### **Meeting Summary**

---

---

The Agency is making decisions on the inpatient hospital DRG conversion process using a Governance Committee model. This committee has been formed and held its third meeting on October 9, 2012. The decisions that have been made are outlined below.

Decisions from October 9, 2012 meeting:

1. Agreed to examine what effect applying the IGT add-ons before calculating the outlier payment adjustment will have on the cost outlier pool;
2. Consider applying a service line policy adjustor to Obstetrics; and
3. Consider adjusting the provider policy adjustors for rehab, and long-term acute care (LTAC) providers from how they are currently addressed in simulation two.

The next Governance Committee meeting will be tentatively held the week of November 5, 2012.
