

ATTACHMENT II
EXHIBIT II-C – Effective Date: July 15, 2015
SERIOUS MENTAL ILLNESS SPECIALTY PLAN

The provisions in Attachment II and the MMA Exhibit apply to this Specialty Plan, unless otherwise specified in this Exhibit.

Section I. Definitions and Acronyms

A. Definitions

Serious Mental Illness – General descriptor for one, or a combination of the following conditions: Psychotic disorders, bipolar disorder, major depression, schizo-affective disorder, delusional disorder, obsessive-compulsive disorder.

B. Acronyms

SMI – Serious Mental Illness

Section II. General Overview

In accord with the order of precedence listed in Attachment I, any additional items or enhancements listed in the Managed Care Plan's response to the Invitation to Negotiate are included in this Exhibit by this reference.

Section III. Eligibility and Enrollment

A. Eligibility

1. Specialty Population Eligibility Criteria

- a. The specialty population eligible to enroll in this Specialty Plan shall consist of only those mandatory and voluntary recipients specified in Attachment II and its Exhibits who meet the following criteria:

- (1) Diagnosed with an SMI, as defined in this Exhibit.

B. Enrollment

1. Specialty Plan-Specific Claims-Based Population Identification

- a. The Agency shall identify the specialty population eligible for enrollment in the Specialty Plan through an Agency-approved SMI algorithm.
- b. The SMI algorithm data elements include:

- (1) SMI diagnosis codes; and

- (2) List of medications used to treat SMI.
- c. The Agency may revise the SMI algorithm as needed to update the process of identifying recipients with an SMI. The Agency shall conduct a review of the SMI algorithm on at least an annual basis. The Specialty Plan shall collaborate with the Agency in such reviews and provide consultation to the Agency regarding revisions to data elements upon request.

2. Specialty Plan-Specific Verification of Eligibility

- a. The Specialty Plan shall have policies and procedures, subject to Agency approval, to verify the specialty population eligibility criteria of each enrolled recipient. The Specialty Plan shall submit policies and procedures regarding screening for specialty population eligibility prior to implementation of such policies and procedures.
- b. Policies and procedures regarding screening for specialty population eligibility must include:
 - (1) Timeframes for verification of specialty population eligibility criteria;
 - (2) Mechanisms for reporting the results of specialty population eligibility screening to the Agency;
 - (3) Mechanisms for submitting disenrollment requests for enrollees that do not meet specialty population eligibility criteria; and
 - (4) Such other verifications, protocols, or mechanisms as may be required by the Agency to ensure enrolled recipients meet defined specialty population eligibility criteria.
- c. The Specialty Plan may develop and implement, subject to Agency approval, policies and procedures to screen recipients meeting the Specialty Plan eligibility criteria and who have not been identified by Agency. The Agency may enroll such recipients upon receipt of verification pursuant to the screening requirements specified above.

C. Disenrollment

The Specialty Plan shall submit involuntary disenrollment requests to the Agency or its designee, in a format and timeframe prescribed by the Agency, for each enrollee that does not meet the Specialty Plan eligibility criteria, pursuant to the specialty population screening requirements specified above.

D. Marketing

The Specialty Plan shall develop and implement, subject to Agency approval, policies and procedures that ensure the confidentiality of recipients diagnosed with an SMI in the conduct of any marketing activities pursuant to Attachment II and its Exhibits.

Section IV. Enrollee Services and Grievance Procedures

A. Enrollee Materials

The Specialty Plan shall develop and implement, subject to Agency approval, policies and procedures that ensure the confidentiality of enrollees diagnosed with an SMI in the distribution of all enrollee materials pursuant to Attachment II and its Exhibits.

B. Enrollee Services

There are no additional enrollee services provisions unique to the Specialty Plan.

C. Grievance System

There are no additional grievance system provisions unique to the Specialty Plan.

Section V. Covered Services

A. Required Benefits

There are no additional required benefits provisions unique to the Specialty Plan.

B. Expanded Benefits

1. Specialty Plan-Specific Expanded Benefits

- a. In addition to the minimum covered services set forth in Attachment I, the Specialty Plan shall offer an Intensive Outpatient Therapy expanded benefit in accordance with the provisions of Attachment II and its Exhibits.

C. Excluded Services

There are no additional excluded services provisions unique to the Specialty Plan.

D. Coverage Provisions

There are no additional coverage provisions unique to the Specialty Plan.

E. Care Coordination/Case Management

1. Care Coordination/Case Management Program Description

- a. In addition to the provisions set forth in Attachment II and Exhibits, the Specialty Plan shall provide care coordination/case management to enrollees appropriate to the needs of persons meeting the Specialty Plan eligibility criteria. The Specialty Plan shall develop, implement and maintain an Agency-approved care coordination/case management program specific to the specialty population.

- b. The Specialty Plan shall submit a care coordination/case management program description annually to the Agency, at a date specified by the Agency. The care coordination/case management program description shall, at a minimum, address:
- (1) The organization of care coordination/case management staff, including the role of qualified and trained nursing, social work, pharmacy, and behavioral health personnel in case management processes;
 - (2) Maximum caseload for case managers with an adequate number of qualified and trained case managers to meet the needs of enrollees;
 - (3) Case manager selection and assignment, including protocols to ensure new enrollees are assigned to a case manager immediately;
 - (4) Protocols for initial contact with enrollees, as well as requirements for the frequency and type of ongoing minimum contacts with enrollees;
 - (5) Surrogate decision-making, including protocols if the enrollee is not capable of making his/her own decisions, but does not have a legal representative or authorized representative available;
 - (6) Outreach programs that make a reasonable effort to locate and/or re-engage enrollees who have not received follow-up care for ninety (90) days or more;
 - (7) Enrollee access to case managers, including provisions for access to back-up case managers as needed;
 - (8) Assessment and reassessment of the acuity level and service needs of each enrollee;
 - (9) Care planning for mental health treatment that is tailored to the individual enrollee and is in agreement with evidenced based guidelines for mental health treatment;
 - (10) Coordination of care through all levels of practitioner care (primary care to specialist);
 - (11) Monitoring compliance with scheduled appointments, laboratory results and medication adherence;
 - (12) Coordination with and referrals to providers of behavioral health services for enrollees with co-occurring mental health and/or substance abuse disorders;
 - (13) Interventions to avoid unnecessary use of emergency departments, inpatient care, and other acute care services;
 - (14) Patient education to assist enrollees in better management of their health issues including the principles of recovery and resiliency.
 - (15) Linking enrollees to community or other support services.

- c. The Specialty Plan shall coordinate services with DCF, Florida Assertive Community Teams, and any other public or private organizations that provide services to the specialty plan population to ensure effective program coordination and no duplication of services. The Specialty Plan's care coordination/case management program description must include protocols and other mechanisms for accomplishing such program coordination. The Specialty Plan shall collaborate with the Agency and DCF to develop such protocols and other mechanisms as may be required for effective program coordination.

2. Care Coordination/Case Management Staff Qualifications

- a. The Specialty Plan shall have sufficient care coordination/case management staff, qualified by training, experience and certification/licensure applicable to the Specialty Plan population.
- b. The Specialty Plan shall establish, subject to Agency approval, qualifications for all care coordination/case management staff that include clinical training, licensure and a minimum number of years of relevant experience. The Specialty Plan may request a waiver for staff without the aforementioned qualifications on a case-by-case basis. All such waivers must be approved in writing by the Agency.

3. Case Management Supervision

The Specialty Plan shall establish a supervisor-to-case-manager ratio that is conducive to a sound support structure for case managers. Supervisors must have adequate time to train and review the work of newly hired case managers as well as provide support and guidance to established case managers. A system of internal monitoring of the case management program, to include case file audits and reviews of the consistency of enrollee assessments and service authorizations, must be established and applied, at a minimum, on a quarterly basis. The results of this monitoring, including the development and implementation of continuous improvement strategies to address identified deficiencies, must be documented and made available to the Agency upon request.

4. Care Coordination/Case Management and Staff Training

- a. The Specialty Plan shall provide all care coordination/case managers with adequate orientation and ongoing training on subjects relevant to enrollees diagnosed with SMI. The Specialty Plan shall develop a training plan to provide uniform training to all care coordination/case management. This plan should include formal training classes as well as practicum observation and instruction for newly hired staff.
- b. The Specialty Plan shall provide all newly hired care coordination/case management staff orientation and pre-service training covering areas applicable to responsibilities and duties performed.
- c. In addition to review of areas covered in orientation, the Specialty Plan shall also provide all care coordination/case management staff with regular ongoing in-service training on topics relevant to enrollees diagnosed with an SMI.

- d. The Specialty Plan shall maintain documentation of training dates and staff attendance as well as copies of materials used for orientation, pre-service and in-service training for care coordination/case management staff.

F. Quality Enhancements

There are no additional quality enhancements provisions unique to the Specialty Plan.

Section VI. Provider Network

A. Network Adequacy Standards

1. Specialty Plan-Specific Network Capacity Enhancements

- a. The Specialty Plan shall select and approve its Primary Care Providers (PCPs) that practice in one of the following areas: general practice, family practice, pediatrics, obstetricians, and internal medicine. The Specialty Plan shall ensure that physicians with training and demonstrated experience in treating persons diagnosed with SMI are members of the provider network and can be designated as PCPs. The Specialty Plan may designate psychiatrists with training and demonstrated experience in primary care as PCPs.
- b. Notwithstanding the Provider Network Standards established in Attachment II, Section VI, Provider Network and Exhibits, the Specialty Plan shall, at a minimum, maintain enhanced provider ratios as indicated in the table below for the Specialty Plan:
