

Physician Surgical Fee Schedule
Effective January 1, 2015

The fees in the "Base Fee" column below are reimbursed for services provided to adults age 21 and over.

For services provided to children under 21, there is a 4% increase over the adult fees. To calculate reimbursement for children's services, multiply the base fee by 1.04.

Example: For procedure code 10021, \$81.11 (base fee) X 1.04 = \$84.35.

In addition to the 4% increase noted above, the following physician specialty types receive a 24% increase for services provided to children under 21: 02, 03, 04, 05, 08, 10, 14, 15, 17, 21, 22, 23, 29, 30, 31, 36, 37, 38, 39, 43, 46, 51, 53, 55, 57, 58, 60, 62. To calculate the specialty fee, multiply the base fee by 1.04, as noted above for children, and then multiply that result by 1.24. Example: For code 10021, the fee is \$81.11 X 1.04 = \$84.35 X 1.24 = \$104.60 (specialty fee).

Only certain modifiers are listed on these fee schedules for pricing purposes. Other modifiers used for billing with these codes are defined in the Florida Medicaid Coverage and Limitations Handbooks, and are allowable as appropriate, using correct coding principles.

Fees below are rounded to the nearest hundredth.

* Reimbursement increases noted above do not apply to the following services: Regional Perinatal Intensive Care Center services (RPICC); injectable medications/immunization/vaccinations; supplies; devices ; and laboratory/pathology services.

Note: The Facility Fee is reimbursement for a procedure performed in the inpatient hospital, outpatient hospital, emergency department, and ambulatory surgical center settings.
