

Physician Surgery Services Fee Schedule
Effective March 2, 2009

Procedure codes listed below with amounts in the PC Fee columns have separate fees based on the site of service.

The PC fees represent reimbursement when the procedure is performed in the inpatient hospital, outpatient hospital, emergency department, and ambulatory surgical center settings. This reimbursement is based on facility RVU's.

Procedure codes 59410, 59515, 59614, and 59622 may be reimbursed at a higher rate if appropriately billed with a high-risk diagnosis code as indicated in Appendix B of the Physician Services Coverage and Limitations Handbooks. Rates for these high-risk deliveries can be found in rows marked with an asterisk (*) next to the procedure code.

For services provided to children under the age of 21, reimbursement is increased by 4%. The exceptions are: RPICC, NCG, OBCG, injectable medications, supplies, devices, and laboratory/pathology services.

The following specialty types will receive a 24% fee increase in addition to the above mentioned 4% fee increase for services provided to children under age 21:

002, 003, 004, 005, 008, 010, 014, 015, 017, 020, 021, 022, 023, 029, 030, 031, 036, 037, 038, 043, 046, 051, 053, 055, 057, 058, 060, 062
