

Physician Surgical Fee Schedule  
Effective July 1, 2013

The fees in the "Base Fee" column below are reimbursed for services provided to adults age 21 and over.

For services provided to children under 21, there is a 4% increase over the adult fees. To calculate reimbursement for children's services, multiply the base fee by 1.04.

Example: For procedure code 10021, \$81.11 (base fee) X 1.04 = \$84.35.

In addition to the 4% increase noted above, the following physician specialty types receive a 24% increase for services provided to children under 21: 02, 03, 04, 05, 08, 10, 14, 15, 17, 21, 22, 23, 29, 30, 31, 36, 37, 38, 39, 43, 46, 51, 53, 55, 57, 58, 60, 62. To calculate the specialty fee, multiply the base fee by 1.04, as noted above for children, and then multiply that result by 1.24. Example: For code 10021, the fee is \$81.11 X 1.04 = \$84.35 X 1.24 = \$104.60 (specialty fee).

Fees below are rounded to the nearest hundredth.

\* Reimbursement increases noted above do not apply to the following services: Regional Perinatal Intensive Care Center services (RPICC); injectable medications/immunization/vaccinations; supplies; devices ; and laboratory/pathology services.

Note: The Facility Fee is reimbursement for a procedure performed in the inpatient hospital, outpatient hospital, emergency department, and ambulatory surgical center settings. These fees are also subject to 4% and 24% increases in the manner noted above for services provided to a child under 21.
