process when an employee has a disqualifying offense. If you are unsure of the process please reach out to your district's superintendent office.

If you choose to hire an individual with a disqualifying offense, please add information to the 'School Personnel Exception' section on the individual's Person Profile within the Clearinghouse Results Website. Once a record has been added you may then add the individual to your Employee/Contractor roster and receive any subsequent arrest hit notifications or renewal reminder notices. The employee will continue to show as 'Not Eligible' in the system. Exceptions are unique to each District and are not visible to other Districts.

## Errors in determination

If you believe there has been an error in the eligibility determination, the district or school can contact Clearinghouse support at the following email

[DOEBGS@AHCA.MyFlorida.com](mailto:DOEBGS@AHCA.MyFlorida.com), or call (850) 412-4700.

# Clearinghouse for Education FAQs

## Technically Speaking

### Livescan

There are over 2,000 Livescan locations across the state of Florida that are Clearinghouse compliant as well as locations in all 50 states.

If you conduct your own screenings, you should be able to use your current hardware and a camera, with only software updates to be Clearinghouse compliant.

The Livescan software is the same for all Livescan vendors, regardless of agency/ORI. Additional Information may be obtained through Livescan vendors.

### Camera and photo specifications

The law states that the photographs must be taken at the time of fingerprinting, therefore photos on file are not acceptable.

The timeline for updating photos is currently under consideration. Any requirements determined will be communicated at that time.

The Clearinghouse is moving toward compliance with SAP40 per the NIST guidelines. A 12-megapixel camera provides the lowest resolution that meets these criteria.

The full text is located here:

[Clearinghouse Livescan Web Service High Level Design](#)

### Volume

We will work with the districts and schools to determine the best process for handling the first round of fingerprinting, but the Clearinghouse is able to handle large quantities of screenings.

### ORIs

All 67 public school districts, charter schools, and specialty schools (university lab schools, Florida School for the Deaf and Blind, Florida Virtual School) will begin screening under the following statewide ORI numbers starting April 7<sup>th</sup>:

- EDOEPUBS0 – General employment
- EDOEPUBS1 – Teacher certification
- EDOEPUBS2 – Contractor/vendor

# Clearinghouse for Education FAQs

- VDOEPUBS3 – Volunteers

Public school districts will maintain access to FSSR for five years. Since all screenings from April 7<sup>th</sup> forward will be in the Clearinghouse, no contractors or vendors will be added to FSSR after that date. Agency Reviews can be initiated by other school districts employing the contractor/vendor in the Clearinghouse.

## Transition to the Clearinghouse

Once an individual has been screened into the Clearinghouse, they no longer need to be maintained in the current system and must be deleted in FALCON to not incur additional charges. Until all employees are in the Clearinghouse (on or before 6/30/2027), it will be necessary to maintain multiple systems for those not yet transitioned.

## Teacher Certification

An individual being screened for their teacher certification needs to be screened under the ORI – EDOEPUBS1. The eligibility for teacher certification does NOT mean that the individual has been certified. You must still check with FDOE to confirm the certification.

This eligibility result can also be used for employment as instructional personnel. An Agency Review for School Employment does NOT need to be requested.

DOE-Districts/Charters/Specialty Eligibility			
Type	Item	Eligibility Determination	Eligibility Determination Date
Employment	School Employment	Agency Review Required	
Employment	Teacher Certification	Eligible	03/19/2025
Employment	Restricted Contractors	Agency Review Required	

## Access to the full criminal history

The Clearinghouse allows Districts, Charter, and Specialty schools access to the state and national criminal history. The Florida Department of Law Enforcement (FDLE) is required by the Federal Bureau of Investigation (FBI) to ensure that entities are entitled to receive level-2 CJI.

The FBI has a number of regulations relating to the storage and dissemination of CJI. The FBI requires all personnel with access to CJI complete online Privacy and Security training. Agencies that have access to national CJI will be required to designate an employee as the Local Agency Security Officer (LASO). Among the LASO's responsibilities are:

# Clearinghouse for Education FAQs

- Ensuring that the agency is abiding by all requirements of the [FBI CJIS Security Policy](#).
- Establishing training profiles for personnel with access to CJI and ensuring they are completing the proper role of training.
- Representing the agency during an audit with the FBI or FDLE.

If you have any questions, please send them to [FDLEVECHS@fdle.state.fl.us](mailto:FDLEVECHS@fdle.state.fl.us).
