

Physician Evaluation and Management Fee Schedule  
Effective: January 1, 2015

The fees in the "Base Fee" column below are reimbursed for services provided to adults age 21 and over.

For services provided to children under 21, there is a 4% increase over the adult fees. To calculate reimbursement for children's services, multiply the base fee by 1.04. Example: For procedure code 99201, \$31.20 (base fee) X 1.04 = \$32.45.

The following physician specialty types receive a 24% increase for services provided to children under 21: 02, 03, 04, 05, 08, 10, 14, 15, 17, 21, 22, 23, 29, 30, 31, 36, 37, 38, 39, 43, 46, 51, 53, 55, 57, 58, 60, 62. When the criteria are met and the 4% and 24% are both applicable, to calculate the specialty fee, multiply the base fee by 1.04, as noted above for children, and then multiply that result by 1.24. Example: For code 99201, the fee is \$31.20 X 1.04 = \$32.45 X 1.24 = \$40.24 (specialty fee).

For CPT codes in the range of 99201-99496, an additional 10.2% increase will apply for services provided by the following physician specialty types: 01, 19, 23, 35, 36, 37, 38, 39, 43, 49, 59, 101, 102. When all criteria in each section are met, and the 4%, 24% and 10.2% are applicable, to calculate the specialty fee for those certain pediatrician specialty codes, multiply the base fee by 1.04, then multiply that result by 1.24, and then multiply that result by 1.102. Example: For code 99201, the fee is \$31.20 X 1.04 = \$32.45 X 1.24 = \$40.24 X 1.102 = \$44.34 (pediatrician specialty fee).

Fees below are rounded to the nearest hundredth.

Only certain modifiers are listed on these fee schedules for pricing purposes. Other modifiers used for billing with these codes are defined in the Florida Medicaid Coverage and Limitations Handbooks, and are allowable as appropriate, using correct coding principles.

\* Reimbursement increases noted above do not apply to the following services: Regional Perinatal Intensive Care Center services (RPICC); injectable medications/immunization/vaccinations; supplies; devices ; and laboratory/pathology services.

\*\* The following rates are for primary care evaluation and management services provided to recipients of ages 00-19: 99212 = 1 unit at \$26.45; 99213 = 1 unit at \$32.56; and 99214 = 1 unit at \$48.27.
