

Assistive Care SERVICES IN STATEWIDE MEDICAID MANAGED CARE

Assistive Care Services (ACS) are an integrated set of 24-hour services only for eligible Medicaid recipients. The assistive care service is a required service in the Statewide Medicaid Managed Care program under both the Long-term Care program and the Managed Medical Assistance program.

Recipients must be Medicaid eligible and meet certain functional criteria to receive Assistive Care Services.

Medicaid Long-term Care Program Enrollees*

Funding: Long-term Care Plan.

Provided in:

- Adult Family Care Homes
- Assisted Living Facilities**

* *Level of Care Required.*

** *Assistive Care Services are rolled into Assisted Living Services and are no longer separate.*

Medicaid Recipients Enrolled in Managed Medical Assistance but Not Long-term Care

Funding: Managed Medical Assistance Plan.

Provided in:

- Assisted Living Facilities
- Adult Family Care Homes
- Residential Treatment Facilities
