FLORIDA MEDICAID

A Division of the Agency for Health Care Administration

Florida Medicaid Health Care Alert

November 21, 2019

Provider Type(s): 39

Moratorium Extension – Behavior Analysis Provider Enrollment in Miami-Dade & Broward Counties

The Agency for Health Care Administration (Agency) has extended the temporary moratorium on enrollment of new behavior analysis (BA) group providers and individual providers practicing independent of a group in Miami-Dade and Broward counties.

The goal of the temporary moratorium is to fight fraud and safeguard taxpayer dollars, while ensuring patient access to care. Authority to impose such moratoria was included in the Affordable Care Act, and the Agency, with the approval of the Centers for Medicare and Medicaid Services, is exercising that authority at this time.

Individual rendering providers in Miami-Dade and Broward counties wishing to link to a BA group that is already enrolled in Florida Medicaid may continue to do so. The Agency will continue to accept new provider enrollment applications for individual rendering providers wishing to link to an existing BA group in these two counties.

The provider enrollment moratorium in Miami-Dade and Broward counties remains in effect for the enrollment of new behavior analysis group providers and individual providers practicing independent of a group.

To learn more about the provider enrollment process for behavior analysis services, please review the presentation materials on the Agency's [website](#).

For additional assistance, please contact a customer service representative at 1-800-289-7799, Option 4.
