Encounter Notification Service Virtual Panel Discussion for Primary Care Providers

Are you interested in improving care coordination, reducing readmissions, or improving patient satisfaction? If so, please join us on October 21 at 12:00 p.m. for a webinar to learn more about the Florida HIE Encounter Notification Service (ENS) for Primary Care Providers.

ENS provides subscribers with timely notifications about their member or patient's healthcare encounters. Information about a visit (including demographic information, information on the source facility, and primary complaint) is securely sent via the subscriber's preferred method and schedule. This service offers the opportunity for subscribers to better engage in transition of care management and care coordination to ensure proper follow-up care is received.

Please register at: <https://attendee.gotowebinar.com/register/8603717380060577549>

After registering, you will receive a confirmation email containing information about joining the webinar.
