Service Code	Description of Service	Unit of Service	Rate Per Unit	Staffing Requirements
H0022	<b>Alcohol and/or Drug Intervention Services:</b> This service is provided for the purpose of early identification of substance abuse problems and rapid linkage to needed services. The service is used to detect alcohol or other drug problems and to provide a brief intervention to arrest the progression of such problems, avoiding the need for more costly and intensive levels of treatment.	15 minutes	\$15.00	Services must be delivered by a substance abuse counselor under the supervision of a licensed practitioner of the healing arts or a master's level CAP.
H2015  H2015 HQ	<b>Comprehensive Community Support Services for Substance Abuse (Peer Recovery Support)</b> These services are designed to assist clients to strengthen and/or regain skills, to develop the environmental support necessary to help clients thrive in the community, and to aid clients in meeting life goals that promote recovery and resiliency. Services include substance abuse education, family/parenting guidance, life skills, anger/stress management, and support counseling. Services do not include meetings of Narcotics Anonymous, Alcoholics Anonymous, or other twelve-step programs.	15 minutes (Individual)  15 minutes (Group)	\$9.75  \$2.44	Services must be provided by an individual with a high school diploma and three years of direct service experience in a substance abuse or mental health treatment or recovery setting. The individual must possess competencies specific to the services provided. A Bachelor's degree in a health or human services field may substitute for two years of experience.
H2015 HN	<b>Comprehensive Community Support Services for Substance Abuse (Bachelors Degree Level) (Aftercare Services):</b> These are medically necessary clinical aftercare services directed toward individuals who have received and successfully completed substance abuse treatment and who require continued therapeutic services to maintain their recovery as they re-enter the community.	15 minutes	\$15.00	Services must be provided by a substance abuse counselor who has knowledge of existing support services within the community. Services must be supervised by a licensed practitioner of the healing arts or a master's level CAP.
