Elizabeth Dudek, Secretary Agency for Health Care Administration 2727 Mahan Drive Tallahassee, Florida 32308

Dear Secretary Dudek:

In accordance with Internal Auditing Standards, attached is the twelve month status report from the Bureau of Support Services in response to our report #12-05 Enterprise Wide Audit of Contract Monitoring, published on March 15, 2012.

Our follow-up review determined that corrective action is still in progress for two of our four recommendations. The Bureau has drafted an Agency Agreement policy which is currently being routed for approval. The Bureau is also in the process of reviewing its policies and procedures to ensure policies are current and forms are updated. A detailed description of the issues, recommendations, and management's response can be found in the attached table. We will schedule another follow-up review in six months to assess the efforts taken by the Bureau to correct all open issues.

If you have any questions regarding this status report, please let me know.

Respectfully Submitted,

Eric W. Miller Inspector General

EWM/szg Enclosure

2	Contract closeout procedures are not specifically defined and documented.	The Contract Manager Desk Reference states the responsibilities of contract managers, but does not specifically identify contract closeout procedures other than completing an evaluation of the vendor's performance. Providing Agency contract managers with specific contract closeout procedures will help ensure that the contract is properly closed and that no objectives and deliverables were missed prior to closing out the contract. Contract closeout procedures will also assist with ensuring the completeness of the Agency contract file.	We recommend the Contract Administration unit update the contract closeout section of the Contract Manager Desk Reference. This section should include additional guidance to contract managers for ensuring proper closeout of Agency contracts.	Status as of September 20, 2012 Complete Status as of March 15, 2012 The contract closeout section of the Contract Manager Desk Reference has been updated to include additional contract closeout items and instructions. Contract closeout will also be covered in upcoming Contract Manager Training.	N/A	N/A
